First World War this is a story that so far has never been told The 18th Battalion Middlesex Regiment were not infantry men whose primary job was to go over the top at the start or during battle Nor were they deployed behind the lines away from the action with the generals and base camp workers They had a different job to build the infrastructure necessary to prosecute the war These miners pals played a vital role in the war They dug and drained trenches wired No Man s Land mined under enemy lines made and repaired roads filled in craters constructed dug outs stock piled ammunition built and improved billets fetched and carried kept open communications with the front made and repaired railways built and demolished bridges gassed the enemy picquetted rods and held the front line If a job needed doing they did it no matter where when or how dangerous At times they fought back the Germans with only their picks and shovels and in High Wood at the height of the Battle of the Somme they were deployed to fight the enemy at bayonet point By this amongst other events the 18th Battalion earned the right to use the Middlesex Regiment nickname die hards A Miners Pals Battalion at War is written in diary form based on the 18th Middlesex Battalion War Diary and the 33rd Division War Diary Volume 1 covers August 1914 June 1917 with Volume 2 continuing the entries from July 1917 to January 1919 There are many accounts of the bravery of members of the battalion recording biographical details of each soldier including the cemetery where they are buried or memorial where they are honoured The book is a goldmine of information laden with incidents from the war and facts that have been cross checked and verified It is a fascinating read for anyone looking for an untold aspect of WWI **Soldiers Died in the Great**

Great War Timothy Bowman,2013-07-19 The British army was almost unique among the European armies of the Great War
 in that it did not suffer from a serious breakdown of discipline or collapse of morale It did however inevitably suffer from
 disciplinary problems While attention has hitherto focused on the 312 notorious shot at dawn cases many thousands of
 British soldiers were tried by court martial during the Great War This book provides the first comprehensive study of
 discipline and morale in the British Army during the Great War by using a case study of the Irish regular and Special Reserve
 batallions In doing so Timothy Bowman demonstrates that breaches of discipline did occur in the Irish regiments but in most
 cases these were of a minor nature Controversially he suggests that where executions did take place they were militarily
 necessary and served the purpose of restoring discipline in failing units Bowman also shows that there was very little support
 for the emerging Sinn Fein movement within the Irish regiments This book will be essential reading for military and Irish
 historians and their students and will interest any general reader concerned with how units maintain discipline and morale
