Soldiers Politician The Memoirs Of Lt:

The Politics of Command John Nelson Rickard, 2010-01-01 In December 1943 Lieutenant General A G L McNaughton resigned from command of the 1st Canadian Army amidst criticism of his poor generalship and of his abrasive personality. Despite McNaughton's importance to the Canadian Army during the first four years of the Second World War, little has been written about the man himself or the circumstances of his resignation. In *The Politics of Command*, the first full-length study of the subject since 1969, John Nelson Rickard analyzes McNaughton's performance during exercise SPARTAN in March 1943 and assesses his relationships with key figures such as Sir Alan F. Brooke, Bernard Paget, and Harry Crerar. This detailed re-examination of McNaughton's command argues that the long-accepted reasons for his relief of duty require extensive modification. Based on a wide range of sources, *The Politics of Command* will redefine how military historians and all Canadians look not only at Andy McNaughton but the Canadian Army as well. *The Weight of Command* J.L.

Granatstein, 2016-08-01 Three quarters of a century after the Second World War, almost all the participants are gone. This book contains interviews with and about the Canadian who led the troops during that war. Edited and introduced by one of the foremost military historians of our time, this carefully curated collection brings to life the generals and their wartime experiences. The interviews are based on lengthy conversations that J. L. Granatstein had with the surviving generals, their key staff officers, fighters under their command, and their families. Generals McNaughton, Crerar, Simonds, Foulkes, and Burns are among those discussed. The content is revealing, and conversations, frank. Peers and subordinates alike scrutinize key commanders of the war, sometimes offering praise but often passing harsh judgment. We learn of their failings and successes and of the heavy weight of command borne by all. *A Thoroughly Canadian General* Paul Douglas Dickson, 2007-01-01

General H. D. G. Harry Crerar, 1888-1965, was involved in or directly responsible for many of the defining moments of Canadian military history in the twentieth century. In the First World War, Crerar was nearly killed at the second battle of Ypres; was a gunner who helped to secure victory at Vimy Ridge; and was a senior staff officer during the pivotal battles of the last Hundred Days. During the Second World War, he occupied and often defined the Canadian army's senior staff and operational appointments, including his tenure as commander of the First Canadian Army through the northwest European campaign. Despite his pivotal role in shaping the Canadian army, however, General Crerar has been long overlooked as a subject of biography. In *A Thoroughly Canadian General*, Paul Douglas Dickson examines the man and his controversial place in Canadian military history, arguing that Crerar was a nationalist who saw the army as an instrument to promote Canadian identity and civic responsibility. From his days as a student at the Royal Military College in Kingston to his role as primary architect of the First Canadian Army, the career of General H. D. G. Crerar is thoroughly examined with a view to considering and reinforcing his place in the history of Canada and its armed forces. *Political Memoir* George W. Egerton, 1994 Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the

revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter

People, Politics, and Purpose Greg Donaghy, P. Whitney Lackenbauer, 2023-02-15 Biography is not on the periphery of history but in the middle of it historian Peter Waite astutely remarked People Politics and Purpose brings the historian's myriad tools to bear on Canadians from prime ministers to lumberjacks to Indigenous leaders Drawing on the rich details of biography the what the contributors also address the larger questions of motivation the so what that drive history In the process they prove the value of analyzing both macro and micro dynamics within Canadian politics and society to illuminate the roles of political actors As such the biographies in People Politics and Purpose are not simply stories about the lives of individuals but critical reflections on subjects who are directly involved in and affected by politics in Canada This book makes for lively reading that stimulates fresh thinking about political biography and the direction of political history more generally

[The Autobiography of Lieutenant-General Sir Harry Smith, Baronet of Aliwal on the Sutlej, G.C.B](#) Sir Harry George Wakelyn Smith, 2019-12-02 In The Autobiography of Lieutenant General Sir Harry Smith Baronet of Aliwal on the Sutlej G C B Sir Harry Smith offers a vivid and meticulous account of his military career during the British colonial expansion in India and beyond Written with a reflective tone the narrative combines personal anecdotes with vivid descriptions of historical battles providing readers with insight into the complexities of 19th century imperial warfare Smith's literary style characterized by a robust and descriptive prose situates his experiences within the larger context of British military history as he recounts significant events such as the First Anglo Sikh War and his role in the Punjab campaign The autobiography serves not only as a personal recollection but also as a historical document illuminating the conflicts and character of the era Sir Harry Smith born in 1787 was a prominent British officer whose military life was shaped by his early experiences in the Napoleonic Wars and his subsequent service in various colonies His leadership at critical engagements earned him numerous accolades reflecting his integral role in British military history Growing up during a time of colonial ambition Smith's personal journey infused with passion for duty and loyalty compelled him to chronicle his illustrious career for posterity This autobiography is recommended for readers interested in military history particularly the British Empire's evolution in the 19th century Smith's firsthand accounts provide exceptional insights into leadership conflict and the impacts of colonialism His unique perspective will appeal to historians military enthusiasts and those seeking a deeper understanding of a pivotal time in British Imperial history In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work's timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era's events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of

literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Zombie Army Daniel Byers,2016-07-21 *Zombie Army* tells the story of Canada s Second World War military conscripts reluctant soldiers pejoratively referred to as zombies for their perceived similarity to the mindless movie monsters of the 1930s As Byers argues although conscripts were only liable for home defence they also soon came to be a steady source of recruits for active duty overseas While Canadian generals were criticized for championing an overseas army too large to maintain through voluntary enlistment leading inevitably to calls to send conscripts to Europe until now there has been little satisfactory explanation for why military leaders pushed for and why politicians accepted such a sizeable overseas force In the first full length book on the subject in almost forty years Byers combines underused and newly discovered records to argue that although conscripts were only liable for home defence they soon became a steady source of recruits from which the army found volunteers to serve overseas He also challenges the traditional nationalist dominated impression that Quebec participated only grudgingly in the war

John M. Schofield and the Politics of Generalship Donald B. Connelly,2006 In the first full biography of Lieutenant General John McAllister Schofield 1831 1906 Donald Connelly examines the career of one of the leading commanders in the western theater during the Civil War and the role of politics in the formulation of milita

Oil, Politics and Violence Max Siollun,2009 An insider traces the details of hope and ambition gone wrong in the Giant of Africa Nigeria Africa s most populous country When it gained independence from Britain in 1960 hopes were high that with mineral wealth and over 140

million people the most educated workforce in Africa Nigeria would become Africa's first superpower and a stabilizing democratic influence in the region However these lofty hopes were soon dashed and the country lumbered from crisis to crisis with the democratic government eventually being overthrown in a violent military coup in January 1966 From 1966 until 1999 the army held onto power almost uninterrupted under a succession of increasingly authoritarian military governments and army coups Military coups and military rule which began as an emergency aberration became a seemingly permanent feature of Nigerian politics The author names names and explores how British influence aggravated indigenous rivalries He shows how various factions in the military were able to hold onto power and resist civil and international pressure for democratic governance by exploiting the country's oil wealth and ethnic divisions to its advantage Publisher's description

[The Abongo Abroad](#) John V. Clune, 2017-07-19 Blending African social history with US foreign relations John V Clune documents how ordinary people experienced a major aspect of Cold War diplomacy The book describes how military sponsored international travel especially military training abroad and United Nations peacekeeping deployments in the Sinai and Lebanon altered Ghanaian service members and their families during the three decades after independence in 1957 Military assistance to Ghana included sponsoring training and education in the United States and American policymakers imagined that national modernization would result from the personal relationships Ghanaian service members and their families would forge As an act of faith American military assistance policy with Ghana remained remarkably consistent despite little evidence that military education and training in the United States produced any measurable results Merging newly discovered documents from Ghana's armed forces and declassified sources on American military assistance to Africa this work argues that military sponsored travel made individual Ghanaians' outlooks on the world more international just as military assistance planners hoped they would but the Ghanaian state struggled to turn that new identity into political or economic progress

[The Saturday Review of Politics, Literature, Science, Art, and Finance](#), 1896 *The Irish Monthly Magazine of Politics and Literature*. ... , 1833

An American Profession of Arms William B. Skelton, 1992 Following the formation of a regular army in 1784 a popular distrust of military power and the generally unsettled nature of national administration kept the army in a continual state of fluctuation both in terms of organisation and size Few officers were making a long term commitment to military service But by 1860 a professional army career was becoming a way of life In that year 41.5 percent of officers had served 30 years compared to only 2.6 percent in 1797

Atlantic Politics, Military Strategy and the French and Indian War Richard Hall, 2016-06-28 1755 marked the point at which events in America ceased to be considered subsidiary affairs in the great international rivalry that existed between the colonial powers of Great Britain and France This book examines the Braddock Campaign of 1755 a segment of the wider Braddock Plan that aimed to drive the French from all of the contested regions they occupied in North America Rather than being an archetypal military history styled analysis of General Edward Braddock's foray into the Ohio Valley this work will argue that British defeat at the

infamous Battle of the Monongahela should be viewed as one that ultimately embodied military political and diplomatic divergences and weaknesses within the British Atlantic World of the eighteenth century These factors in turn hinted at growing schisms in the empire that would lead to the breakup of British North America in the 1770s and the birth of the future United States Such an interpretation moves away from the conclusion so often advanced that Braddock's Defeat was a distinctly and principally British martial catastrophe hence allowing the outcome of this pivotal event in American history to be understood in a different vein than has hitherto been apparent

As recognized, adventure as competently as experience not quite lesson, amusement, as without difficulty as settlement can be gotten by just checking out a ebook **Soldiers Politician The Memoirs Of Lt** next it is not directly done, you could allow even more with reference to this life, approximately the world.

We come up with the money for you this proper as with ease as simple habit to acquire those all. We find the money for Soldiers Politician The Memoirs Of Lt and numerous ebook collections from fictions to scientific research in any way. accompanied by them is this Soldiers Politician The Memoirs Of Lt that can be your partner.
