

The background of the book cover is a faded, sepia-toned illustration of a historical interior, likely a poorhouse or workhouse. It shows several people, including men, women, and children, seated at long tables. The tables are cluttered with various items like bowls, plates, and papers. The architecture features large windows and wooden paneling, creating a somber and institutional atmosphere.

The Working Class at Home, 1790-1940 Joseph Harley,Vicky Holmes,Laika Nevalainen,2022-02-17 This book examines life in the homes inhabited by the working class over the long nineteenth century These working class homes are often imagined as distinctly unhomely spaces which the inhabitants struggled to fill with even the most basic of furniture let alone acquire the comforts associated with middle class domestic space The concerned reformers of industrialising towns and cities painted a picture of severe deprivation of rooms that were both cramped yet bare at the same time and disease ridden spaces from which their subjects required rescue It is an image which is not only inadequate but which also robs working class people of their agency in creating domestic spaces which allowed for the expression of personal and familial feeling Bringing together emerging scholars who challenge these ideas and using a range

of innovative sources and approaches this edited collection presents a new understanding of working class homes The Removal of Irish Paupers from Britain Lewis Darwen,Donald MacRaild,2024-11-29 During the nineteenth century local officials sought to deal with their Irish pauper problem by removing these poor migrants back to Ireland under the laws of settlement and removal Over the course of the century hundreds of thousands of Irish paupers were forcibly repatriated in this way Even though the settlement rights of Irish immigrants gradually improved over time removals were still taking place into the twentieth century The system was widely recognised as being cruel and unfair especially in Ireland where the removal of Irish paupers from Britain garnered considerable political and press attention Much was made of the illegality of some removals and of harsh removals involving widowed women children and the elderly This book which is the first sustained study of repatriation from Britain demonstrates a persistent theme the marginal nature of Irish life on the larger island Drawing on extensive research from newspaper sources and parliamentary papers it presents an original and richly detailed perspective on Irish immigration poverty and pauperism in nineteenth century Britain **Work and Unemployment 1834-1911** Marjorie Levine-Clark,2022-06-16 This volume explores questions surrounding what types of assistance were available to people out of work and who should receive that assistance during the nineteenth century Documents on the Poor Law voluntary organizations and work relief schemes all demonstrate how central the work imperative was in the ways officials decided which applicants for assistance were deserving and which were not Sources address many of the significant issues surrounding local relief to the unemployed the growing influence of methodical approaches to charitable giving and the use of measures of character embedded in the work imperative to choose worthy men to relieve Accompanied by extensive editorial commentary this volume will be of great interest to students of British History
