**Mary Annette (Beauchamp) Countess
von Arnim**

Solitary Summer:

The Solitary Summer Elizabeth Von Arnim, 2007-10-01 Hailed as one of the three finest wits of her day the Countess Elizabeth von Arnim cemented her literary reputation with this companion work to her extraordinarily popular first novel the semi autobiographical *Elizabeth and Her German Garden* also available from Cosimo Classics First published in 1899 this is a proto feminist account of one woman's attempt to carve out of a space of her own away from the husband she only half jokingly refers to as her Man of Wrath in the rambling gardens of the family's country estate By turns bitingly satirical and achingly lovely this will delight fans of von Arnim's friends and fellow writers E M Forster and Katherine Mansfield British novelist ELIZABETH VON ARNIM 1866 1941 is also the author of *Enchanted April*

The Solitary Summer Elizabeth Von Arnim, 2007-06 The *Solitary Summer* written by author Elizabeth Von Arnim is a companion to her popular *Elizabeth and Her German Garden* In *The Solitary Summer* she focuses on a summer filled with rejuvenation in the midst of a search for finding identity and meaning in her life Successful in life with marriage and children the main character finds that she need to find herself as she feels a large void in her life This is an excellent book for those who are fans of the works of Elizabeth Von Arnim and for individuals who have read *Elizabeth and Her German Garden*

The Solitary Summer, by Elizabeth Von Arnim Elizabeth Arnim, 2016-04-05 This delightful companion to the famous *Elizabeth and Her German Garden* is a witty lyrical account of a rejuvenating summer Descriptions of magnificent larkspurs and burning nasturtiums give way to those of cooling forest walks and of clambering up the mud bank when the miller is not in view Rainy days prompt a little philanthropy until the sun returns the gardener to the refuge of her beloved plants Yet the months are not as solitary as she'd planned there's the Man of Wrath to pacify and the April May and June babies to amuse Here with the pleasing astringency for which she is noted Elizabeth von Arnim returns to the heroine and the garden she immortalized
