Sino Russian Relations:

A History of Sino-Russian Relations Tien Fong Cheng, 2012-09-01 *A History of Sino-Russian Relations* Tien-fong Cheng, Tianfang Cheng, 1957 *Sino-Russian Relations* Gilbert Rozman, 1997 **The Future of China-Russia Relations** James Bellacqua, 2010-09-12 Relations between China and Russia have evolved dramatically since their first diplomatic contact particularly during the twentieth century During the past decade China and Russia have made efforts to strengthen bilateral ties and improve cooperation on a number of diplomatic fronts The People's Republic of China and the Russian Federation maintain exceptionally close and friendly relations strong geopolitical and regional cooperation and significant levels of trade In The Future of China Russia Relations scholars from around the world explore the current state of the relationship between the two powers and assess the prospects for future cooperation and possible tensions in the new century The contributors examine Russian and Chinese perspectives on a wide range of issues including security political relationships economic interactions and defense ties This collection explores the energy courtship between the two nations and analyzes their interests and policies regarding Central Asia the Korean Peninsula and Taiwan *Russia and China* Michal Lubina, 2017-10-23 This book depicts the sophisticated relationship between Russia and China as a pragmatic one a political marriage of convenience Yet at the same time the relationship is stable and will remain so After all bilateral relations are usually based on pragmatic interests and the pursuit of these interests is the very essence of foreign policy And as often happens in life the most long lasting marriages are those based on convenience The highly complex complicated ambiguous and yet indeed successful relationship between Russia and China throughout the past 25 years is difficult to grasp theoretically Russian and Chinese elites are hard core realists in their foreign policies and the neorealist school in international relations seems to be the most adequate one to research Sino Russian relations Realistically throughout this period China achieved a multidimensional advantage over Russia Yet simultaneously Russia China relations do not follow the patterns of power politics Beijing knows its limits and does not go into extremes Rather China successfully seeks to build a longterm stable relationship based on Chinese terms where both sides gain albeit China gains a little more Russia in this agenda does not necessary lose just gains a little less out of this asymmetric deal Thus a new model of bilateral relations emerges which may be called by paraphrasing the slogan of Chinese diplomacy as asymmetric win win formula This model is a kind of back to the past a contemporary equivalent of the first model of Russia China relations the modus vivendi from the 17th century achieved after the Nerchinsk treaty **Russia and China. Allies or Competitors?** Maximilian Mai, 2015-04-08 Seminar paper from the year 2014 in the subject Politics Region Far East grade 1.0 Martin Luther University Institut für Politikwissenschaften und Japanologie course International Relations Russian Foreign Policy language English abstract Russia and China share a long common history since official relations started in 1683 with the Treaty of Nerchinsk which marks the first bilateral agreement between China and a western state Since that time Russia has been a colonial

power a communist sister country a revisionist and eventually a reliable partner for China Sino Russian relations underwent many breakings and challenges making both countries common history one of the most changeable one could imagine Nowadays their relation seems to be at an all time high Notwithstanding the Ukrainian crisis Russia and China signed several important cooperation and investment agreements in May and in October 2014 including a giant gas deal for which both countries drove a ten years hard bargain and a cross currency swap This crushed western hopes for a growing gap between bear and dragon in face of Crimea annexation and caused observers to talk of a Sino Russian honeymoon However under the surface their relation is not without any problems First of all there is a problem of the base the lack of a common strategy Beyond opposing the US and the opaque overall idea of a multipolar world both countries do not share a clear vision of a future international system Moreover there is a growing dissent in Central Asia as well as growing Chinese nationalism in combination with the unresolved Siberian question leading to worries in Russia Above all increasing economic asymmetries in China s favour nurture Russian fears of becoming a junior partner or a resource appendix to China Thus the future of Sino Russian relations remains a controversial subject Is it a natural partnership or just lack of alternatives Will they be allies or competitors

Sino-Russian Relations R.K.I. Quested, 2014-02-25 This book provides a systematic history of Sino Russian relations a history which is invaluable in forming an understanding of relations between the two nations today Becoming neighbours in the seventeenth century their changing relations in peace and war in isolation cooperation and confrontation have steadily assumed a greater importance in world politics and become increasingly important to the stability of international relations

China and Russia Alexander Lukin, 2018-03-16 With many predicting the end of US hegemony Russia and China s growing cooperation in a number of key strategic areas looks set to have a major impact on global power dynamics But what lies behind this Sino Russian rapprochement Is it simply the result of deteriorated Russo US and Sino US relations or does it date back to a more fundamental alignment of interests after the Cold War In this book Alexander Lukin answers these questions offering a deeply informed and nuanced assessment of Russia and China s ever closer ties Tracing the evolution of this partnership from the 1990s to the present day he shows how economic and geopolitical interests drove the two countries together in spite of political and cultural differences Key areas of cooperation and possible conflict are explored from bilateral trade and investment to immigration and security Ultimately Lukin argues that China and Russia s strategic partnership is part of a growing system of cooperation in the non Western world which has also seen the emergence of a new political community Greater Eurasia His vision of the new China Russia rapprochement will be essential reading for anyone interested in understanding this evolving partnership and the way in which it is altering the contemporary geopolitical landscape

The Limits of Sino-Russian Strategic Partnership Jennifer Anderson, 2013-09-13 Russia and China claim to have established a strategic partnership Jennifer Anderson argues that this relationship merely overlays a diplomatic agenda established in the late 1980s and that China s pragmatic limited approach coupled with Russia s domestic economic

and political difficulties have meant that the Sino Russian strategic partnership is unwieldy and imprecise **Sino-Russian Relations in the 21st Century** Jo Inge Bekkevold, Bobo Lo, 2018-07-24 This book examines how recent fundamental changes influence Sino Russian relations and the wider long term implications of the revolving Sino Russian dynamic on international affairs It brings together leading scholars to examine recent developments across the whole relationship from grand strategy and global governance to bilateral energy and military ties and regional interaction in Central Asia Northeast Asia and the Middle East The Sino Russian relationship boasts major achievements but also reveals important differences and latent tensions The project is intended for policy makers academics and students of strategic studies diplomacy studies Chinese politics Russian politics and foreign policy
