Sir Mansfield Cumming:

The Quest for C Alan Judd, 1999 A fascinating and unique history of the launch of Britain's Secret Intelligence Service through the unusual life of its founder Mansfield Cumming Sir Mansfield Cumming the founder of the British Secret Service and the original C has until now been a shadowy figure For this authorised biography the Secret Intelligence Service has released to Alan Judd Cumming's voluminous diaries which have never been seen outside the Service and will be put back into storage in perpetuity when Judd has used them The result is likely to be the most sensational biography of the season and the definitive account of how MI5 and MI6 the models for all subsequent secret services all over the world were set up Cumming signed himself C was referred to as such in Whitehall and always used green ink traditions maintained to this day His life not only makes riveting reading but casts fascinating light on the development of the Secret Service and its influence on the twentieth century

Spy Hunter H.B. Lyle, 2023-11-23 Skilfully mixing real history with action sequences worthy of Lee Child this is historical crime writing at its best John Williams the Mail on Sunday on *The Year of the Gun* The follow up to the acclaimed *The Year of the Gun* and the fourth book in a great new series Mick Herron author of *Bad Actors* 1914 Sherlock Holmes has been murdered Nobody knows who did it but Wiggins former Baker Street Irregular and Holmes protégé suspects a German spy However Europe is descending into the chaos of the First World War Captain Kell of Military Intelligence has limited resources and more pressing matters on his mind Wiggins is on his own Almost He pursues Holmes killer across the continent but as grief and rage close in it's not just the killer that eludes his grasp Engaging series of historical thrillers The story rattles along at pace the characters are engaging and the fight scenes burst with action But Lyle's great strength is in his depiction of time and place from its stinking tenements where babies cry from hunger to its sinister docks and upmarket brothels the Edwardian city then still part of Britain is brought to life in all its squalid magnificent glory Financial Times Impressive period detail and sharp dialogue add charm to the strong plot Daily Mail on *The Irregular* Full throttle delivering entertainment in spades Myles McWeeney Irish Independent P 2023 Hodder Stoughton Limited

Secrecy and the Media Nicholas John Wilkinson, 2009-05-28 Secrecy and the Media is the first book to examine the development of the D Notice system which regulates the UK media's publication of British national security secrets It is based on official documents many of which have not previously been available to a general audience as well as on media sources From Victorian times British governments have consistently seen the need in the public interest to prevent the media publishing secret information which would endanger national security The UK media have meanwhile continuously resisted official attempts to impose any form of censorship arguing that a free press is in the public interest Both sides have normally seen the pitfalls of attempting to resolve this sometimes acrimonious conflict of interests by litigation and have together evolved a system of editorial self regulation assisted by day to day independent expert advice known colloquially as the D Notice System The book traces the development of this system from nineteenth century colonial campaigns through two world wars to modern operations and counter terrorism in the post Cold War era up to the beginning of the Labour government in 1997 Examples are drawn from media political and official sources some not yet open and cover not only defence issues including Special Forces but also the activities of the secret intelligence services MI5 MI6 and GCHQ These cases relate principally to the UK but also to American and other allies interests The story of how this sometimes controversial institution now operates in the modern world will be essential reading for those in the media and government departments and for academics and students in the fields of security defence and intelligence as well as being an accessible expos for the general reader Nicholas Wilkinson served in the Royal Navy 1959-98 and from 1999 to 2004 he ran the independent Defence Press and Broadcasting Advisory Committee He was a Press Complaints Commissioner from 2005 to 2008 and is a Cabinet Office Historian
