felt Throughout the trilogy Atkinson traces subtle and sudden shifts of common imagination by analysing the lives of both powerful and ordinary Australians He sets out the ideas and the imagery that moved and marked the people This book like all his work is grounded in thorough and rigorous scholarship yet imbued with compassion and insight Written from the inside it is as he says history caught up with the flesh and memory it describes The culmination of an extraordinary career in the writing and teaching of Australian history The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe Ambitious and unique it is the first such large single author account since Manning Clark s A History of Australia      **Possession** Bain Attwood,2015-02-04 It contemplates why these agreements were forged how the Aboriginal people understood their terms why government repudiated them and how settlers claimed to be the rightful owners of the land Bain Attwood also reveals the ways in which the settler society has endeavoured to make good its act of possession by repeatedly creating histories that have recalled or repressed the memory of Batman the treaties and the Aborigines destruction and dispossession and charts how Aboriginal people have unsettled this matter of history through their remembering      **History Of The Port Phillip District** Shaw A.G.L,2013-05-31 This major new history is an account of the establishment of European settlement in what is now the State of Victoria The period from the first temporary convict camp of 1803 to the formal separation of Victoria from New South Wales in 1851 encompassed years of struggle adversity and uncertainty These are the years which Professor Shaw examines in his detailed narrative mdash years which saw the future of the territory shaped by diverse figures Aborigines whalers adventurers squatters speculators and immigrants This is the first general history of pre goldrush Victoria in more than ninety years It incorporates the advances in documentation and scholarship that have taken place since that time In particular it draws upon the correspondence between officials in Melbourne Sydney and London and on the Batman Swanston Port Phillip Association and La Trobe papers The story begins with the British government s decision to make a settlement on the shores of Bass Strait and with a study of the Aboriginal inhabitants of Port Phillip as they were at the dawn of the nineteenth century An account of the beginnings of Melbourne marked by the arrival of John Batman and John Pascoe Fawkner leads on to the topics of squatting speculation immigration economic depression and recovery and ends with an examination of the issues which led to the separation of the district from New South Wales The book is illustrated in colour with contemporary paintings many of which will be unfamiliar to most readers      1835 James Boyce,2011 In 1835 an illegal squatter camp was established on the banks of the Yarra River In defiance of authorities in London and Sydney Tasmanian speculators began sending men and sheep across Bass Strait and so changed the shape of Australian history Before the founding of Melbourne British settlement on the mainland amounted to a few pinpoints on a map Ten years later it had become a sea of red In 1835 James Boyce brings this pivotal moment to life He traces the power plays in Hobart Sydney and London the key personalities of Melbourne s early days and the haunting questions raised by what happened when the land was opened up He conjures up

the Australian frontier its complexity its rawness and the way its legacy is still with us today      **Colonial connections, 1815-45** Zoë Laidlaw, 2013-07-19 This groundbreaking book challenges standard interpretations of metropolitan strategies of rule in the early nineteenth century After the Napoleonic wars the British government ruled a more diverse empire than ever before and the Colonial Office responded by cultivating strong personal links with governors and colonial officials through which influence patronage and information could flow By the 1830s the conviction that personal connections were the best way of exerting influence within the imperial sphere went well beyond the metropolitan government as lobbyists settlers and missionaries also developed personal connections to advance their causes However the successive crises in the 1830s exposed these complicated networks of connection to hostile metropolitan scrutiny This book challenges traditional notions of a radical revolution in government identifying a more profound and general transition from a metropolitan reliance on gossip and personal information to the embrace of new statistical forms of knowledge The analysis moves between London New South Wales and the Cape Colony encompassing both government insiders and those who struggled against colonial and imperial governments      **Home Cooking in the Global Village** Richard Wilk, 2006-05-06 Belize a tiny corner of the Caribbean wedged into Central America has been a fast food nation since buccaneers and pirates first stole ashore As early as the 1600s it was already caught in the great paradox of globalization how can you stay local and relish your own home cooking while tasting the delights of the global marketplace Menus recipes and bad colonial poetry combine with Wilk's sharp anthropological insight to give an important new perspective on the perils and problems of globalization
