Teachings of Tibetan Yoga Garma C. C. Chang, 2016-10-27 The author translator of this book was born in China of aristocratic parentage some fifty years ago In early youth he became the disciple of a Buddhist Guru in a part of China near Tibet His Guru sent him to Tibet to further his training After eight years in Tibetan monasteries six of them under one Guru he went to school in the West to study animal husbandry and bring his knowledge back to Tibet The Communist victory in China and the Communist invasion of Tibet cut him off from returning His devotion to Tibetan Buddhism is now expressed by translating into English its hitherto unknown teachings This Book is an extremely concentrated introduction to the mental physical and spiritual exercises of Tibetan Buddhism emphasizing the practice of Yoga exercises The key to its understanding is the learning of *Dumo* the generating of internal heat in one's body *Dumo* s special meaning for Tibetan Yoga flows from the profoundly anti ascetic and anti pessimistic doctrine of Tantric Buddhism The author means precisely what he says when he explains that opposites are also inseparable unities and that the best example of this is that the human body mind can be made into the body of Buddha Sexual bliss can become divine bliss This work will both introduce the reader to the tranquility of yoga and at the same time lead him to explorations in the field of erotic mysticism Richly illustrated throughout

The Tantric Path of Indestructible Wakefulness Chögyam Trungpa,2013-04-08 Ch gyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam Trungpa s magnum opus The Profound Treasury of the Ocean of Dharma will resonate with new and senior students of Buddhism In this third and final volume Ch gyam Trungpa s examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more
