Six Patriotic Posters Postcards James Spero,1990-11 Excellent full color reproductions of famous WW I and II posters by Christy Flagg and Leyendecker including Flagg s I Want YOU for U S Army **Bookseller & Stationer and Office Equipment Journal** ,1915 Open Letters Alison Rowley,2013-12-11 During the fin de si cle and early revolutionary eras picture postcards were an important medium of communication for Russians of all backgrounds In Open Letters the most comprehensive study of Russian picture postcards to date Alison Rowley uses this medium to explore a variety of aspects of Russian popular culture The book is lavishly illustrated with more than 130 images most of which have never been published before Through her examinations of postcards Rowley addresses a diverse range of topics how landscape postcards conveyed notions of imperialism the role of postcards in the rise of celebrity culture depictions of the body on erotic and pornographic postcards how postcards were employed to promote differing interpretations of the First World War and the use of postcards by revolutionary groups seeking to overthrow the Tsarist government Rowley determines the extent to which Russia was embedded in Europe wide cultural trends by situating the Russian case within a larger European context **Complete Catalog of Books in All Fields** Dover Publications, Inc,1997 **John Heartfield and the Agitated Image** Andrés Mario Zervigón,2012-12-01 Working in Germany between the two world wars John Heartfield born Helmut Herzfeld 1891 1968 developed an innovative method of appropriating and reusing photographs to powerful political effect As a pioneer of modern photomontage he sliced up mass media photos with his iconic scissors and then reassembled the fragments into compositions that utterly transformed the meaning of the originals In John Heartfield and the Agitated Image Andr s Mario Zervig n explores this crucial period in the life and work of a brilliant radical artist whose desire to disclose the truth obscured by the mainstream press and imperial propaganda made him a de facto prosecutor of Germany s visual culture Zervig n charts the evolution of Heartfield s photomontage from an act of antiwar resistance into a formalized and widely disseminated political art in the Weimar Republic Appearing on everything from campaign posters to book covers the photomonteur s notorious pictures challenged well worn assumption and correspondingly walked a dangerous tightrope over the political social and cultural cauldron that was interwar Germany Zervig n explains how Heartfield s engagement with montage arose from a broadly shared dissatisfaction with photography s capacity to represent the modern world The result was likely the most important combination of avant garde art and politics in the twentieth century A rare look at Heartfield s early and middle years as an artist and designer this book provides a new understanding of photography s role at this critical juncture in history **Teachers College Record** ,1918 **Postcards from the Nursery** Dawn Cope,Peter Cope,2000 A tribute to legions of unsung children s illustrators **American Woman Suffrage Postcards** Kenneth Florey,2016-04-29 American women s suffrage activists were fascinated with suffrage themed postcards They collected them exchanged them wrote about them used them as fundraisers and organized postcard day campaigns The cards they produced were imaginative and

ideological advancing arguments for the enfranchisement of women and responding to antisuffrage broadsides Commercial publishers were also interested in suffrage cards recognizing their profit potential Their products though were reactive rather than proactive conveying stereotypes they assumed reflected public attitudes often negative towards the movement Cataloging approximately 700 examples this study examines the visual rhetoric of suffrage postcards in the context of the movement itself and as part of the general history of postcards Meanjin Vol 81, No 1 Meanjin Quarterly, 2022-03-16 embracing anger is a political act This is not a personal project but a social one being passive and perpetually afraid of your power reinforces the status quo and I am no longer interested in that Anger is a complex emotion which is exactly why my child brain suppresses it and exactly why we as a society are afraid of it Anger teaches us that not everything has to be either or In a profound and personal essay Lucia Osborne Crowley writes on learning to embrace anger as a multi faceted emotion Anger can be an act of caring anger can be a force for personal power and inter personal good anger she says can sit alongside love and hope and connection rather than being their opposite Guy Rundle studies the rise of the Knowledge Class the laptop tapping workers at the core of the west s new economy and details the challenge and opportunity this growing group poses for traditional progressive politics Na ama Carlin found her first pregnancy challenging a minefield of existential and practical complication Then she was diagnosed with aggressive breast cancer Author Alice Pung writes on the vexed politics of diversity in the Australian publishing industry Futurist Mark Pesce is anxious about the social implications of the Facebook metaverse but that s just the tip of the iceberg Critic and curator Chris McAuliffe looks at the hidden and very complicated history of the Australian flag El Gibbs writes on the hidden pandemic of living with both covid and disability Other essays from Declan Fry Martin Langford Gemma Carey Madeleine Gray Jill Giese Bruce Buchan and more Memoir from Alice Bishop Alexander Wells Dominic Gordon and Hannah Preston New fiction from Jennifer Mills Ouyang Yu and Christopher Raja New poetry from Adam Aitken Lucy Dougan Ashleigh Synnott Stephen Edgar Svetlana Sterlin Junie Huang and more Reviews from Millie Bayliss Imogen Dewey Hasib Hourani Thabani Tshuma and Rosie Ofori Ward Germany, Propaganda and Total War, 1914-1918 David Welch, 2000 Adolf Hitler writing in Mein Kampf was scathing in his condemnation of German propaganda in the First World War declaring that Germany had failed to recognize propaganda as a weapon of the first order This despite the fact that propaganda had been regarded arguably for the first time as an intrinsic part of the war effort David Welch has written the first book to fully examine German society politics propaganda public opinion and total war in the Great War Drawing on a wide range of sources from posters newspapers journals film parliamentary debates police and military reports and private papers Welch argues that the moral collapse of Germany was due less to the failure to disseminate propaganda than to the inability of the military authorities and the Kaiser to reinforce this propaganda and to acknowledge the importance of public opinion in forging an effective link between leadership and the people
