D. Fage, Roland Anthony Oliver, A. D. Roberts, 1975 This seventh volume in The Cambridge History of Africa examines the period 1905-40 in African history

From Slave Trade to 'Legitimate' Commerce Robin Law, 2002-08-08 This edited collection written by eleven leading specialists examines the nineteenth century commercial transition in West Africa the ending of the Atlantic slave trade and the development of alternative forms of legitimate trade mainly in vegetable products Approaching the subject from an African rather than a European or American perspective the case studies consider the effects of transition on the African societies involved They offer significant insights into the history of pre colonial Africa and the slave trade the origins of European imperialism and longer term issues of economic development in Africa **Reforming Mining Law** Christian Matabaro, 2019-03-22 The Democratic Republic of Congo is endowed with immense mineral wealth Its minerals include cobalt copper diamond gold iron manganese tantalum tin tungsten and zinc Yet the contribution of mineral abundance to the country's economic development is poor The Congolese mining sector was initiated in 1905 with the creation of OKIMO Office des Mines d'or de Kilo Moto and UMHK Union Minière du Haut Katanga The rapid development of mining companies improved economic growth until 1973 when President Mobutu introduced a variety of inadequate economic policies including zairianization and radicalization that slowed down economic development The actual mining code was adopted in 2002 to enhance a mining sector that already collapsed This study suggests a variety of mechanisms and measures that are meant to energize the Congolese mining sector and hence allow the country to benefit entirely from its mineral abundance
