

## Organizational Sociology and Its History

✓ Exclusively available on IvyPanda

Sociology contributes to the study of organizational behavior and organizational theory by analyzing interpersonal relations between people and organizations. These relations revolve around communication, leadership, conflict resolution, organizational structure and culture. These are the essential elements that create organizational behavior. Sociology provides a basic understanding of how these elements are interconnected to create a particular order that defines the organization's behavior.

Organizations have been evolving during the period of industrialization. During the second half of the 20<sup>th</sup> century, sociologists were interested in understanding the basis of organizational structure (Scott, 2004). Organizations emerged as distinctive institutions with unique characteristics that defined their mode of operations. Since then, the interest in learning and understanding how organizations work has been growing significantly among sociologists. Analysts have been studying organizations by grouping them according to their characteristics, behavior, and structure. Sociologists have also been focusing on understanding the consequences of organizational structures by investigating organizations' performance and their impact on society (Scott, 2004). As a result, several theories have been developed to explain the nature of organizations. For instance, contingency theory explains an organization's and its environment's relationship (Scott, 2004). The transaction cost approach explains how organizations carry out their transactions, while the resource-dependency theory explains how organizations adapt to the political and economic environments.

I am part of a decentralized organization where the power process is horizontal. Unlike many organizations where the top officials are responsible for the final decisions, my organization gives every member a chance to contribute to the decision-making process. This has created a sense of unity and teamwork because everyone is part of the decision-making process. Additionally, most workers are employed on a contract basis, and those with satisfactory performance can renew their contracts. This organization conforms to features of most organizations that emerged during the past half-century.

## **Sociology In Its Place And Other Essays:**

*Sociology In Its Place* Runciman, 2010-06-10 This book examines how sociology belongs with history and anthropology

**Sociology in its place, and other essays** Walter Garrison Runciman, 1970     Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies     **Professions and the Public Interest** Mike Saks, 2005-08-16 The importance and influence of professions in public life has grown increasingly over the twentieth century but the question of whether they subordinate their own self interests to the public interest has yet to be adequately researched within a major sociological perspective In Professions and the Public Interest Mike Saks develops a theoretical and methodological framework for assessing professional groups in Western society The empirical applicability of this framework is demonstrated with particular reference to a novel case study of the response of the medical profession to acupuncture in the nineteenth and twentieth centuries Professions and the Public Interest will be of great interest to all lecturers and students of social policy sociology and medical sociology as well as to professional groups and their members     **A Treatise on Social Theory** Walter Garrison Runciman, 1997-08-28 In this concluding volume of his trilogy on social theory W G Runciman applies to the case of twentieth century English society the methodology distinguishing reportage explanation description and evaluation and theory of the preceding two volumes Volume III shows how England's capitalist mode of production liberal mode of persuasion and democratic mode of coercion evolved in the aftermath of the First World War from what they had been since the 1880s but then did not in turn evolve significantly following the Second World War The explanation rests on an analysis of the selective pressures favouring some economic ideological and political practices over others in an increasingly complex environment neither predictable nor controllable by policy makers This is supported by a graphic account of the changes themselves and how they were experienced by different segments of English society     **Irony of Theology and the Nature of Religious Thought** Donald Wiebe, 1991 Donald Wiebe critically examines the pervasive assumption that theology is a form of religious thought that is both compatible with and supportive of religious faith The irony he argues is that theology is in fact detrimental to religion and the religious way of life     **Auguste Comte: Volume 1** Mary Pickering, 1993-11-26 The first volume of a two volume intellectual biography of Auguste Comte the founder of modern sociology and positivism

Sociological Ambivalence and Other Essays Robert King Merton,1976      **Education of the Senses** Peter Gay,1999 The most learned as well as the wittiest survey of human sexuality ever to be published New York Times      **The Art of Sociological Argument** Graham Crow,2017-09-16 This book explores the ways in which sociological arguments are constructed and presented looking at what can be learned from the contrasting styles of sociologists working in different periods and theoretical traditions Fundamental debates in the discipline are addressed such as can sociology provide final answers and how far is detachment feasible or desirable Finally the book considers the practical significance which thinking about styles of argument has for all students of sociology      *Routledge Library Editions: Phenomenology* Various,2013-08-15 Reissuing works originally published between 1970 and 1995 Routledge Library Editions Phenomenology 14 volume set offers a selection of scholarship covering this important branch of philosophy and method Volumes cover theories of Husserl and Heidegger and branch out to such topics as psychology Marxism language and emotion and education forming a varied and informative collection of previously out of print works      A Bibliography of British History, 1914-1989 Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index      *Socialism and the Challenge of War (RLE The First World War)* Jay M. Winter,2014-04-24 The First World War marks a crucial period in the history of the socialist wing of the British labour movement This book is an account of the development of the political ideas and activities of some of the most influential British socialist thinkers of that time Beatrice and Sidney Webb R H Tawney and G D H Cole The first part of the book examines the state of the Labour movement and of socialist ideas on the eve of the conflict then turns to the central question of the impact of the War on the dissemination of British socialist ideas      *The Routledge Companion to Social Theory* Anthony Elliott,2009-12-04 A collection of introductory essays by an international range of contributors giving an insightful overview of classical and contemporary social theory

**Religion and Political Power** Gustavo Benavides,M. W. Daly,1989-07-28 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group's attempt to acquire maintain or expand political power      *Phenomenology, Language and the Social Sciences* Maurice Roche,2013-10-23 This book looks at two revolutions in philosophy phenomenology and conceptual analysis which have been

influential in sociology and psychology It discusses humanistic psychiatry and sociological approaches to the specific area of mental illness which counter the ultimately reductionist implications of Freudian psycho analytic theory The book originally published in 1973 concludes by stating the broad underlying themes of the two forms of humanistic philosophy and indicating how they relate to the problems of theory and method in sociology     *The Social Analysis of Class Structure* Frank

Parkin,2013-11-05 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1974 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection     *The American Ideology* H.T. Wilson,2023-12-30 First published in 1977 The American Ideology

presents an analysis of the ways in which Americans and the most advanced capitalist countries think about science technology and organization In particular the author describes it as an anti sociological essay set within the broader area between sociology and philosophy as functionally legitimate disciplines within the academic division of labour The American ideology seems to revolve around the concepts of rationality and domination the tension between these concepts is central to the work of Hegel Marx Weber and the Frankfurt School The author argues in particular that the social sciences are unavoidably a part of the problem expressed through this tension and not a neutral means of observing and resolving it from a distance This book is an essential read for students and scholars of sociology political science and political philosophy

*poverty, inequality and class structure* ,     **Social Order and the General Theory of Strategy** Alexander Atkinson,2020-12-22 Is there a place left in international politics for the real use of violence as an instrument of policy in the nuclear age Originally published in 1981 Dr Atkinson attempts to answer this question with new considerations in the presentation of a general theory of strategy He argues that the classical theory of strategy so influential for the 19th century and for the better half of the 20th century was built on a mainly hidden structure of reasoning that still infests theory today The larger and socially rooted lessons that insurgent warfare can inform as best exemplified in the primary sources of the Chinese Civil War period reveal in a new light this hidden structure of which Clausewitz is the earliest and most eloquent example By this analysis of the insurgent and classical paradigm opposites the author intends to strip away the blinds of convention still circulating in theory today so that observers and students of international politics may see where new forms of politically motivated violence in the nuclear age seem more than ever to be headed Here we have perfect paradigm opposites In the conventional world battle field action and ideally decisive battle is the center of all other issues in which such conventional logic in the end sweeps up everything else and runs it back through the logic into success or failure of

armed power on the battle field Everything hangs on this In the revisionist insurgent world where social order is weaponized as an object and source of military power through its inherent and valuable armed power structures social order replaces narrow battle field action ideally focused on decisive battle and alternatively redirects the entire logic and all other considerations including previously heroic conventional military assets are remodeled to act against armed enemy power structures inherent as always in social order for the ultimate object of military victory Again everything is on this alone Which paradigm one the opposite mirror image of the other will prevail will depend on the stability and power of the nation state and its institutions the continued and unhappy collapse on which I base the General Theory

### **Sociology In Its Place And Other Essays Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Sociology In Its Place And Other Essays has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sociology In Its Place And Other Essays has opened up a world of possibilities. Downloading Sociology In Its Place And Other Essays provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sociology In Its Place And Other Essays has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sociology In Its Place And Other Essays. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sociology In Its Place And Other Essays. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sociology In Its Place And Other Essays, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Sociology In Its Place And Other Essays has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Sociology In Its Place And Other Essays Books**
