The Sociology of British Communism Kenneth Newton, 1969
Newton (Politologue), 1969

Growing Up Communist in the Netherlands and Britain Elke Weesjes, 2025-10-01
Growing Up Communist in the Netherlands and Britain Childhood Political Activism and Identity Formation documents communists attempts successful and otherwise to overcome their isolation and to connect with the major social and political movements of the twentieth century Communist parties in Britain and the Netherlands emerged from the Second World War expecting to play a significant role in post war society due to their domestic anti fascist activities and to the part played by the Soviet Union in defeating fascism The Cold War shattered these hopes and isolated communist parties and their members By analysing the accounts of communist children Weesjes highlights their struggle to establish communities and define their identities within the specific cultural social and political frameworks of their countries

British Communism and the Politics of Race Evan Smith, 2017-10-02
British Communism and the Politics of Race explores the role that the Communist Party of Great Britain played within the anti racism movement in Britain from the 1940s to the 1980s As one of the first organisations to undertake serious anti colonial and anti racist activism within the British labour movement the CPGB was a pioneering force that campaigned against racial discrimination popular imperialism and fascist violence in British society The book examines the balancing act that the Communist Party negotiated in its anti racist work between making appeals to the labour movement to get involved in the fight against racism and working with Britain's ethnic minority communities who often felt let down by the trade unions and the Labour Party Transitioning from a class based outlook to an embrace of the new social movements of the 1960s 70s the CPGB played an important role in the anti racist struggle but by the 1980s it was eclipsed by more radical and diverse activist organisations

Communism in Britain, 1920-39 Thomas Linehan, 2017-10-03
Based on extensive use of primary evidence this is the first study of interwar British communism to set the communist experience within the framework of the life cycle Communism offered a complete identity that could reach into virtually all aspects of life the Party sought influence even over members personal conduct moral codes health and diet personal hygiene and aesthetic judgements The British Communist Party CPGB sought to address the communist experience through all of the principal phases of the life cycle and its reach therefore extended to take in children youth and the various aspects of the adult experience including marital and kinship relations The book also considers the contention that the Communist Party functioned as a political religion for some joiners who opted to enter the congregation of the communist devoted

The Communist Party of Great Britain Since 1920 J. Eaden, D. Renton, 2002-05-10
A new single volume history of the Communist Party of Great Britain examining the party from its foundations in 1920 to its demise in the early 1990s Drawing on original research and a reading of specialist texts the authors analyze the rise and fall of the party and evaluate its role on the left of British politics Whilst sympathetic to the ideals and commitment of many British communist activists the

book is sharply critical of much of the actual practice of the party The British Communist Party and Moscow, 1920-43
Andrew Thorpe, 2000 The relationship between the British Communist Party and Soviet Communism is one of perennial
fascination In this text Thorpe makes extensive use of available sources to offer a new view of this most controversial of
topics *The Communist Party of Great Britain and the National Question in Wales, 1920-1991* Douglas Jones, 2017-10-15
While electorally weak the Communist Party of Great Britain and its Welsh Committee was a constant feature of twentieth
century Welsh politics in particular through its influence in the trade union movement Based on original archival research
the present volume offers the first in depth study of the Communist Party's attitude to devolution in Wales to Welsh
nationhood and Welsh identity as well as examining the party's relationship with the Labour Party Plaid Cymru and the
labour and nationalist movements in relation to these issues Placing the party's engagement of these issues within the
context of the rapid changes in twentieth century Welsh society debates on devolution and identity on the British left the role
of nationalism within the communist movement and the interplay of international and domestic factors the volume provides
new insight into the development of ideas by the political left on devolution and identity in Wales during the twentieth
century It also offers a broad outline of the party's policy in relation to Wales during the twentieth century and an
assessment of the role played by leading figures in the Welsh party in developing its policy on Wales and devolution
