
Socrates and the
IMMORALISTS

CURTIS N. JOHNSON

Socrates And The Immoralists

Manuel Knoll, Barry Stocker

Socrates And The Immoralists:

Socrates and the Immoralists Curtis N. Johnson, 2005-01-01 Socrates and the Immoralists assembles an in depth exploration of Socrates argument for the just life focusing specifically on the dialogues with the immoralists Polus Callicles and Thrasymachus and illuminates the complexities of Socrates thought showing the interplay of the seemingly contradictory parts of Socrates ambition ultimately vindicating the overall coherence of his views

Catastrophe and Philosophy David J. Rosner, 2018-12-04 This book takes a different approach to the history of philosophy exploring a neglected theme the relationship between catastrophe and philosophy The book analyzes this theme within texts from ancient times to the present from a global perspective The book s focus is timely and relevant today as the planet is certainly facing a number of impending catastrophes right now e g environmental degradation overpopulation the threat of nuclear war etc

Socratic Moral Psychology Thomas C. Brickhouse, Nicholas D. Smith, 2010-05-06 Socrates moral psychology is widely thought to be intellectualist in the sense that for Socrates every ethical failure to do what is best is exclusively the result of some cognitive failure to apprehend what is best Until publication of this book the view that for Socrates emotions and desires have no role to play in causing such failure went unchallenged This book argues against the orthodox view of Socratic intellectualism and offers in its place a comprehensive alternative account that explains why Socrates believed that emotions desires and appetites can influence human motivation and lead to error Thomas C Brickhouse and Nicholas D Smith defend the study of Socrates philosophy and offer an alternative interpretation of Socratic moral psychology Their novel account of Socrates conception of virtue and how it is acquired shows that Socratic moral psychology is considerably more sophisticated than scholars have supposed

Eros in Plato, Rousseau, and Nietzsche Laurence D. Cooper, 2008 Human beings are restless souls ever driven by an insistent inner force not only to have more but to be more to be infinitely more This book focuses on three giants of the philosophic tradition for whom this inner force was a major preoccupation and something separate from and greater than the desire for self preservation

Clitophon's Challenge Hugh H. Benson, 2015-05-01 Hugh H Benson explores Plato s answer to Clitophon s challenge the question of how one can acquire the knowledge Socrates argues is essential to human flourishing knowledge we all seem to lack

Plato's Critique of Impure Reason D. C. Schindler, 2008 In this book D C Schindler begins with a diagnosis of the crisis of reason in contemporary culture as a background to the study of the Republic He then sets out a philosophical interpretation of the dialogue in five chapters an analysis of Book 1 that shows the inherent violence and dogmatism of skepticism a reading of goodness as cause of both being and appearance a discussion of the dramatic reversals in the images Socrates uses for the idea of the good an exploration of the role of the person of Socrates in the Republic and a confrontation between the defenselessness of philosophy and the violence of sophistry Finally in a substantial coda the book presents a new interpretation of the old quarrel between philosophy and art through an analysis of Book 10

BOOK JACKET Friedrich Nietzsche and the Politics of Transfiguration Tracy B.

Strong,2000 Friedrich Nietzsche and the Politics of Transfiguration provides a comprehensive analysis of the politics that are implicit and explicit in Nietzsche's work Tracy B Strong's discussion shows that Nietzsche's writings are of a piece and have as their common goal a politics of transfiguration a politics that seeks radical change in how human beings live and act in the modern Western world This edition includes a new introduction that demonstrates how the styles of Nietzsche's writings expand our notions of democratic politics and democratic understanding **Greed and Injustice in Classical Athens**

Ryan K. Balot,2020-10-06 In this original and rewarding combination of intellectual and political history Ryan Balot offers a thorough historical and sociological interpretation of classical Athens centered on the notion of greed Integrating ancient philosophy poetry and history and drawing on modern political thought the author demonstrates that the Athenian discourse on greed was an essential component of Greek social development and political history Over time the Athenians developed sophisticated psychological and political accounts of acquisitiveness and a correspondingly rich vocabulary to describe and condemn it Greed figures repeatedly as an object of criticism in authors as diverse as Solon Thucydides and Plato all of whom addressed the social disruptions caused by it as well as the inadequacy of lives focused on it Because of its ethical significance greed surfaced frequently in theoretical debates about democracy and oligarchy Ultimately critiques of greed particularly the charge that it is unjust were built into the robust accounts of justice formulated by many philosophers including Plato and Aristotle Such critiques of greed both reflected and were inextricably knitted into economic history and political events including the coups of 411 and 404 B C Balot contrasts ancient Greek thought on distributive justice with later Western traditions with implications for political and economic history well beyond the classical period Because the belief that greed is good holds a dominant position in modern justifications of capitalism this study provides a deep historical context within which such justifications can be reexamined and perhaps found wanting *Early Socratic Dialogues*

Emlyn-Jones Chris,Plato,2005-06-30 Rich in drama and humour they include the controversial Ion a debate on poetic inspiration Laches in which Socrates seeks to define bravery and Euthydemus which considers the relationship between philosophy and politics Together these dialogues provide a definitive portrait of the real Socrates and raise issues still keenly debated by philosophers forming an incisive overview of Plato's philosophy **The Sense of the Past** Bernard

Williams,2009-02-09 Before his death in 2003 Bernard Williams planned to publish a collection of historical essays focusing primarily on the ancient world This posthumous volume brings together a much wider selection written over some forty years His legacy lives on in this masterful work the first collection ever published of Williams's essays on the history of philosophy The subjects range from the sixth century B C to the twentieth A D from Homer to Wittgenstein by way of Socrates Plato Aristotle Descartes Hume Sidgwick Collingwood and Nietzsche Often one would be hard put to say which part is history which philosophy Both are involved throughout because this is the history of philosophy written philosophically Historical exposition goes hand in hand with philosophical scrutiny Insights into the past counteract blind acceptance of present

assumptions In his touching and illuminating introduction Myles Burnyeat writes of these essays They show a depth of commitment to the history of philosophy seldom to be found nowadays in a thinker so prominent on the contemporary philosophical scene The result celebrates the interest and importance to philosophy today of its near and distant past The Sense of the Past is one of three collections of essays by Bernard Williams published by Princeton University Press since his death In the Beginning Was the Deed Realism and Moralism in Political Argument selected edited and with an introduction by Geoffrey Hawthorn and Philosophy as a Humanistic Discipline selected edited and with an introduction by A W Moore make up the trio *Socrates on Trial* Thomas C. Brickhouse, Nicholas D. Smith, 1991-01-24 This book stands head and shoulders over other recent treatments of Plato's Apology It should become the standard work in this area Richard Kraut University of Illinois at Chicago Plato's Republic Luke Purshouse, 2010-07-15 Plato's Republic is arguably the most famous and influential work of philosophy ever written It is certainly among the most widely read and studied a staple of undergraduate courses that continues to inspire and inform contemporary debates in political philosophy As such it is a hugely important and exciting yet challenging piece of philosophical writing In Plato's Republic A Reader's Guide Luke Purshouse offers a clear and thorough account of this key philosophical work The book sets Plato's work in context introduces the major themes and provides a detailed discussion of the key sections and passages of the text Purshouse goes on to explore some of the areas of thought that the Republic has impacted upon and provides useful information on further reading This is the ideal companion to study of this most influential and challenging of texts **Homeric Studies** Jeffrey Henderson, 1966

The Blackwell Guide to Plato's Republic Gerasimos Santas, 2008-04-15 The Blackwell Guide to Plato's Republic consists of thirteen new essays written by both established scholars and younger researchers with the specific aim of helping readers to understand Plato's masterwork This guide to Plato's Republic is designed to help readers understand this foundational work of the Western canon Sheds new light on many central features and themes of the Republic Covers the literary and philosophical style of the Republic Plato's theories of justice and knowledge his educational theories and his treatment of the divine Will be of interest to readers who are new to the Republic and those who already have some familiarity with the book Nietzsche and the Philosophers Mark T. Conard, 2016-12-08 Nietzsche is undoubtedly one of the most original and influential thinkers in the history of philosophy In his works he not only grapples with previous great philosophers and their ideas but he also calls into question and redefines what it means to do philosophy Nietzsche and the Philosophers for the first time sets out to examine explicitly Nietzsche's relationship to his most important predecessors This anthology includes essays that discuss Nietzsche's engagement with such figures as Aristotle Kant Socrates Hume Schopenhauer Emerson Rousseau and the Buddha Anyone interested in Nietzsche or the history of philosophy generally will find much of great interest in this volume Platonic Investigations Dominic O'Meara, Dominic J. O'Meara, 2018-03-02 This collection of papers is devoted to the significance of particular formal and literary aspects of the Platonic dialogues

Classical Philosophy Peter Adamson, 2014-06-26 Classical Philosophy is the first of a series of books in which Peter Adamson aims ultimately to present a complete history of philosophy more thoroughly but also more enjoyably than ever before. In short lively chapters based on the popular History of Philosophy podcast he offers an accessible humorous and detailed look at the emergence of philosophy with the Presocratics the probing questions of Socrates and the first full flowering of philosophy with the dialogues of Plato and the treatises of Aristotle. The story is told without any gaps discussing not only such major figures but also less commonly discussed topics like the Hippocratic Corpus the Platonic Academy and the role of women in ancient philosophy. Within the thought of Plato and Aristotle the reader will find in depth introductions to major works such as the Republic and the Nicomachean Ethics which are treated in detail that is unusual in an introduction to ancient philosophy. Adamson looks at fascinating but less frequently read Platonic dialogues like the Charmides and Cratylus and Aristotle's ideas in zoology and poetics. This full coverage allows him to tackle ancient discussions in all areas of philosophy including epistemology metaphysics philosophy of language philosophy of science ethics and politics. Attention is also given to the historical and literary context of classical philosophy with exploration of how early Greek cosmology responded to the poets Homer and Hesiod how Socrates was presented by the comic playwright Aristophanes and the historian Xenophon and how events in Greek history may have influenced Plato's thought. This is a new kind of history which will bring philosophy to life for all readers including those coming to the subject for the first time.

Collected Papers (1962-1999) Tarán, 2021-08-04 The papers collected in this volume deal mainly with ancient Greek or Roman philosophy. They range chronologically from the 5th century BC to the 6th century AD and in them the evidence is fully presented and discussed. They are concerned mainly with the Presocratics Plato Aristotle the Early Academy the Platonic and Aristotelian traditions especially as represented by Neoplatonism. In addition there are a few more general articles. The first deals with the saying *Amicus Plato sed magis amica veritas* and studies the different forms of this proverb from the time of Plato and Aristotle to Cervantes in the 17th century. Another one discusses the rather complex transmission of Plato's alleged epitaph. A third one deals in detail with an incomplete but interesting allegorical interpretation of Heliodorus *Aethiopica*. *The Philosophical Review* Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 1939 An international journal of general philosophy. *Nietzsche as Political Philosopher* Manuel Knoll, Barry Stocker, 2014-08-27 This collection establishes Nietzsche's importance as a political philosopher. It includes a substantial introduction and eighteen chapters by some of the most renowned Nietzsche scholars. The book examines Nietzsche's connections with political thought since Plato major influences on him his methodology and his influence on subsequent thought. The book includes extensive coverage of the debate between radical aristocratic readings of Nietzsche and more liberal or democratic readings. Close readings of Nietzsche's texts are combined with a contextualising approach to build up a complete picture of his place in political philosophy. Topics include the relevance of Bonapartism and classical liberalism.

Nietzsche on Christianity the cultural history of Germany the Übermensch ethics and politics in Nietzsche and the controversial question of his political preferences and affinities Nietzsche's political thought is compared with that of Humboldt Weber and Foucault The book is essential reading for anyone concerned with Nietzsche's thought political philosophy and the history of political ideas

Whispering the Secrets of Language: An Psychological Quest through **Socrates And The Immoralists**

In a digitally-driven world wherever displays reign supreme and quick transmission drowns out the subtleties of language, the profound secrets and psychological nuances concealed within phrases often move unheard. However, set within the pages of **Socrates And The Immoralists** a fascinating fictional prize blinking with organic thoughts, lies an exceptional quest waiting to be undertaken. Composed by a skilled wordsmith, this charming opus invites visitors on an introspective journey, softly unraveling the veiled truths and profound influence resonating within ab muscles fabric of each and every word. Within the psychological depths of the emotional evaluation, we can embark upon a sincere exploration of the book is primary subjects, dissect their fascinating writing model, and yield to the effective resonance it evokes strong within the recesses of readers hearts.
