Hockey and Philosophy Normand Baillargeon, Christian Boissinot, 2015-11-19 Does hockey provide a better understanding of the differences between Canadian and Quebecois nationalisms Is there a fundamental relationship between the hockey arena and the political arena What have we lost as a society in abolishing the tie game Are salaries in the NHL really that outrageous Is hockey more art than sport Should hockey players be banned from using performance enhancing drugs at all costs Do goalies suffer from angst Does our national sport have its own mythology and metaphysics Do hockey brawls reflect our true human nature more than we would care to admit And what would it be like if the great philosophers were to face off on the ice A team of philosophy and hockey buffs go deep with these fascinating questions and many others in this examination of a worshipped sport elevated to something akin to a cult Accessibly written and peppered with humour the essays in this book will charm specialists sports fans and everyone in between Whether you're a fan of Richard Gretzky Crosby Plato Kant or Kierkegaard you're invited to be a spectator at this very special meeting of minds

Contemporary Athletics and Ancient Greek Ideals Daniel A. Dombrowski, 2010-10-21 Despite their influence in our culture sports inspire dramatically less philosophical consideration than such ostensibly weightier topics as religion politics or science Arguing that athletic playfulness coexists with serious underpinnings and that both demand more substantive attention Daniel Dombrowski harnesses the insights of ancient Greece

Democracy at the Ballpark Thomas David Bunting, 2021-11-01 What is the relationship between sports and politics Often politics are thought to be serious whereas sports are diversionary and apolitical Using baseball as a case study Democracy at the Ballpark challenges this understanding examining politics as they emerge at the ballpark around spectatorship community equality virtue and technology Thomas David Bunting argues that because spectators invest time and meaning in baseball the game has power

as a metaphor for understanding and shaping politics The stories people see in baseball mirror how they see the country politics and themselves As a result democracy resides not only in exclusive halls tread by elites but also in a stadium full of average people together under an open sky Democracy at the Ballpark bridges political theory and sport providing a new way of thinking about baseball It also demonstrates the democratic potential of spectatorship and rethinks the role of everyday institutions like sport in shaping our political lives offering an expanded view of democracy Quest, 2002

Moral Education Colin Wrings, 2006-02-14 Casual reference to moral education or the manner in which young people should be brought up to behave may provoke a range of responses depending on the context and the personalities and ideological perspectives of those present In the past these responses sometimes included a Rousseauesque assertion of the inherent goodness of all human beings which only needed to

be left to emerge uncorrupted and undistorted with the help of infinite loving kindness on the part of teachers all with the patience of saints More extreme versions of this view may have comprised vehement protest at the very idea of the state through its educational institutions concerning itself at all with such matters which were felt to be properly the province of the family or religious organisations if not a matter of individual choice for young people themselves when they were grown up Explicit proposals for moral education were invariably at risk of being perceived as indoctrination or an abuse of children's rights of freedom and autonomous development More frequently these days the response may be a succinct list of the speaker's own choice moral prescriptions an assertion that these need to be inculcated in a clear and unequivocal way to all young people of whatever age inclination or social experience and often enough a statement of the sanctions to be applied to those who do not or will not conform
