Sojourner: The Journey To A New Beginning Angela Kay Austin, 2017-03-05 Sojourner knew how to run hide and fight She would find her family and reunite them Her mother s secrets had become a gift A gift that would aide her on her journey Oliver had been held prisoner by Frederick his brother for a year Escape meant hurting an innocent a beautiful woman who he could not forget He would not stop searching the colonies for her until he found her Debts owed would be paid Will Sojourner and Oliver learn from the past and return to where it began to get the answers they sought Will they be able to let go of the past to claim their future The sojourner community [electronic resource] Tetsuo Mizukami, 2007 This book refines the concept of the sojourner vis a vis settler which demonstrates the growing significance in contemporary migration issues It also illustrates the characteristic patterns of contemporary migration by analysing statistical as well as empirical data on Japanese residency in Australia **Sojourner Truth** Isabelle Kinnard Richman, 2016-04-28 Although Sojourner Truth was born into bondage and oppression in liberation she emerged as a leader in the most radical causes of her era She travelled the country as an outspoken and riveting presence battling for the abolition of slavery and for women s suffrage While her role in these movements has been well documented biographers have frequently overlooked the influence of religion in Truth s life A participant in a number of the most significant religious movements of her day including the Methodist Perfectionists the Kingdom of Matthias the Utopians and the Spiritualists Truth drew her notions of justice from religion Sojourner Truth Prophet of Social Justice provides a concise biography of this important figure integrating her religious life in ways that shed light on Truth s work and the religious movements of her day Accompanied by primary source documents including political records speech transcripts and selections from her autobiography Richman s biography provides a rich and accessible narrative of Truth s life and legacy Arcana Coelestia Emanuel Swedenborg, 1855

Rethinking Economics Starting from the Commons Valentina Rotondi, Paolo Santori, 2023-02-20 This book proposes a new approach to economics starting from the commons and based on the Economy of Francesco EoF a worldwide movement of young people who aim to change the current economic models and working towards a fair sustainable and inclusive economic system EoF was convened by Pope Francis and is inspired by the example of St Francis of Assisi featuring Franciscan economic roots and institutions as well as theories of the social sciences The authors raise and answer several important questions throughout the volume such as What if the economic courses taught in the universities across the globe focused their attention on the topics of the commons rather than on private goods What if social businesses rather than being considered as a hybrid form of businesses became the normal approach and ethical and green finance ruled over the standard financial sector Is it possible to move away from the primacy of the consumers to the preeminence of ethical consumers who express their preferences for an inclusive sustainable and workers friendly economic system with their daily choices Using a unique approach the book includes the contributions of prominent scholars which are integrated and

discussed by young international scholars providing a fresh analysis with a glance of hope for the future The book is a must read for students scholars and researchers of economics and related disciplines interested in alternatives to the current economic mainstream in general and the Economy of Francesco in particular *Arcana cœlestia: or Heavenly mysteries contained in the sacred Scriptures, or Word of the Lord, manifested and laid open [an exposition of Genesis and Exodus].*
