**Between History and Fiction** Tracy Crowe Morey, 2010 This study explores a number of early modern comedias that deal with historical siege or military episodes in the history of the Iberian peoples Cervantes's *La Numancia* Lope de Vega's *El asalto de Mástrique* and his lesser known *La nueva victoria de don Gonzalo de Córdoba* Calderón de la Barca's *El sitio de Breda* and Velázquez's *El Hércules de Ocaña* are key texts examined here Taking the distinction between history and fiction in Neo-Aristotelian literary theory as a point of departure this book considers the intellectual and historical conditions that affect the ways in which early modern dramatists interpret historical events according to their own literary and ideological purposes The interplay of history and fiction demonstrates uses and discontents of legitimizing fiction in the early modern period Parallel themes of epic and siege intermingled with romance and carnivalesque humour provide alternative perspectives to early modern representations of empire and war on the Spanish stage Arturo Pérez-Reverte Anne L. Walsh, 2007 The complex narrative technique of one of Spain's most renowned contemporary authors The writings of Arturo Pérez-Reverte one of Spain's most renowned contemporary authors have been described as a minefield This monograph examines the complexities behind the narrative technique employed in creating such a minefield including an analysis of the role played by both male and female characters the relevance of the past as a motif and aspects of the role of storytelling in creating mystery where none should exist Both Revertian novels and journalistic writing are seen to be part of an overall game which is played between their author and his readers Film too forms part of the material reviewed as though Pérez-Reverte is not a script writer many films have been based on his novels The text-centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas the significance of the past whether historical cultural or literary and the role of the written word in communicating in rescuing and in challenging versions of that past in order to combat what Pérez-Reverte terms *dismemory* ANNE L. WALSH lectures in Hispanic Studies at University College Cork

**The Dutch Revolt Through Spanish Eyes** Yolanda Rodríguez Pérez, 2008 Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568-1648 The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict This book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away Which images and representations circulated the most and where did they come from Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved On the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of

the Netherlands through Spanish eyes during the course of the Eighty Years War

**Crime Scene Spain** Renée W. Craig-Odders, Jacky Collins, 2014-01-10 This essay collection examines the changing cultural political and physical landscape of Spain as represented in Spanish crime fiction of the last three decades The first several essays focus on crime fiction set in Barcelona and look at among other topics the symbiotic relationship between the city and the detective in Francisco Gonzalez Ledesma's long running Inspector Mendez series Manuel Vazquez Montalban's treatments of the 1992 Summer Olympic Games and place and identity in Alicia Gimenez Bartlett's Petra Delicado series Other essays examine regional and cultural illiteracy in Jorge Martinez Reverte's Galvez series and Spain's changing urban centers as represented in Andreu Martin's *El blues de la semana mas negra*

**The Power of Satire** Marijke Meijer Drees, Sonja de Leeuw, 2015-10-15 Satire is clearly one of today's most controversial socio cultural topics In this edited volume *The Power of Satire* it is studied for the first time as a dynamic discursive mode of performance with the power of crossing and contesting cultural boundaries The collected essays reflect the fundamental shift from literary satire or straightforward literary rhetoric with a relatively limited societal impact to satire's multi mediality in the transnational public space where it can cause intercultural clashes and negotiations on a large scale An appropriate set of heuristic themes space target rhetoric media time serves as the analytical framework for the investigations and determines the organization of the book as a whole The contributions written by an international group of experts with diverse disciplinary backgrounds manifest academic standards with a balance between theoretical analyses and evaluations on the one hand and in depth case studies on the other

**A Companion to the Twentieth-century Spanish Novel** Marta E. Altisent, 2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable chronology while all titles and quotations are translated into English Contributors Marta E Altisent Katarzyna Olga Beilin Ramon Buckley Jos F Colmeiro Stacey Dolgin Casado Sebastiaan Faber David K Herzberger Carlos Alex Longhurst Kathleen N March Cristina Mart nez Carazo Alfredo Mart nez Exp sito Nina L Molinaro Gonzalo Navajas Mari Jose Olaziregi Janet D Perez Randolph D Pope Josep Miquel Sobrer H Rosi Song

**Mediating Vulnerability** Anneleen Masschelein , Florian Mussgnug, Jennifer Rushworth, 2021-11-25 Mediating Vulnerability examines vulnerability from a range of connected perspectives It responds to the vulnerability of species their extinction but also their transformation This tension between extreme danger and creativity is played out in literary studies through the pressures the discipline brings to

bear on its own categories particularly those of genre Extinction and preservation on the one hand transformation adaptation and re mediation on the other These two poles inform our comparative and interdisciplinary project The volume is situated within the particular intercultural and intermedial context of contemporary cultural representation Vulnerability is explored as a site of potential destruction human as well as animal but also as a site of potential openness This is the first book to bring vulnerability studies into dialogue with media and genre studies It is organised in four sections Human Animal Violence Resistance Image Narrative and Medium Genre Each chapter considers the intersection of vulnerability and genre from a comparative perspective bringing together a team of international contributors and editors The book is in dialogue with the reflections of Judith Butler and others on vulnerability and it questions categories of genre through an interdisciplinary engagement with different representational forms including digital culture graphic novels video games photography and TV series in addition to novels and short stories It offers new readings of high profile contemporary authors of fiction including Margaret Atwood and Cormac McCarthy as well as bringing lesser known figures to the fore

**La cultura de la guerra y el teatro del Siglo de Oro** David García Hernán, 2006 La cultura de la guerra impregnaba casi todos los aspectos de la vida en la España del Siglo de Oro siendo trascendente tanto en la dimensión económica como en la social cultural y por supuesto política de aquellos tiempos Por parte de las instancias del poder había una clara intencionalidad de que el mensaje esencial de la política exterior junto con sus objetivos fueran conocidos y compartidos por la gran masa de súbditos de la monarquía para poder llevar a cabo empresas tan amplias y ambiciosas como se proponía al titánico imperio español de aquellos tiempos La literatura se mostraba así como un instrumento de propaganda para convencer a los españoles de la bondad de los costosos sacrificios a los que se veían abocados Pero además los autores al estar ellos mismos imbuidos de esa misma cultura de la guerra consideraban que el de los hechos militares era un tema bastante atractivo y recurrente para su éxito casi inmediato ante el gran público sobre todo si en sus obras se exponían los hechos gloriosos y las hazañas de los españoles y la propia condición excepcional que se tenía de ser español por aquel entonces En pocas actividades se reflejan tan bien esos principios como en el sublime teatro español del siglo de Oro donde de una forma absolutamente efectista es esto precisamente uno de los objetivos fundamentales del género se ponen de manifiesto todas estas grandezas aunque también las miserias para hacerlo todavía más comprensible y realista El teatro no cabe duda de que trinf ante las masas Y con las leyes del mercado en la mano era el gran público el que mandaba y así los autores le dieron lo que quería que se le recordara la singular condición de ser español en unos momentos en que los reconocidos hijos de Marte estaban diseminados con sus armas y con sus furias por buena parte de los campos de Europa Es muy probable que este fuera uno de los apoyos más grandes que se pudieron tener para ser más aceptable el constante sacrificio de la detracción militar la consideración de participar en un proyecto común en el que estaba en juego no sólo la grandeza del monarca sino también la supervivencia de la civilización occidental y la exaltación de la religión Católica Con un planteamiento esencialmente interdisciplinar Historia y
