War and Resistance in the Philippines, 1942-1944 James K Morningstar, 2021-04-15 War and Resistance in the Philippines 1942 1944 repairs the fragmentary and incomplete history of events in the Philippine Islands between the surrender of Allied forces in May 1942 and MacArthur's return in October 1944 No book has comprehensively examined the Filipino resistance during this crucial period Here James Kelly Morningstar provides for the first time a comprehensive history of the protracted fighting by 260 000 guerrillas in 277 units across the archipelago Beginning with the Japanese occupation the collapse of the United States Forces Far East USAFFE and the simultaneous rise of the complex diverse Philippine guerrilla movements Morningstar exposes the inadequacy of MacArthur's conventional plans while revealing his inchoate preparation for guerrilla resistance Morningstar then recounts in detail the impromptu resistance led by refugee American and Filipino soldiers local politicians and social revolutionaries left to battle the Japanese and each other with emphasis on how Japanese American and Filipino actions influenced and proscribed each other From a distance MacArthur contacted select guerrillas and organized agents to deliver supplies and radios to them by submarine In this way he empowered some to gain power as part of a united framework under his leadership This not only kept alive the resistance that denied the Japanese exploitation of the Philippines while setting the conditions for MacArthur's return it also ensured that no one guerrilla leader could challenge America's supremacy MacArthur's selective support to guerrilla groups that encouraged continued Filipino dependence on the United States would prove fatal for the incipient Maoist social revolution on Luzon Even so the Filipinos shared sacrifice in their act of resistance fueled a national consciousness that created a sense of deserved nationhood War and Resistance in the Philippines 1942 1944 concludes with a brief discussion of legacies of the guerrilla resistance MacArthur's return reestablished the power of American and Filipino political elites Guerrillas and other citizens who had experienced exceptional hardship now had to fight for recognition However the war had resulted in a more united Philippine national identity along with new political institutions to repair the divisions between the formerly exiled government the collaborationists and the members of resistance These momentous years of struggle in the Philippines changed the tide of history and challenge our understanding of war and resistance *A Gathering Darkness* Haruo Tohmatsu, H. P. Willmott, 2004-09-14 The United States involvement in World War II began with the Japanese bombing of Pearl Harbor on December 7 1941 But for Japan the conflict began at a much earlier date This book focuses on Japan and the events in its military history leading up to and including Pearl Harbor Unique in its perspective *A Gathering Darkness* shows how historical events in the 1920s and 1930s steered the country into war with America and its allies *A Gathering Darkness* looks at what happened inside Japan in the 1920s to change its outlook on the West There was a general repudiation of western values by Japanese society and Japan turned its back on the outside world and an international order that were making life difficult for the country The treaties made in Washington in the 1920s left Japan with a local supremacy that no other power

including Britain and the United States could challenge on the account of their lack of forward bases and their commitments that precluded full deployment of forces in the western Pacific *A Gathering Darkness* shows why Japan became increasingly militant in the 1930s The authors look at Japanese military involvement in Manchuria beginning in September 1931 They cover the beginning of Japan's involvement in China in 1937 a conflict in which Japan would end up in a deadlock with the China theater of operations in the period 1939-1941 The book then analyzes the first five months of the Pacific War including the Pearl Harbor strike and the synchronization of offensive operations across more than four thousand miles of ocean It also investigates the dilemma Japan faced as it realized in early 1942 that the United States was not going to collapse *A Gathering Darkness* is the first volume in SR Books trilogy on the Pacific War This book offers a fascinating look at the prelude to the Pacific War and the early stages of the conflict that no one interested in World War II military history or Japanese history will want to miss **Air University Library Index to Military Periodicals**, 1992 [The Rise and Fall of the Aztec Empire](#)

Jabara, 2023-05-14 A novel blend of war journalism and poetry rare in style and meticulously crafted love episodes pop up startlingly it laces the heart with a breeze of oxygen Even though the lines bleed and ache the chest and soul the brain slowly absorbs thoughts like a favourite meal Grief anger and the world's shame dominate the novel but not short of roses flowers love stories and wedding bells *The Rise and Fall of an Officer Corps* Eric Setzekorn, 2018-08-30 The People's Republic of China is the only large country in the world that does not have a national military its military answers only to a political party the Chinese Communist Party For a brief period in the mid twentieth century China had the makings of a professional apolitical military force *The Rise and Fall of an Officer Corps* tells the story of that moment in the military history of modern China how it came to be why it ultimately failed and what it meant for China at home and abroad Between 1942 and 1955 a cadre of highly trained nationalistic and cosmopolitan Chinese officers created a professional depoliticized military a force that could effectively represent the aspirations of China as a world power Drawing on multiple archival sources and Chinese military journals author Eric Setzekorn charts the development of this new army as a critical cultural and political force with

extensive connections to foreign powers During this period military officers were the primary actors in an intergovernmental partnership between the United States and the Republic of China The partnership gave officers access to educational opportunities and technological transfers that were central to their professional ideals Setzekorn s account of the career of General Sun Li jen an American educated Chinese army officer illustrates the rise of this new sense of professionalism as well as its decline after 1953 Setzekorn then traces the failure of the army building project to a renewed politicization of military forces marked by a purge of key military leaders in 1955 by Chiang Kai shek and his Koumintang KMT party By focusing on this important chapter in Chinese military history Setzekorn s work also highlights broader patterns of military transformation during the pivotal period from World War II through the early Cold War His work is critical to understanding the rise of China as a military and world power

Rise of the Fallen Robert Stanek,2009-09 For thousands of years the ageless masters have ruled the hundred worlds conquering all who oppose them while raising those who bring them glory but in remote Karthold the boy Rast n struggles to keep alive the memories of his fallen people and fulfill the wishes of his ailing father For an Alv he is young he has no great power to help him no true magic to light his way and keep him safe Yet as his life turns increasingly grim he must find the courage and resourcefulness to befriend his most savage enemies if there is to be hope for him and his people
