Soliah The Sara Jane Olson Story:

Soliah Sharon Darby Hendry, 2002 **Put the Money in My Purse!** Judith A. Yates, 2022-01-27 Drawing on media reports interviews and court records this book recounts the stories of women bank robbers in the United States from the time of the Revolutionary War to the present Ranging from sensational to poignant to comical the heists of frontier outlaws gun molls insurrectionists housewives grandmas and young mothers literally robbing for Pampers are narrated as part of the social history of women in America *Female Terrorism in America* Jonathan Matusitz, Elena Berisha, 2020-09-17 This book provides a comprehensive analysis of female terrorism in America both past and present The volume takes a fresh look at women's actions of left wing political violence right wing political violence and religious extremist violence among others It also examines the multitude of roles that women have played over the past few decades in such organizations including leadership positions and more passive roles not to mention the diverse methods of recruitment radicalization and propaganda The objective of this book is to examine using a wide range of case studies facts statistics and theoretical methodologies how collective or personal factors have influenced or reinforced the actions that these women take Government agencies continue to underestimate the ability of women to support and perpetrate terrorism As such the United States is facing a wholly inaccurate and incomplete picture of the complexities of domestic terrorism and this is contributing to a serious neglect of the issue at the national level This volume ultimately aims to offer policy relevant solutions to decrease the threat of domestic female political violence in the United States *Female Terrorism in America* will be of much interest to students of terrorism and political violence American politics gender studies and sociology **Wanted Women** Mary Elizabeth Strunk, 2010-09-18 The iconic photo of Bonnie Parker cigar clenched in jaw pistol in hand says it all America loves its bad girls Now Mary Elizabeth Strunk tells us why *Wanted Women* is a startling look at the lives and legends of ten female outlaws who gained notoriety during the tumultuous decades that bracketed the tenure of FBI director J Edgar Hoover Strunk looks at real life events and fictional portrayals to decipher what our obsession with these women says about shifting gender roles evolving law enforcement practices and American cultural attitudes in general These women's stories reveal what it takes and what it has meant to be a high profile female lawbreaker in America Strunk introduces us to Kathryn Mrs Machine Gun Kelly Ma Barker and Bonnie Parker from the 1930s and from the 1970s we meet heiress turned revolutionary Patty Hearst five other women of the Symbionese Liberation Army and Black Panther Assata Shakur All saw themselves as struggling against an oppressive legal system All became wanted criminals and would play a part in shaping Hoover's legacy And all spent enormous amounts of energy attempting to manipulate public opinion in their favor Strunk argues that each woman's public persona was to some degree invented by Hoover who saw outlaw women as an alarming threat to public morality He went after them with a vengeance but in many ways his obsession only added to their reputations Strunk shows how Hoover's repeated use of popular culture to publicize the threat of violent women initially succeeded in strengthening his FBI but his

approach became a liability by the time law enforcement was pitted against the women outlaws of the 1970s The book chronicles the careers of these infamous outlaws both in the real world and in popular culture film ads true crime stories autobiographies as well as Hoover s own forays into filmmaking It boasts 27 compelling images of movie stills wanted posters and other ephemera that have been assembled nowhere else including rarely reproduced SLA artifacts Strunk s book is the first study to define the narrow formula necessary for a woman to cross over from criminal to outlaw Hitting on key notes of American culture from Black and gender studies to cinematic and legal history Wanted Women sets a new benchmark for how we view women and crime as it contributes fresh insights into twentieth century social history **Creating a**

Movement with Teeth Daniel Burton-Rose,2010-10-01 Bursting into existence in the Pacific Northwest in 1975 the George Jackson Brigade claimed 14 pipe bombings against corporate and state targets as many bank robberies and the daring rescue of a jailed member Combining veterans of the prisoners women s gay and black liberation movements this organization was also ideologically diverse consisting of both communists and anarchists Concomitant with the Brigade s extensive armed work were prolific public communications In more than a dozen communiqu s and a substantial political statement they sought to explain their intentions to the public while defying the law enforcement agencies that pursued them Creating a Movement with Teeth makes available this body of propaganda and mediations on praxis collecting it in one volume for the first time In addition the collection assembles corporate media profiles of the organization s members and alternative press articles in which partisans thrash out the heated debates sparked in the progressive community by the eruption of an armed group in their midst Creating a Movement with Teeth illuminates a forgotten chapter of the radical social movements of the 1970s in which diverse interests combined forces in a potent rejection of business as usual in the United States *Days of Rage* Bryan Burrough,2016-04-05 The Weathermen The Symbionese Liberation Army The FALN The Black Liberation Army The names seem quaint now but there was a stretch of time in America when there was on average more than one significant terrorist act in the U S every week The FBI combated these groups and others as nodes in a single revolutionary underground dedicated to the violent overthrow of the American government Thus began a decade long battle between the FBI and these homegrown terrorists compellingly and thrillingly documented in Days of Rage A History of Heists Jerry Clark,Ed Palattella,2015-07-09 No crime is as synonymous with America as bank robbery Though the number of bank robberies nationwide has declined bank robbery continues to captivate the public and jeopardize the safety of banks and their employees In A History of Heists Jerry Clark and Ed Palattella explore how bank robbers have influenced American culture as much as they have reflected it Jesse James Butch Cassidy Bonnie and Clyde John Dillinger Willie Sutton and Patty Hearst are among the most famous figures in the history of crime in the United States Jesse James used his training as a Confederate guerrilla to make bank robbery a political act John Dillinger capitalized on the public s scorn of banks during the Great Depression and became America s first Public Enemy Number One When she held up a bank with the leftist

Symbionese Liberation Army Patty Hearst fueled the country's social unrest Jerry Clark and Ed Palattella delve into the backgrounds and motivations of the robbers and explore how they are as complex as the nation whose banks they have plundered But as much as the story of bank robbery in America focuses on the thieves it is also a story of those who investigate the heists As bank robbers became more sophisticated so did the police the Federal Bureau of Investigation and other law enforcement agencies This captivating history show how bank robbery shaped the modern FBI and how it continues to cultivate America's fascination with the noble outlaw bandits seen rightly or wrongly as battling unjust authority

Jensen, 2011-11-10 A unique two volume study that examines female crime and the women who commit it The two volume *Women Criminals: An Encyclopedia of People and Issues* addresses both key topics and key figures in women's crime The first volume provides topical essays about areas critical to the understanding of female criminals such as the definition of women's crime explanations of women's criminality ethnic and age diversity in female criminals and responses of the criminal justice system The second volume comprises biographical entries profiling women who are obviously criminals such as Aileen Wuornos and Myra Hindley and also women who were victims of circumstance unjust laws or narrowly applied definitions of crime such as Rosa Parks Harriet Tubman and Sophie Scholl In addition to highlighting the breadth of women's criminality these portraits provide a holistic multifaceted understanding of the dynamics of women's crime and why it occurs connecting

the individual stories to the larger social scientific perspectives Care has been taken to include the women s own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality
