Soliciting Interpretation Elizabeth D. Harvey, Katharine Eisaman Maus, 1990-08-08 This collection gathers new essays by critics and scholars who are currently reshaping our sense of the function and nature of seventeenth century poetry Contributors return to the New Critical canon of Renaissance poetry with fresh perspectives that emphasize considerations of gender ideology power and language In the first group of essays David Norbrook Annabel Patterson John Guillory Rosemary Kegl and Stephen Orgel explore the various ways in which a text can be political Next Arthur Marotti Jane Tylus and Jonathan Goldberg consider the circumstances of textual production and reception in the seventeenth century Finally Stanley Fish Gordon Braden Michael C Schoenfeldt and Maureen Quilligan discuss the particular forms of anxiety that result when seventeenth century poets modify the traditional rhetoric of sexual desire to serve what seem to be erotic or religious purposes These essays accompanied by an extensive editors introduction intersect less in their shared enthusiasm for particular authors or interpretative methods than in a common interest in particular critical issues They present the most exciting work by critics redefining Renaissance studies

River Jordan Rachel Havrelock, 2011-12-01 As the site of several miracles in the Jewish and Christian traditions the Jordan is one of the world's holiest rivers It is also the major political and symbolic border contested by Israelis and Palestinians Combining biblical and folkloric studies with historical geography Rachel Havrelock explores how the complex religious and mythological representations of the river have shaped the current conflict in the Middle East Havrelock contends that the intractability of the Israeli Palestinian conflict stems from the nationalist myths of the Hebrew Bible where the Jordan is defined as a border of the Promised Land Both Israelis and Palestinians claim the Jordan as a necessary boundary of an indivisible homeland Examining the Hebrew Bible alongside ancient and modern maps of the Jordan Havrelock chronicles the evolution of Israel's borders based on nationalist myths while uncovering additional myths that envision Israel as a bi

national state These other myths she proposes provide roadmaps for future political configurations of the nation Ambitious and masterful in its scope River Jordan brings a fresh provocative perspective to the ongoing struggle in this violence riddled region

Making the Miscellany Megan Heffernan, 2021-03-05 In *Making the Miscellany* Megan Heffernan examines the poetic design of early modern printed books and explores how volumes of compiled poems which have always existed in practice responded to media change in sixteenth and seventeenth century England Heffernan's focus is not only the material organization of printed poetry but also how those conventions and innovations of arrangement contributed to vernacular poetic craft the consolidation of ideals of individual authorship and centuries of literary history The arrangement of printed compilations contains a largely unstudied and undertheorized archive of poetic form Heffernan argues In an evolving system of textual transmission compilers were experimenting with how to contain individual poems within larger volumes By paying attention to how they navigated and shaped the exchanges between poems and their organization she reveals how we can witness the basic power of imaginative writing over the material text *Making the Miscellany* is also a study of how this history of textual design has been differently told by the distinct disciplines of bibliography or book history and literary studies each of which has handled and obscured the formal qualities of early modern poetry compilations and the practices that produced them Revisiting these editorial and critical approaches this book recovers a moment when compilers poets and readers were alert to a poetics of organization that exceeded the limits of the individual poem

Epistolary Community in Print, 1580-1664 Diana G. Barnes, 2016-05-13 *Epistolary Community in Print* contends that the printed letter is an inherently sociable genre ideally suited to the theorisation of community in early modern England In manual prose or poetic form printed letter collections make private matters public and in so doing reveal first how tenuous is the divide between these two realms in the early modern period and second how each collection helps to constitute particular communities of readers Consequently as

Epistolary Community details epistolary visions of community were gendered This book provides a genealogy of epistolary discourse beginning with an introductory discussion of Gabriel Harvey and Edmund Spenser's Wise and Wittie Letters 1580 and opening into chapters on six printed letter collections generated at times of political change Among the authors whose letters are examined are Angel Day Michael Drayton Jacques du Bosque and Margaret Cavendish Epistolary Community identifies broad patterns that were taking shape and constantly morphing in English printed letters from 1580 to 1664 and then considers how the six examples of printed letters selected for discussion manipulate this generic tradition to articulate ideas of community under specific historical and political circumstances This study makes a substantial contribution to the rapidly growing field of early modern letters and demonstrates how the field impacts our understanding of political discourses in circulation between 1580 and 1664 early modern women's writing print culture and rhetoric **Mediatrix**

Politics of Early Modern Women's Writing provides an introduction to the ever expanding field of early modern women's writing by reading texts in their historical and social contexts. Covering a wide range of forms and genres, the author shows that rather than women conforming to the conventional chaste, silent and obedient model or merely working from the margins of Renaissance culture, they in fact engaged centrally with many of the major ideas and controversies of their time. The book discusses many previously neglected texts and authors as well as more familiar figures such as Mary Sidney, Countess of Pembroke, Isabella Whitney and Lady Mary Wroth, and draws attention to the importance of genre and forms of circulation in the production of meaning. The Politics of Early Modern Women will be of interest both to those encountering this material for the first time and to students and scholars working in the fields of women's writing, gender studies, history and literature.

Guilty Creatures : Renaissance Poetry and the Ethics of Authorship Dennis Kezar Assistant Professor of English Vanderbilt University, 2001-04-05 In this innovative and learned study, Dennis Kezar examines how Renaissance poets conceive the theme of killing as a specifically representational and interpretive form of violence. Closely reading both major poets and lesser known authors of the early modern period, Kezar explores the ethical self-consciousness and accountability that attend literary killing, paying particular attention to the ways in which this reflection indicates the poet's understanding of his audience. Among the many poems through which Kezar explores the concept of authorial guilt elicited by violent representation are Skelton's Phyllyp Sparowe, Spenser's Faerie Queene, Shakespeare's Julius Caesar, the multi-authored Witch of Edmonton and Milton's Samson Agonistes.

Ashgate Critical Essays on Women Writers in England, 1550-1700 Clare R. Kinney, 2017-05-15 The last twenty-five years have seen exciting new developments in scholarly work on Lady Mary Wroth, whose Urania and Pamphilia to Amphilanthus constitute the first romance and the first sonnet sequence to be published by an Englishwoman. Wroth's writings enter into a suggestive and gendered dialogue with the lyric and narrative works of her uncle, Sir Philip Sidney, even as they carve out a place for her own literary experiments. This volume gathers together some of the most striking recent criticism addressing Wroth's oeuvre.

many of its essays also discuss the intellectual and cultural contexts in which she wrote The collection is prefaced by an extended editorial overview of scholarship in the field
