Narratives in the Context of the Hebrew Bible Sean E. Cook, 2017-06-29 This book is concerned with ascertaining the value of having two versions of the same monarchic history of Israel within the Hebrew Bible focusing on the books of Kings and Chronicles It is furthermore concerned with how the book of Chronicles is read in relation to the book of Kings as Chronicles is so often considered to be a later rewritten text drawing upon an earlier version of the Masoretic Text of Samuel and Kings The predominant scholarly approach to reading the book of Chronicles is to read it in light of how the Chronicler emended his source texts additions omissions harmonizations This approach has yielded great success in our understanding of the Chronicler s theology and rhetoric However Cook asserts it has also failed to consider how the book of Chronicles can be read as an autonomous and coherent document That is a diachronic approach to reading Chronicles sometimes misses the theological and rhetorical features of the text in its final form This book shows the great benefit of reading these narratives as autonomous and coherent by using the Solomon narratives as a case study These narratives are first read individually and then together so as to ascertain their uniqueness vis vis one another Finally Cook addresses questions related to the concordance of these narratives as well as their purposes within their respective larger literary contexts **Solomon** Steven

Fretheim, 1999-01-01 Old Testament scholar Terence Fretheim identifies the theology in the dramatic accounts of the books of Kings which chronicles the reigns of more than forty kings over a period of nearly four hundred years Interspersing theological reflections throughout Fretheim trace s God s words of judgement and promise for

Development of an Icon John W. Herbst, 2016-10-31 The most extensive royal accounts in the Hebrew Bible are those of kings David the Succession Narrative usually identified as 2 Sam 9 20 and 1 Kgs 1 2 and Solomon the Solomon Story 1 Kgs 3 11 Yet even though Solomon immediately follows David in the Deuteronomistic History little has been done to correlate these accounts But what if these passages were meant to be read together Utilizing the Double Redaction theory Herbst proposes that an exilic Deuteronomist inserted the Succession Narrative into the Deuteronomistic History then revised the Solomon Story in light of this addition His key contribution was 1 Kings 1 2 a passage designed to connect the two larger sections highlighting the similarities and differences of the two kings Interpreting the composition history of 2 Samuel and 1 Kings in this way gives new insight into the Deuteronomist's views regarding kings and kingship This approach also solves many of the problems of the Solomon story in which the narrator appears to simultaneously praise and criticize Solomon And along the way Herbst offers new insights into individual passages further enhancing our understanding of the message of the Deuteronomistic History

Three Seasons of Charismatic Leadership

Tamas Czovek, 2008-04-01 This research is an investigation into the charismatic leadership of Saul David and Solomon Regarding methodology the study is a synchronic reading and is keen to demonstrate the theology explicit or implicit in the text This study assumes that charismatic leaders emerge in crisis situations and in order to resolve the crisis by the charisma granted by God In regard to Saul the book argues that Saul proved himself a charismatic leader as long as acting resolutely and independently from Samuel his mentor He failed however because in Samuel's shadow he could not establish himself as a charismatic leader David was successful because of his autonomy and resolution Also he was a successful charismatic leader as long as he remained independent King David however was gradually sidelined by Joab Another major theme of the David narrative is the clash between the concepts of charismatic military leadership and that of oriental kingship David's military leadership and the charisma related to it are constantly challenged by the concept of oriental kingship Although at his emergence he had lacked charisma Solomon wisely chose the leadership skills needed to lead Israel Attention is however drawn to the tensions between Solomon's leadership benefiting Israel and the royal pretension manifest in royal projects The relationship of the new charismatic leader with the old leader is scrutinized how the new leader is appointed how he emerges how the old persists in short the transition and succession in leadership An evaluation of the activity of the charismatic follows could he resolve the crisis from which he emerged and for which he was granted God's spirit To what extent were these leaders charismatic

The Persuasive Portrayal

of David and Solomon in Chronicles Suk-Il Ahn, 2018-02-01 This study examines the speeches and prayers in the David Solomon narrative in Chronicles and seeks to demonstrate that the Chronicler's portrayal of David and Solomon attempts to establish the Yehudite community's identity Is the covenantal relationship still valid in the Persian period The author asserts that as a commitment to YHWH involving the worship of YHWH through the Jerusalem temple the covenantal relationship between YHWH and Israel continues even into the Persian period This study employs Kennedy's rhetorical method with the new categories of the narrative situation and the Chronicler's situation being used to further delineate his concept of the

narrative situation The Chronicler's portrayal of David and Solomon through speeches and prayers serves to persuade his audience of the significance of the Jerusalem temple reformulating the Yehudite community identity as a cultic community in the Persian period

"Why Ask My Name?" Adele Reinhartz, 1998-11-12 Unnamed characters such as Lot's wife Jephthah's daughter Pharaoh's baker and the witch of Endor are ubiquitous in the Hebrew Bible and appear in a wide variety of roles Adele Reinhartz here seeks to answer two principal questions first is there a poetics of anonymity and if so what are its contours Second how does anonymity affect the reader's response to and construction of unnamed biblical characters The author is especially interested in issues related to gender and class seeking to determine whether anonymity is more prominent among mothers wives daughters and servants than among fathers husbands sons and kings and whether the anonymity of female characters functions differently from that of male characters

Fallenness, Sustainment, and Judgment Albert R. Portillo, 2025-01-21 This book seeks to establish a basis for coherency in Qohelet's theological appeal by analyzing a thematic trajectory underpinned by the rhetoric of Qohelet's emphasis on vanity joy and judgment These emphases follow what have been labeled projectile themes which aim at particular points of Qohelet's message carrying the audience through Qohelet's flow of thought These thoughts are deeply correlated and best recognized as the substance forming Qohelet's framework from which Qohelet's teaching flows In other words Qohelet's thoughts revealed by his thematic emphases and endpoint function as an evangelistic appeal to a theological worldview whereby the minds and hearts of his audience are directed to a present and future reality in the fear of God concept This present and future reality follows the premise that humanity enters a fallen world God sustains humanity amid the fallenness and God preserves the lives of those who fear him on the day of judgment What is ultimately discovered is that coherence in the course followed by the projectile themes of fallenness sustainment and judgment forms a framework guiding a trajectory in Qohelet aiming at an appeal to righteous living and eschatological hope
