Skinflicks Erotic Tales From Behind The Scenes:

Skinflicks Bruce Wayne, 1999 The most notorious gay porn stars write about the world they know best in *Skinflicks* a collection of 15 erotic short stories You can just imagine the stories they have to tell and the hottest ones are in this book Some of them are based on true events others are simply fantasies only the authors know for sure Full of sexy escapades *Skinflicks* will captivate readers and take them behind the scenes of an erotic exciting world *Forthcoming Books* Rose Arny, 1998 *The Book of Kink* Eva Christina, 2011-10-04 How to get your Fifty Shades on For anyone who's felt inspired after reading *Fifty Shades of Grey* *The Book of Kink* both entertains and enlightens showing you the who what where why and how of kink People everywhere are into kinky sex For some it's a way to spice up a withered sex life for others it's a way of life No matter how or why we do it kinky sex is as old as Adam and Eve and as commonplace as your next door neighbor For example did you know Japan organized the largest orgy ever caught on tape featuring 500 participants A Berlin hotel offers different rooms dedicated to kinky sex including one with a coffin Those who are into having sex with an armpit have a fetish called axillism There is a university dedicated entirely to love and sex called the Loveology University *The Book of Kink* is an entertaining and enlightening look into all things beyond the pale when it comes to sex Exploring everything from equipment sex classes sex parties and porn to the who what where when why and how of kink it delves into fetishes turn ons role playing and how the Internet has put a new spin on kinkiness It is an X rated romp through cultural and social history and contemporary mores Whether you're appalled to learn that people actually do this or are relieved to find out that you're not the only one you'll never see sex the same way again *The X List* Jami Bernard, 2009-04-20 National Society of Film Critics dares to go where few mainstream critics have gone before to the heart of what gets the colored lights going as they say in *A Streetcar Named Desire* Here is their take on the films that quicken their and our pulses an enterprise both risky and risque an entertaining overview of the most arousing films Hollywood has every produced But make no mistake about it This isn't a collection of esoteric critic's choice movies The films reflect individual taste rubbing against the grain of popular wisdom And because of the personal nature of the erotic forces at play these essays will reveal more about the individual critics than perhaps they have revealed thus far to their readers The Society is a world renowned marquee name organization embracing some of America's most distinguished critics more than forty writers who have followings nationally as well as devoted local constituencies in such major cities as New York Chicago Los Angeles Boston Philadelphia Atlanta and Minneapolis Yes *The X List* will have something for every lover of film and for every lover **Tribal Fantasies** J. Mackay, D. Stirrup, 2012-12-28 This transnational collection discusses the use of Native American imagery in twentieth and twenty first century European culture With examples ranging from Irish oral myth through the pop image of Indians promulgated in pornography to the philosophical appropriations of Ernst Bloch or the European far right contributors illustrate the legend of the Indian Drawing on American Indian literary nationalism postcolonialism and transnational theories essays demonstrate a

complex nexus of power relations that seemingly allows European culture to build its own Native images and ask what effect this has on the current treatment of indigenous peoples

The Space of Sex Shelton Waldrep, 2021-05-20 As film and television become ever more focused on the pornographic gaze of the camera the human body undergoes a metamorphosis becoming both landscape and building part of an architectonic design in which the erotics of the body spread beyond the body itself to influence the design of the film or televisual shot The body becomes the mise en scene of contemporary moving imagery Opening The Space of Sex Shelton Waldrep sets up some important tropes for the book the movement between high and low art the emphasis on the body looking and framing the general intermedial and interdisciplinary methodology of the book as a whole The Space of Sex s second half focuses on how sex gender and sexuality are represented in several recent films including Paul Schrader s The Canyons 2013 Oliver Stone s Savages 2012 Steven Soderbergh s Magic Mike 2012 Lars Von Trier s Nymphomaniac 2013 and Joseph Gordon Levitt s Don Jon 2013 Each of these mainstream or independent movies and several more are examined for the ways they have attempted to absorb pornography if not the pornography industry specifically into their plot According to Waldrep the utopian elements of seventies porn get reprocessed in a complex way in the twenty first century as both a utopian impulse the desire to have sex on the screen to re eroticize sex as something positive and lacking in shame with a mixed feeling about pornography itself with an industry that can be seen in a dystopian light In other words sex in our contemporary world still does not come without compromise

Sources and Methods in the History of Sexuality Anna Clark, Elizabeth W. Williams, 2024-09-12 Sources and Methods in the History of Sexuality outlines some of the challenges of retracing sexual acts identities and desires in the past and shows how historians have responded to these methodological challenges with ingenuity and creativity The volume acknowledges that the history of sexuality poses particularly interesting challenges in relation to sources due the peculiar nature of sexuality On one hand sexuality is frequently hidden and private its practices often unknown denied and evaded its desires fleeting or obsessive its reality confused or illuminated by fantasy yet on the other sexuality consistently breaks into the public sphere through moral panics waves of persecution taxonomizing projects and medical juridical interventions With vivid case studies from renowned contributors the chapters provide different theoretical approaches along with more practical examples of how to study the history of sexuality The volume has a broad chronology from the ancient world to the present an extensive geography covering not only Europe and the Americas but also Latin America and Africa and also includes a variety of gender and sexual expressions The book also privileges texts that offer an intersectional approach asking how sex and sexualities were constructed alongside against other categories of difference With accessible writing this volume encourages the reader to think creatively about how to find evidence of sex sexuality in the past and will be of value to students as well as scholars interested in the history of sexuality

The Eight Technologies of Otherness Dr Sue Golding, Sue Golding, 2002-09-11 The Eight Technologies of Otherness is a bold and provocative re thinking of identities politics philosophy ethics and cultural

practices In this groundbreaking text old essentialism and binary divides collapse under the weight of a new and impatient necessity Consider Sue Golding s eight technologies curiosity noise cruelty appetite skin nomadism contamination and dwelling But why only eight technologies And why these eight in particular Included are thirty three artists philosophers filmmakers writers photographers political militants and pulp theory practitioners whose work or life has contributed to the re thinking of otherness to which this book bears witness throw out a few clues

Porn Studies Linda Williams,2004 In her pioneering book Hard Core Linda Williams put moving image pornography on the map of contemporary scholarship with her analysis of the most popular and enduring of all film and video genres Now fifteen years later she showcases the next generation of critical thinking about pornography and signals new directions for study and teaching Porn Studies resists the tendency to situate pornography as the outer limit of what can be studied and discussed With revenues totaling between ten and fourteen billion dollars annually more than the combined revenues of professional football basketball and baseball visual hard core pornography is a central feature of American popular culture It is time Williams contends for scholars to recognize this and give pornography a serious and extended analysis The essays in this volume move beyond feminist debates and distinctions between a good erotica and a bad hard core Contributors examine varieties of pornography from the tradition of the soft core pin up through the contemporary hard core tradition of straight gay and lesbian videos and dvds to the burgeoning phenomenon of pornography on the Internet They explore as examples of the genre individual works as divergent as The Starr Report the pirated Tommy Lee Pamela Anderson honeymoon video and explicit Japanese ladies comics consumed by women They also probe difficult issues such as the sexualization of race and class and the relationship of pornography to the avant garde To take pornography seriously as an object of analysis also means teaching it Porn Studies thus includes a useful annotated bibliography of readings and archival sources important to the study of pornography as a cultural form Contributors Heather Butler Rich Cante Jake Gerli Minette Hillyer Nguyen Tan Hoang Despina Kakoudaki Franklin Melendez Ara Osterweil Zabet Patterson Constance Penley Angelo Restivo Eric Schaefer Michael Sicinski Deborah Shamon Maria St John Tom Waugh Linda Williams
