interspersed with period photographs paintings and sketches This is a delightful evocation of a vanished world **Skinner's Horse** Philip Mason, 1980 Unbattled Fears: Reckoning the National Security Sumit Walia, 2021-02-16 Strategic thinking has not been part of our national discourse Till the end of 20th century there were a very few public or private think tanks discussing the challenges our nation faced There was no private news channel till 1999 and when they started they went about doing their news business Lack of strategic thinking was apparent during 1962 war with China when we had clear indications of heinous moves and design of China The Indian Army had submitted reports highlighting the Chinese threat but it all fell on deaf ears The Prime Minister of the time thumped the table and said It is not the job of Commander in Chief to tell the Government who will attack India China will never attack us rather China would come to our rescue if needed You should concentrate on Pakistan Rest is history Successive governments did not learn the lesson Strategic and National Security matters were still prerogative of government institutions Till 2000 there were a few government funded or private think tanks United Service Institution of India Indian Direct Selling Association Indian Defence Review etc working on this vital subject New think tanks came up but their reach was limited There appears to be much more interest in masses now than what it was 20 years ago This book is a compilation of articles written on different subjects It is divided in four sections every section dealing with a different subject Readers should consider the backdrop date given at the first page of every
