Rethinking the Theatre of the Absurd Carl Lavery, Clare Finburgh Delijani, 2015-11-05 Rethinking the Theatre of the Absurd is an innovative collection of essays written by leading scholars in the fields of theatre performance and eco criticism which reconfigures absurdist theatre through the optics of ecology and environment As well as offering strikingly new interpretations of the work of canonical playwrights such as Beckett Genet Ionesco Adamov Albee Kafka Pinter Shepard and Churchill the book playfully mimics the structure of Martin Esslin's classic text The Theatre of the Absurd which is commonly recognised as one of the most important scholarly publications of the 20th century By reading absurdist drama for the first time as an emergent form of ecological theatre Rethinking the Theatre of the Absurd interrogates afresh the very meaning of absurdism for 21st century audiences while at the same time making a significant contribution to the development of theatre and performance studies as a whole The collection's interdisciplinary approach accessibility and ecological focus will appeal to students and academics in a number of different fields including theatre performance English French geography and philosophy It will also have a major impact on the new cross disciplinary paradigm of eco criticism **Playing for time**

Geraldine Cousin, 2013-07-19 Playing for time explores connections between theatre time the historical moment and fictional time Geraldine Cousin persuasively argues that a crucial characteristic of contemporary British theatre is its preoccupation with instability and danger and traces images of catastrophe and loss in a wide range of recent plays and productions The diversity of the texts that are examined is a major strength of the book In addition to plays by contemporary dramatists Cousin analyses staged adaptations of novels and productions of plays by Euripides Strindberg and Priestley A key focus is Stephen Daldry's award winning revival of Priestley's An Inspector Calls which is discussed in relation both to other Priestley time plays and to Caryl Churchill's apocalyptic Far Away Lost children are a recurring motif Bryony Lavery's Frozen for example is explored in the context of the Soham murders which took place while the play was in production at the National Theatre whilst three virtually simultaneous productions of Euripides Hecuba are interpreted with regard to the Beslan massacre of schoolchildren **Women in Dramatic Place and Time** Geraldine Cousin, 2002-09-11 First published in 1996 Routledge is an imprint of Taylor Francis an informa company

The Theatre of Caryl Churchill R. Darren Gobert,2014-09-25 The Theatre of Caryl Churchill documents and analyses the major plays and productions of one of Britain s greatest and most innovative playwrights Drawing on hundreds of never before seen archival sources from the US and the UK it provides an essential guide to Churchill s groundbreaking work for students and theatregoers Each chapter illuminates connections across plays and explores major scripts alongside unpublished and unfinished projects Each considers the rehearsal room the stage and the printed text Each demonstrates how Churchill has pushed the boundaries of dramatic aesthetics while posing urgent political and theoretical questions But since each maps Churchill s work in a different way each deploys a different reading practice for many approaches are necessary to characterise such a restlessly imaginative and prolific career Through its five interlocking parts *The Theatre of Caryl Churchill* tells a story about the playwright her work and its place in contemporary drama [The Herlequin - Pitch & Sickle Book Six](#) D K Girl,2023-04-27 The Diabolus Chronicles continue Pitch and Sickle have escaped the Fulbourn but not their fate The Lady s Horsemen have survived enraged fae queens murderous forest guardians walking corpses and ghosts turned monstrous by the Blight They have been tortured by sorcerers and made playthings by enemies who have sided with the Morrigan The ankou and his daemon prince have both confronted awful secrets from their pasts and made terrible sacrifices to keep the other safe But how much further will they be forced to go to protect the unimaginable bond that has grown between them In the midst of the chaos and carnage of the Fulbourn a deadman and a daemon found each other But all is not as it should be for Prince Vassago and as the next challenge arises Pitch will need Silas s steadying presence more than ever before The journey to Blood Lake will be perilous A great hunt has begun Can Silas and the Order outwit the Morrigan and deliver Pitch to where Seraphiel s secrets lie Or will the Herlequin succeed where all the rest have failed For the Reader This book contains much death lots of blood sprinklings of tragedy and a cliffhanger The Diabolus Chronicles is an 8 Book series [Playwriting, Dramaturgy and Space](#) Sara Freeman,2024-01-10 Theatre has come back to text but with perspectives shifted by the experimental practices of the twentieth century across performance forms Contemporary playwriting brings its scenographic engagement to the foreground of the text reflecting the spatial turn in theory and practice In production this spatiality has renewed and enlivened the status and impact of text based theatre Theatre studies needs to better describe the artfulness of contemporary text based theatre bringing to it the same sophisticated lenses scholars and critics have used for performance based theatre and other experimental theatre practices This Element does that by presenting the work of Caryl Churchill Naomi Iizuka and Sarah Ruhl as exemplary of the way text based theatre both

its scripts and productions now creates and expects a spatialized imaginary and demonstrates the potentials of text based theatre in an increasingly visual and spatial field of cultural production

Dramatic Revisions of Myths, Fairy Tales and Legends Verna A. Foster, 2012-10-10 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths fairy tales and legends from a variety of cultures including Greek West African North American Japanese and various parts of Europe The dramatists discussed range from well established playwrights such as Tony Kushner Caryl Churchill and Timberlake Wertenbaker to new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney The book contributes to the current discussion of adaptation theory by examining the different ways and for what purposes plays revise mythic stories and characters The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths fairy tales and legends to address contemporary concerns especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence

The Politics and Poetics of Contemporary English Tragedy Sean Carney, 2013-02-13 The Politics and Poetics of Contemporary English Tragedy is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney s attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic
