This work employs a critical narrative style interweaving historical documentation with vivid descriptions of the landscapes and people affected by the imperial project. Wack delves into the economic motivations behind the establishment of the Congo Free State alongside the brutal realities of forced labor and violence, providing readers with a deep understanding of the socio-political context of late 19th and early 20th century colonialism. Henry Wellington Wack, a historian deeply engaged in colonial studies, utilizes his extensive research and firsthand accounts to bring the challenges of the Congolese people to the forefront. His background in anthropology and history, coupled with a strong ethical commitment to social justice, has undoubtedly shaped his perspective on the atrocities committed in the Congo. Drawing from a variety of primary sources, Wack aims to shed light on this often overlooked chapter of history, emphasizing the need for accountability and remembrance. An engaging and surreal adventure with intimations of romance, exploring the most important questions regarding the Passage that leads beyond this life towards our ultimate destiny. The Plains of Elysium is described by Homer, Hesiod, Virgil, and many other poets as the paradisiacal afterlife reserved for heroes. *The Summit* is not just about a hero or a mountain expedition but a fall into the mystery of the unknown universe.
