to what we know think and question Fathering from the Margins Aasha M. Abdill,2018-06-12 Despite a decade of sociological research documenting black fathers significant level of engagement with their children stereotypes of black men as deadbeat dads still shape popular perceptions and scholarly discourse In Fathering from the Margins sociologist Aasha M Abdill draws on four years of fieldwork in low income predominantly black Bedford Stuyvesant Brooklyn to dispel these destructive assumptions She considers the obstacles faced and the strategies used by black men with children Abdill presents qualitative and quantitative evidence that confirms the increasing presence of black fathers in their communities arguing that changing social norms about gender roles in black families have shifted fathering behaviors Black men in communities such as Bed Stuy still face social and structural disadvantages including disproportionate unemployment and incarceration with significant implications for family life Against this backdrop black fathers attempt to reconcile contradictory beliefs about what makes one a good father and what makes one a respected man by developing different strategies for expressing affection and providing parental support Black men s involvement with their children is affected by the attitudes of their peers the media and especially the women of their families and communities from the grandmothers who often become gatekeepers to involvement in a child s life to the female dominated sectors of childcare primary school and family service provision Abdill shows how supporting black men in their quest to be and be seen as family men is the key to securing not only their children s well being but also their own Funk the Clock Rahsaan Mahadeo,2024-05-15 Funk the Clock is about those said to be emblematic of the future yet denied a place in time Hence this book is both an invitation and provocation for Black youth to give the finger to the hands of time while inviting readers to follow their lead In revealing how time is racialized how race is temporalized and how racism takes time Rahsaan Mahadeo makes clear why conventional sociological theories of time are both empirically and theoretically unsustainable and more importantly why they need to be funkyed up with Through his study of a youth center in Minneapolis Mahadeo provides examples of Black youth constructing alternative temporalities that center their lived experiences and ensure their worldviews tastes and culture are most relevant and up to date In their stories exists the potential to stretch the sociological imagination to make the familiar i e time strange Funk the Clock forges new directions in the study of race and time by upending what we think we know about time while centering Black youth as key collaborators in rewriting knowledge as we know it **The Wiley-Blackwell Companion to Sociology** George Ritzer,2016-09-26 Featuring a collection of original chapters by leading and emerging scholars The Wiley Blackwell Companion to Sociology presents a comprehensive and balanced overview of the major topics and emerging trends in the discipline of sociology today Features original chapters contributed by an international cast of leading and emerging sociology scholars Represents the most innovative and state of the art thinking about the discipline Includes a general introduction and section introductions with chapters summaries by the editor Prejudice in Politics Lawrence D. Ethnic Modernisms D. Konzett, 2002-11-08 This study explores a new understanding of modernism and ethnicity as put forward in the transnational and diasporic writings of Anzia Yeziarska Zora Neale Hurston and Jean Rhys In its selection of three modernists from apparently different cultural backgrounds it is meant to make us rethink the role of modernism in terms of ethnicity and displacement Konzett critiques the traditional understanding of the monocultural ethnic identity often highlighted in the studies of these writers and argues that all three writers are better understood as ironic narrators of diaspora and movement and as avant garde modernists As a result they offer an alternative aesthetics of modernism which is centered around the innovative narration of displacement Her analysis of the complexities of language and form and impact of the complex and ambiguous formal styles of the three writers on the history of their reception is a model of the effective integration of formalist historicist and theoretical perspectives in literary criticism
