# Social Creativity Collective Subjectivity And Contemporary Modernity

**Gerard Delanty**

## **Social Creativity Collective Subjectivity And Contemporary Modernity:**

**Social Creativity, Collective Subjectivity and Contemporary Modernity** J. Domingues, 2000-03-02 The axis of this book is the articulation between the concept of collective subjectivity with the themes of social evolution and social creativity on the one hand plus contemporary modernity and social change on the other Drawing on theoretical ideas on reflexivity creativity and history it proposes a discussion of fundamental aspects of contemporary society dealing with global modernity economic sociology and social policy via concrete discussions about Brazil and Britain **Social Creativity, Collective**

**Subjectivity and Contemporary Modernity** José Maurício Domingues, 2000 The axis of this book is the articulation between the concept of collective subjectivity and the themes of social evolution and social creativity It also includes contemporary modernity and social change on the other Drawing on theoretical ideas on reflexivity creativity and history it proposes a discussion of the fundamental aspects of contemporary society dealing with global modernity economic sociology and social policy via concrete discussions about Brazil and Britain *Latin America and Contemporary Modernity* José Maurício Domingues, 2008-01-21 In this book renowned author Jos Maur cio Domingues places Latin America within the third phase of global modern civilization and offers a general theoretical approach to contemporary Latin America He sees modernity as configured by episodic modernizing moves which when counting on strong identity and organization as well as clear cut projects may assume the aspect of modernizing offensives Highlighting subjects as law rights and justice as well as globalization and development Dominguez places Latin America in the uneven combined and contradictory development of modern civilization and offers a final assessment of its possibilities and limits The book will be of interest to researchers and students of modernity globalization Latin America sociological theory and its key concepts The Palgrave Handbook of

Social Creativity Research Izabela Lebuda, Vlad Petre Glăveanu, 2018-10-30 This Handbook brings together an international cast of experts to explore the social nature and context of creativity studies focusing on methodology as a key component in advancing the social study of creativity Two decades on from the pioneering work of Alfonso Montuori and Ronald E Purser the authors present a timely appraisal of past and present work in social creativity studies and look ahead to future developments within this field The authors collectively offer a rigorous examination of the methodological and empirical issues and techniques involved in studying social creativity They examine the phenomenon as a form of communication and interaction within collaborative relationships contending that creativity happens not within a vacuum but instead from a nexus of personal social and contextual influences This comprehensive work is organized in three parts focusing first on the various methodological approaches applicable to the social in creativity studies It secondly turns to empirical findings and approaches relating to the social nature of creativity In the book s final part the authors offer reflections on the state of social research into creativity pinpointing areas requiring further methodological scrutiny and empirical verification and areas that may inspire further theoretical or applied work Combining classic ideas with cutting edge emerging methods this work

provides a vital methodological toolbox for investigators within social creativity **Global Modernity, Development, and Contemporary Civilization** José Maurício Domingues, 2013-07-03 This book investigates modern global civilization offering an alternative to post colonial theories and the multiple modernities approach as well as the civilizational theory linked to it It argues that modernity has become a global civilization that is heterogeneous and intertwined with other civilizations and also aims at a renewal of critical theory that is not US centric and Eurocentric focusing instead on China South Asia India and Latin America Brazil Dealing with the themes of centre periphery relations complexity including culture and religion democracy and emancipatory possibilities this book is based on general theoretical ideas such as collective subjectivity the interplay of memory and creativity and the concept of modernizing moves so as to deal with historical contingency

**Toward a Hermeneutic Theory of Social Practices** Dimitri Ginev, 2018-01-19 Recent methodological debates have shown that practice theory can either be developed by combining and slightly extending established theoretical concepts of inter subjectivity social normativity collective behavior interaction between agents and environment habits learning collective intentionality and human agency or by following a strategy that promotes the quest for completely autonomous concepts In the latter case one defends a thesis of irreducibility Toward a Hermeneutic Theory of Social Practices advocates this thesis by approaching the interrelational dynamic of social practices in terms of existential analytic Indeed this insightful volume outlines a methodology of the double hermeneutics that allows the study of the entanglement of agential plans beliefs and intentions with configured practices while also demonstrating how interrelated social practices with which agency is entangled articulate cultural forms of life Suggesting a framework for studying the cultural forms of life within the scope of practice theory this book will appeal to postgraduate students and postdoctoral researchers interested in fields such as Social Theory Philosophy of Social Science and Research Methods for Social and Behavioral Sciences **Authoritarian Collectivism and Real Socialism** Jose Mauricio Domingues, 2022-01-11 The book discusses so called real socialism and offers an alternative conceptualization of it as authoritarian collectivism making use of an analytical methodology It concentrates on the principles of real socialism in its golden age but also assesses its present embrace of capitalism

**Handbook of Contemporary European Social Theory** Gerard Delanty, 2006-09-27 This innovative publication maps out the broad and interdisciplinary field of contemporary European social theory It covers sociological theory the wider theoretical traditions in the social sciences including cultural and political theory anthropological theory social philosophy and social thought in the broadest sense of the term This volume surveys the classical heritage the major national traditions and the fate of social theory in a post national and post disciplinary era It also identifies what is distinctive about European social theory in terms of themes and traditions It is divided into five parts disciplinary traditions national traditions major schools key themes and the reception of European social theory in American and Asia Thirty five contributors from nineteen countries across Europe Russia the Americas and Asian Pacific have been commissioned to utilize the most up to date

research available to provide a critical international analysis of their area of expertise Overall this is an indispensable book for students teachers and researchers in sociology cultural studies politics philosophy and human geography and will set the tone for future research in the social sciences     The SAGE Handbook of Nations and Nationalism Gerard Delanty, Krishan Kumar, 2006-06-29 The SAGE Handbook of Nations and Nationalism gives readers a critical survey of the latest theories and debates Its three sections guide the reader through the theoretical approaches to this field of study its major themes from modernity to memory migration and genocide and the diversity of nationalisms found around the globe     *Taylor and Politics* Craig Browne, 2018-02-16 Introduces you to the promises and problems of Charles Taylor s thought in major contemporary debates Charles Taylor is one of the most influential contemporary philosophers arguably the most important living political philosopher writing in English Taylor and Politics assesses Taylor s thought and its relevance to contemporary political challenges especially religion and secularity multicultural diversity political alienation and demands for greater democracy Craig Browne and Andrew Lynch outline Taylor s key concepts and highlight the substantive applications of his ideas They explain the substantial differences between Taylor s conception of social imaginaries and that of Cornelius Castoriadis and contrast Taylor s account of the political form of modernity with that of Claude Lefort     Critical Theory and Political Modernity José Maurício Domingues, 2019-01-22 This book draws together philosophy jurisprudence political science and international relations to study the main categories of political modernity and its development trends Grounded in critical theory from Marx to later currents such as the Frankfurt School Critical Theory and Political Modernity circulates around state power and oligarchy as well as emancipatory possibilities from their foundations to the present such as radical democracy Domingues analyzes the main categories of political modernity including the juridical dimension to conceptually articulate its long term processes of development In so doing he examines rights law and citizenship state and domination abstract and concrete the political system state power freedom and autonomy scalar configurations political regimes oligarchy and democracy     **Sustaining Creativity and the Arts in the Digital Age** Marzano, Gilberto, 2022-06-24 The development of technology and online learning has transformed not only the way information is transmitted but also the way learning and teaching are approached As a socio cultural construction arts and creativity reflect the societal context Accordingly nowadays educating the arts and creative potential is necessarily affected by technology Sustaining Creativity and the Arts in the Digital Age discusses from a global perspective how the relationship between the arts creativity and education is evolving and developing in the digital age and considers the multiple dimensions of creativity Covering key topics such as robots dreaming art education innovation and digital technologies this reference work is ideal for artists industry professionals researchers academicians practitioners scholars educators and students     *Globalization and Inequality in Emerging Societies* B. Rehbein, 2011-10-27 This volume studies the relation between globalization and inequalities in emerging societies by linking Area and Global Studies aiming at a new theory of inequality beyond the nation

state and beyond Eurocentrism      **Marcel Gauchet and the Crisis of Democratic Politics** Natalie J. Doyle, Sean McMorrow, 2022-02-25 This book presents for the first time in the English language Marcel Gauchet's interpretation of the challenges faced by contemporary Western societies as a result of the crisis of liberal democratic politics and the growing influence of populism. Responding to Gauchet's analysis, international experts explore the depoliticising aspects of contemporary democratic culture that explain the appeal of populism: neo-liberal individualism, the cult of the individual and its related human rights, and the juridification of all human relationships. The book also provides the intellectual context within which Gauchet's understanding of modern society has developed, in particular his critical engagement with Marxism and the profound influence of Cornelius Castoriadis and Claude Lefort on his work. It highlights the way Gauchet's work remains faithful to an understanding of history that stresses the role of humanity as a collective subject while also seeking to account for both the historical novelty of contemporary individualism and the new form of alienation that radical modernity engenders. In doing so, the book also opens up new avenues for reflection on the political significance of the contemporary health crisis. **Marcel Gauchet and the Crisis of Democratic Politics** will be of great interest to scholars and postgraduate students of social and political thought, political anthropology and sociology, political philosophy and political theory.

Norbert Elias and Empirical Research T. Landini, F. Dépelteau, 2014-07-17 Norbert Elias has been recognized as one of the key social scientists of the 20th century at least in sociology, political science and history. This book will address Norbert Elias's approach to empirical research, the use of his work in empirical research and compare him with other theorists.

**Routledge International Handbook of Contemporary Social and Political Theory** Gerard Delanty, Stephen P. Turner, 2011-03-23 The triangular relationship between the social, the political and the cultural has opened up social and political theory to new challenges. The social can no longer be reduced to the category of society and the political extends beyond the traditional concerns of the nature of the state and political authority. This Handbook will address a range of issues that have recently emerged from the disciplines of social and political theory, focusing on key themes as opposed to schools of thought or major theorists. It is divided into three sections which address the most influential theoretical traditions that have emerged from the legacy of the twentieth century, the most important new and emerging frameworks of analysis today, the major theoretical problems in recent social and political theory. The Routledge International Handbook of Contemporary Social and Political Theory encompasses the most up-to-date developments in contemporary social and political theory and as such is an essential research tool for both undergraduate and postgraduate students as well as researchers working in the fields of political theory, social and political philosophy, contemporary social theory and cultural theory.      **Political Modernity and Social Theory** Jose Mauricio Domingues, 2024-05-28 Modern liberal democracy and authoritarian collectivism have known diverse political regimes: autocratic, oligarchic or democratic. They each consist of a mixed, partly oligarchic regime in which plebeian politics are subordinated. With authoritarian collectivism's defeat, a return to modernity

has produced one more hybrid configuration An in depth investigation of political modernity and how it is differentiated from other forms of society this book researches its origins and trajectory as a specific dimension of modern civilisation articulating a renewed critical theory through an analysis of rights and law politics state and autonomy social reproduction crisis and political change Examining these diverse aspects Political Modernity and Social Theory proposes an encompassing and far reaching approach spanning past and present stressing radical plebeian democracy and maintaining a strong opening to the future and to possible alternatives to modernity The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution CC BY 4.0 license

**G.H. Mead** Filipe Carreira da Silva, 2013-04-26 G H Mead is rightly considered to be one of sociology's founding fathers yet to date there have been surprisingly few books devoted to his life and work This book fills the gap by introducing Mead's ideas to a younger generation of social scientists Beginning with a biographical account of the main events in Mead's career Filipe Carreira da Silva provides a thorough examination of Mead's social theory of the self the reception of his ideas into sociology and the relevance of his work to the contemporary social sciences He focuses in detail on the core ideas associated with Mead's work including gesture and the significant symbol the I me distinction and the generalized other as well as exploring less well known aspects of his writing This comprehensive introduction to Mead's thinking will appeal to students across the social sciences providing a refreshing perspective on the social nature of the individual self

*Narratives of Place, Culture and Identity* Anastasia Christou, 2025-10-01 Christou explores the phenomenon of return migration in Greece through the settlement and identification processes of second generation Greek American returning migrants She examines the meanings attached to the experience of return migration The concepts of home and belonging figure prominently in the return migratory project which entails relocation and displacement as well as adjustment and alienation of bodies and selves Furthermore Christou considers the multiple interactions social cultural political between the place of origin and the place of destination network ties historical and global forces in the shaping of return migrant behaviour and expressions of identity The human geography of return migration extends beyond geographic movement into a diasporic journey involving re constructions of homeness and belongingness in the ancestral homeland

*Critical Theory* Amirhosein Khandizaji, Wolfgang Sohst, 2025-07-01 Critical Theory The Last Stand for Emancipation gathers leading voices in contemporary critical thought to reassert the enduring relevance of a tradition forged in resistance From the early insights of the Frankfurt School to its intersections with decolonial queer ecological and postcolonial critiques this volume maps the evolving terrain of a radical project devoted to unveiling domination and envisioning emancipation At a time when neoliberal orthodoxy undermines critical scholarship and authoritarian populism distorts public discourse this book refuses resignation It offers instead a lucid and urgent intervention one that confronts the alienations of digital life the legacies of colonial violence and the manufactured chaos of late capitalism With essays ranging from genealogy to praxis from epistemology to affect this

collection insists that critical theory is not an academic relic but a living practice of resistance Whether reckoning with the failures of progress or reclaiming hope as a political act Critical Theory The Last Stand for Emancipation is a call to think deeply act ethically and remember that critique remains a vital tool in the struggle for a more just world
