The Reader, 1927 **Journal of the Society of Oriental Research** Society of oriental research, 1924 The Subordinated Sex Vern L. Bullough, Brenda Shelton, Sarah Slavin, 1988-10-01 The Subordinated Sex traces the enduring powerful legacy of male attitudes toward women their sexuality and their roles as wives and mothers Traditionally the creators and chroniclers of opinion men have until recently written a history that reflects only their own convictions and impressions a history rarely punctuated by a female voice and founded on an almost universal belief in women's inferiority Acclaimed as a pioneering study when first published in 1973 Vern Bullough's work has since established itself as a standard in historical literature on women Updated and revised with Sarah Slavin and Brenda Shelton The Subordinated Sex is a vast survey ranging from prehistoric to contemporary times examining a diversity of cultures and taking into account writings from a great variety of sources From a consideration of Babylonian legal codes to Victorian prescriptive medical pamphlets medieval clerical treatises to Islamic erotic poetry Bullough and his coauthors recount not only how men have portrayed women but also how they have justified their subordination of the opposite sex In recent years women have successfully challenged males self designated role as gatekeepers of written records and have found within the past a more complete view of how women lived what they thought and what they achieved By focusing however not on women's history but on the history of men's attitudes toward their female companions The Subordinated Sex reveals more than any other single work the conditions that sparked the feminist movement and the reasons it must inspire a change in the lives of men as well as women
