Social Movements Old And New A Post Modernist Critique:

Social Movements, Old and New Rajendra Singh, 2001-07-23 This book is both about social movements and collective actions and about the discipline of sociology and prevailing concepts of Indian society Presenting a post modernist critique of the study of social movements Professor Rajendra Singh maintains that it is these movements which truly represent the contemporary nature of Indian society He thus challenges the dominant view that these struggles are expressions of disruption and a breakdown of the established social order The author goes on to argue for the need for a post sociology based on broader perspectives drawn from all the social science disciplines to fully grasp the realities of present day Indian society

South Asian studies **Peasants' Movements in Post-Colonial India** Debal K Singharoy, 2004-05-25 This is an investigation of the anatomy and internal dynamics of peasant movements in India. It makes a comparative analysis of the Tebhaga Bengal 1946-47, Telengana Andhra 1948-52 and Naxalite North Bengal 1967-71 movements to study the ways in which grassroots mobilizations transform and institutionalize themselves, forge new collective identities and articulate new strategies for survival and resistance. The author uses empirical data and secondary research to argue that radicalism in peasant movements is in inverse proportion to institutionalization. As spontaneous expressions of discontent against oppression and marginalization become institutionalized movements, the space for radical challenge shrinks. Therefore, in Bengal, the co-option of the peasant movement by the ruling communist party and the state has largely killed the scope for radical action. In Andhra Pradesh, on the other hand, the relative independence of the grassroots mobilization process, along with logistic and ideological inputs from NGOs and radical social and Naxalite groups, has allowed the peasantry to exercise multiple options for collective action. However, in both cases, the grassroots mobilization has led to a transformation of the social identity of the peasant and created a social environment in which issues of dominance and resistance have an important place. The study of the Indian experience is placed in the context of theories of peasant identity and resistance to oppression. The first chapter of the book is devoted to the summing up of sociological perspectives on peasant societies, identities and movements. It includes references to the works of Marx and Lenin, Redfield, Chayanov, Wolf and Gramsci, and in the Indian context, Beteille, Byres and several others. The book reexamines problems that have got relatively less importance in recent years. It seeks to understand issues that are of enduring relevance in the Indian countryside that continues to simmer with unrest even as it comes to grips with a new economic situation. The book will be of as much interest to researchers and policymakers as to the intelligent general reader.

The Trajectory of India's Middle Class Lancy Lobo, Jayesh Shah, 2015-04-01 The Indian middle class has grown rapidly over recent years and constitutes a significant proportion of the global workforce as well as a substantial market for consumer goods, given India's status as one of the most populous countries in the world. However, the growth of India's middle class is not merely an economic phenomenon. This volume, containing nineteen essays, an editorial introduction and a foreword by Lord Meghnad Desai, therefore examines the role of the Indian middle class in the country's economic development as well as in social, cultural and political change. *The Trajectory of India's Middle Class* brings together diverse lines of thought on the relationship of the middle class with society, the economy and the state during the colonial, post-colonial and current eras. It investigates the middle class's complex role in political democracy and governance by examining how it interacts with the state, influences the market and dominates political articulations and social relationships. The volume also focuses specifically on the social, political and economic articulation of the middle class with regard to historically marginalized social groups such as the Dalits, the tribal communities and the religious minorities. This book will be of interest to economists, political scientists, sociologists, social

anthropologists and historians as well as to specialists in current affairs Revisiting Muslim Women's Activism Esita Sur, 2022-12-12 This book traces the evolution of organisational activism among Muslim women in India It deconstructs the Muslim woman as the monolith based on tropes like purdah polygamy and tin talaq and compels the reader to revisit the question of Muslim women's individual and collective agency The book argues that the political field along with religion moulds the nature and scope of Muslim women's activism in India It looks at the objectives of four Muslim women's organisations the Bazm e Niswan the Awaaz e Niswaan the Bharatiya Muslim Mahila Andolan and the India International Women's Alliance IIFA in close interaction with the political landscape of Mumbai The book explores the emergence of gender inclusive interpretation of Muslim women's rights by Muslim women activists and challenges the dominant and reductionist stereotypes on Muslim women community and absolutist ideas of Islam It argues that Muslim women are not passive victims of their culture and religion rather they can develop a critique of their marginality and subjugation from within the community Revisiting Muslim Women's Activism traces the evolution of a community centric approach in women's activism and records a fragmented view on women's rights from within the community and religious leadership It also delineates the distinctiveness of this activism that considers religion and culture as resources for empowerment and as sites of contestations Moreover the book documents the narratives of Muslim women's struggle and resistance from their location and lived experiences It will be of interest to students and researchers of women's studies gender studies political science sociology anthropology law and Islamic studies **Politicisation of Caste Relations in a Princely State** Shaji A, 2017-12-17 Politicisation of Caste Relations in a Princely State Communal Politics in Modern Travancore 1891 1947 Among the various factors that contributed for the progressive transformation of Kerala into a modern democratic society politicization of caste played a very crucial role Travancore which formed part of present day Kerala before integration witnessed socio political movements in the modern period initiated by the principal communities The net result of these movements was the transformation of pyramidal social structure into pillar social structure It was achieved through incessant conflicts and assertions and from the position of caste victims some communities could elevate themselves to the makers of their own destinies They transformed the society from change resistant sacred outlook to change ready secular outlook The shift of this change was from caste hierarchical structure to inter personal relations In Modern Travancore social movement through protest aimed not only social change but also change in political sphere The caste played a crucial role in the transformation of traditional society into modern society In the traditional society the status of an individual was fixed Children learn to act according to the established norms and deviations are punished But with the influence of modern ideas the younger generations tend to become dissatisfied with the traditional society and readily accepted the new values These values reflected the caste relations as well In the changed situation the dominant caste groups played a catalytic role in social change S N D P and the Sree Narayana movement was a typical movement which experimented all these way of

,Fika Megawati,Robbi Rahim,2019-03-01 New media and development of gender roles law social and economic perspective This theme was raised as an effort to observe the development of new technology that has greatly affected people s lives Formerly to seek information people can get it through conventional radio media newspapers and television But now only use the smartphone we can get very much information that can be obtained by accessing the online media portal or sharing and socializing through social media For decades it has been stated that the media has the power to shape public opinion Media not only can form a worldview of society but also able to create awareness and individual belief in reality a reality that has been defined by the media Media has a powerful and direct effect to the audience market Including how then the media formed an opinion in the community about gender roles through the content provided by the new media Of course it will be interesting to study media related to the law social and economic perspective *Neoliberalism, Social Exclusion, and Social Movements* , Donna L. Chollett,2013-10-10 Neoliberalism Social Exclusion and Social Movements critically examines struggles for social justice in an era of neoliberal globalization Chollett perceptively elucidates the intertwining of debt restructuring the debacle of privatization NAFTA generated distortions in the sugar market and social and economic exclusion of Mexican sugarcane growers and mill workers The enclosure of community commons is but one of the devastating impacts of neoliberal policies that generated social movements across Latin America and beyond Closure of one of Michoac n Mexico s five sugar mills following privatization brought unemployment and economic havoc to the region This region is unique in that it is the only locality where a social movement repossessed the closed sugar refinery and created a cooperative worker run workplace The book offers a historically contextualized globally situated and ethnographically grounded analysis of the social movement as sugarcane growers and mill workers challenged the end to their way of life as they knew it It takes the reader into the very real lives of movement participants their aspirations struggles and accommodations Chollett skillfully peels back the layers of this social movement as activists sought to remake their own history but under circumstances that did not in the end ensure social justice The author demonstrates empathy for collective struggles confronting the ravages of neoliberal globalization yet explodes the myth that intuitively exalts social movements as morally noble forces for democratization and solidarity She offers a critical perspective on the internal factions and lack of democratization of a social movement gone awry and presents a sorely needed critique of social movement theory While focusing on a particular social movement this book carries wide applicability for all social movements concerned with social justice in an era of enduring neoliberalism It is essential reading for students academics activists and policy makers concerned with global inequalities *Mass Communication in India, Fifth Edition* Keval J. Kumar,2020-12-10 Third Completely Revised and Updated Edition Mass Communication in India is a result of the author s in depth study and understanding of the media The book deals with a general introduction to Communication Theory Advertising Television Effects of Media and Development In short the book is designed to give the student of Mass Communication a general and

ethnography of five different tribal movements fighting against the mega industrialization projects in Odisha India the book presents a thick description of the confrontation of the tribals to the authoritative forces of state domination This confrontation a counter hegemonic discourse is neither antagonistic to change nor anti to development but rather in fact the author argues that the tribals are the subaltern citizens who aspire for not only more material and economic prosperity but also freedom freedom from domination and deprivation The book therefore seeks to answer one important question how do the tribals appropriate marginality in their everyday lives in challenging domination and celebrating their desires wishes anticipations and material prosperity as well as in coping with the ruins of frustration and suffering Drawing on long term ethnographic fieldwork carried over a decade 2006 16 this book provides empirical evidences and conceptual explorations on the resistance of subaltern citizens against domination The author challenges current theories of social movements which claim that a cultural critique of the development paradigm is writ large in the political actions of those marginalized by development tribals who lived in harmony with nature combining reverence for nature with the sustainable management of resources On the other hand questioning the established notion of marginality as a problem the author re visits marginality as a possible site that nourishes the capacity of the tribals to resist and to imagine and create a new world The complexity of tribal politics then cannot be reduced to an opposition between development and resistance The book therefore persuades us to re examine the politics of representation within the ideology of progressive movements Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **Agency and Structure**

(RLE Social Theory) Piotr Sztompka,2014-08-21 A striking feature of the human condition is its dual contradictory inherently split character on the one hand autonomy and freedom on the other constraint and dependence on social structure This volume addresses this central problem of the linkage between human action and social structure in sociological and social science theory Contributions cover several different approaches to the agency structure problematic and represent the work of a number of leading international sociologists Their efforts point to a reorientation of social theory both on philosophical and methodological levels
