

Social Navigation and Security

- Fundamental approach:
 - Allow people to assess how a system matches their needs
 - Allow them to see the relationship between a system or information artifact and activities, either of their own or others.
- Application = 'space'
- People's act = history of action displayed in the space
- Three approach:
 - Show the history of a user's action
 - Show patterns of conventional use
 - Show activities of others within a system
