## **Social Policy And The City:**

**Social Policy and the City** Taylor & Francis Group,2019-05-31 First published in 1995 this volume explores the effects of social policy on cities during Conservative Party rule over the 1980s and 1990s It identifies the place where the effects of social policies are most strikingly felt due to the concentration of populations in cities Delving into issues including business elites market forces regenerating cities and poverty this volume s contributors make clear that there can be no quick fix for Britain s complex urban problems      **Social Policy and the City** Helen Jones,2020-02-03 First published in 1995 this volume explores the effects of social policy on cities during Conservative Party rule over the 1980s and 1990s It identifies the place where the effects of social policies are most strikingly felt due to the concentration of populations in cities Delving into issues including business elites market forces regenerating cities and poverty this volume s contributors make clear that there can be no quick fix for Britain s complex urban problems      ***Fashion and the City*** Vincent Pandolfi,2015-03-16 The field of culture is increasingly seen as a strategic asset in for a balanced development of cities Recent research however seems to point to a limited recognition of this potential in local policy making culture becoming increasingly linked to aims of economic repositioning But which aims are exactly involved here Are we indeed facing a new dominant and unilateral approach to culture in Western European cities leaving the full development potential of the field unexplored And why might this be the case Through case studies of fashion in Antwerp Milan and Amsterdam the changing strategising of culture in local development since the 1980s is linked to the search for new governing arrangements between public and private cultural actors within the cities On the basis of this analysis a plea is made for a new and more integrated approach to culture in Western European cities pointing to the significant challenge of experimenting with new and more inclusive forms of public private policy making in support of this agenda      **A Companion to the City** Gary Bridge,Sophie Watson,2008-04-15 A Companion to the City provides the reader with an indispensable and authoritative overview of the key debates controversies and questions concerning the city from a variety of theoretical vantage points with an international perspective Indispensable companion for students of the City Multidisciplinary approach of interest across several fields Includes contributions from major scholars in the field      **Researching the City** Kevin Ward,2020-01-03 This practical guide for students focuses on the city and on the different ways to research it The authors explain how urban studies research is done from the original idea to design and implementation through to writing up and representation Substantive chapters explain each method in detail from using archival methods interviews ethnography questionnaires discourse analysis and diaries to using GIS and visual methods This second edition offers A thorough introduction to the research process Revised and updated discussions of foundational methods A new chapter on sensory methods A new chapter on social media as an object or a method of studying the city With real world examples throughout and guided further reading for each chapter it is an inspiring guide for students carrying out their own research in urban geography urban planning urban sociology and

urban studies      **Towards Safe City Centres?** Gesa Helms, 2012-11-28 Examining the rising interest in quality of life offences anti social behaviour and incivilities in urban public spaces this study explores the rising importance of policing crime control and community safety policies in the context of the ongoing urban restructuring in old industrial cities This is achieved through an extensive exploration into the making and remaking of urban spaces in the city of Glasgow In so doing this book puts forward a strong and innovative theoretical argument Framed in a critical Marxist perspective that draws on debates within German speaking critical theory and Marxism this study argues for the centrality of human social praxis in our understanding of contemporary cities It engages with questions over the production of social space a fragmented social totality and human agency which so far have only received limited attention in Anglo American debates      **Race, Class, and the Postindustrial City** Frank Harold Wilson, 2012-02-01 Race Class and the Postindustrial City thoroughly explores the scholarship of William Julius Wilson one of the nation s leading sociologists and public intellectuals and the controversies surrounding his work In addressing the connection between postindustrial cities and changing race relations the author who is not related to William Julius Wilson shows how Wilson has synthesized competing theories of race relations urban sociology and public policy into a refocused liberal analysis of postindustrial America Combining intellectual biography the sociology of knowledge and theoretical analyses of sociological debates relevant to African Americans this book provides both appraisal and critique ultimately assessing Wilson s contribution to the sociological canon      **Violence in Latin America and the Caribbean** Tina Hilgers, Laura Macdonald, 2017-09-14 This volume examines violence across Latin America and the Caribbean to demonstrate the importance of subnational analysis over national aggregates      *Mobile Technologies of the City* Mimi Sheller, John Urry, 2006-04-18 Mobile communications technologies are taking off across the world while urban transportation and surveillance systems are also being rebuilt and updated Emergent practices of physical informational and communicational mobility are reconfiguring patterns of movement co presence social exclusion and security across many urban contexts This book brings together a carefully selected group of innovative case studies of these mobile technologies of the city tracing the emergence of both new socio technical practices of the city and of a new theoretical paradigm for mobilities research      **Inclusionary Housing and Urban Inequality in London and New York City** Yuca Meubrink, 2024-09-10 Municipalities around the world have increasingly used inclusionary housing programs to address their housing shortages This book problematizes those programs in London and New York City by offering an empirical research based perspective on the socio spatial dimensions of inclusionary housing approaches in both cities The aim of those programs is to produce affordable housing and foster greater socio economic inclusion by mandating or incentivizing private developers to include affordable housing units within their market rate residential developments The starting point of this book is the so called poor door practice in London and New York City which results in mixed income developments with separate entrances for affordable housing and wealthier market rate residents Focusing on this poor door practice allowed for a critical look at the

housing program behind it By exploring the relationship between inclusionary housing new build gentrification and austerity urbanism this book highlights the complexity of the planning process and the ambivalences and interdependencies of the actors involved Thereby it provides evidence that the provision of affordable housing or social mixing through this program has only limited success and above all that it promotes in a sense through the back door the very gentrification and displacement mechanisms it is supposed to counteract This book will be of interest to researchers and students of housing studies planning and urban sociology as well as planners and policymakers who are interested in the consequences of their own housing programs

**Displacement, Asylum and the City** René Kreichauf, Birgit Glorius, 2023-05-22 This edited volume draws attention to the interlinked yet understudied relationship between the role of cities in dealing with international displacement and forced migration and the influence of forced migration in stimulating spatial societal and institutional transformations in and of cities In 2022 almost 84 million people worldwide were forcibly displaced More than two thirds of them reside in urban areas Displacement and forced migration are an urban experience and an urban story of those seeking protection This book helps us understanding the conditions of displaced population in cities and the way cities and urban actors respond to recent migration trends It applies an urban perspective to the analysis of migration processes and it provides insights into the urban governance of forced migration and asylum the production of spaces related to forced migration and the role of the displaced population as actors of urban change Thereby it covers a broad spectrum of topics including migrant dispersal welfare and social protection urban humanitarian policymaking and governance neighbourhood development migrant solidarity and refugee protest and new refugee and migrant destinations Given the increasing mobility and displacement of human populations this book provides a relevant prerequisite for readers interested in current urban forced migration and asylum trends and on the intersections of those topics The book will be of great value to researchers and academics of Geography Migration and Urban Studies The chapters in this book were originally published as a special issue of Urban Geography

*Building the Inclusive City* Nilson Ariel Espino, 2015-03-24 Urban segregation is one of the main challenges facing urban development around the globe The usual outcome of many urban development patterns is an unequal social geography with the urban poor living in large clusters that are remote isolated dangerous or unhealthy The result is inequality in a number of dimensions of urban life from deficient urban access services or infrastructure to social isolation neighbourhood violence and lack of economic opportunity This book brings together debates on ethnic and economic segregation combining theory and practical solutions to create a guide for those trying to understand and address urban segregation in any part of the world and integrate ameliorating policies to contemporary urban development agendas

**City Visions** Frank Gaffikin, Mike Morrissey, 1999 Covering a range of North American and European cities but focusing on Belfast s social economic and political developments this collection considers the role of long term urban planning in the development of cities The major cities of the West are characterised by division uneven development and unequal distribution of jobs In Belfast these general Western urban characteristics are extended and heightened by association with a long standing political crisis and low intensity conflict Covering a range of North American and European cities but focusing on Belfast s social economic and political developments this collection considers the role of long term urban planning in the development of cities The authors integrate global debates on urban development

and summarise contemporary theories on cities and their future. An assortment of interventions and delivery mechanisms are considered and among the key topics covered are urban economies and social exclusion, the planning of city regions, the sustainable city, urban regeneration, the role of culture in remaking cities and the future governance of cities. By viewing the subject from a local perspective as well as in an international context, the authors provide a stimulating critique which will guide policy makers, planners, students and others concerned with urban regeneration.
