Social Science Literature Wesley L. Gould,Michael Barkun,2015-03-08 This bibliography is a companion volume to International Law and the Social Sciences One of the aims of the earlier work by Wesley L Gould and Michael Barkun was to show how social science concepts could be employed in research in international law With the support and encouragement of the American Society of international Law they have now compiled a broad and thorough survey of social science literature of potential usefulness to students and practitioners of international law Arranged by topics the works cited range over political science economics sociology anthropology geography and many interdisciplinary fields Material on possible methodological approaches is also included Each citation is fully and critically annotated and cross indexed Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Communist Eastern Europe; Analytical Survey of Literature** United States. Department of the Army,1971 *Market Socialism Or the Restoration of Capitalism?* Anders Aslund,1992 When East European communism collapsed in the revolutions of 1989 the newly liberated countries discarded socialism altogether For the first time most of Eastern Europe experienced free elections and a multitude of parties mostly with liberal conservative or nationalist connotations made their entry into political life A bewildered world is now trying to imagine the future course of events Has capitalism won or is something different emerging Has market socialism vanished for good How can the transitional period be managed and what effect will it have on the standard of living in Eastern Europe In this book ten distinguished experts explore this transition to a market economy in Eastern Europe In part I the authors consider what remains of market socialism Wlodzimierz Brus discusses the future roles of both planning and the market Mario Nuti argues that market socialism never existed whilst Gerhard Fink outlines how a normal market economy can be established *International Bibliography of Social Science* International Committee for Social Science Information and Documentation,1984-03-15 First published in 1984 Routledge is an imprint of Taylor Francis an informa company The Environment And Marxism-leninism Joan Debardeleben,2019-07-11 In the past two decades environmental pollution and natural resource shortages have evoked increasing concern in the Soviet Union and Eastern Europe The emerging ecological crisis has challenged many common assumptions in the Soviet bloc as in the West This book provides for the first time a detailed and comprehensive analysis of

the ecology debate in the USSR and its highly industrialized ally the German Democratic Republic GDR Based on a thorough examination of the Soviet and GDR sources Dr DeBardeleben explores the authorities attempts to explain the problem to their populations She also examines the viewpoints of scientists writers and scholars with special attention to economic dimensions of the ecology debate The study reveals the increasing sophistication of specialists in influencing public policy by adapting official values to support their positions Through comparison of the Soviet and East German cases the study clarifies the impact of natural resource endowment and legitimacy dilemmas on treatment of the ecology issue The book demonstrates that Marxist Leninist values subtly affect Soviet and GDR responses but at the same time the environmental crisis is forcing a reevaluation of some aspects of Marxist Leninist theory and ideology itself **Research in Education**

,1972 *Beautiful Imperialist* David Shambaugh,2021-03-09 From President Nixon s historic visit to China in 1972 to the aftermath of the Tiananmen tragedy this book examines the changing perceptions of the United States articulated by China s America Watchers whose occupation is to interpret the beautiful imperialist for China s elite and public While other studies have looked at the behavioral history of U S China relations this is the first to probe the perceptual dimension *Science Policy in the Soviet Union* Stephen Fortescue,2024-11-26 Science Policy in the Soviet Union 1990 examines the major institutional and behavioural aspects influencing scientific research in the USSR The book adopts the widespread view that Soviet science performs well below capacity and then looks at the institutions and management in the light of this assumption Low morale and a lack of moral responsibility within the scientific community are highlighted as factors in the poor performance of Soviet science these being compounded by the problems of centralization and the lack of responsiveness to new demands technologies and ideas The author sees de centralisation as a potential solution concluding with a commentary on Gorbachev the obstacles he faced and his awareness of the need for change in the scientific sphere
