Social Psychological Perspective On Food Related Behavior:

A Social-Psychological Perspective on Food-Related Behavior Marta L. Axelson, David Brinberg, 2012-12-06 Many of the diseases which afflict people in an affluent society like the United States seem to be related to food consumption e g adult onset diabetes mellitus hyperlipidemia and colon cancer In recent years the health related professions have become aware that their exclusive aim of disease treatment must be expanded to include health promotion Professionals in food and nutrition health education social marketing and psychology as well as others have become interested in finding ways to promote healthy behaviors such as appropriate food consumption patterns To modify food related behavior knowledge about why people eat what they eat is required Both biological and sociocultural factors determine people s consumption behavior This monograph however examines only the sociocultural determinants of individuals food related behaviors within their zone of biological indifference The sociocultural variables are divided into two major categories sociodemographic and psychological Sociodemographic variables are often called external variables and include income ethnicity age and the like Psychosocial variables are thought to reflect the individual s internal state and commonly examined variables include knowledge beliefs and attitudes Family Economics and Nutrition Review , 1995 **Mind the Sustainable Food: New Insights in Food Psychology** Valentina Carfora, Mark Conner, Gianni Cicia, 2022-01-24 *The Handbook of Social Psychology, 6th Edition* Daniel T. Gilbert, Susan T. Fiske, Eli J. Finkel, Wendy B. Mendes, 2025-05-19 Since 1954 The Handbook of Social Psychology has been the field s most authoritative reference work The 6th edition of this essential resource contains 50 new chapters on a wide range of topics written by the world s leading experts Published in 2025 and available only in digital form The Handbook is free to read online and to download in Epub format or PDF at <https://www.thehsp.com> Editors Daniel T Gilbert Harvard University Susan T Fiske Princeton University Eli J Finkel Northwestern University Wendy B Mendes Yale University Public Health Jay Maddock, 2012-05-16 Human behavior accounts for the majority of morbidity and premature mortality throughout the world This book explores several areas of human behavior including physical activity nutrition and food addictive substances gun violence sexual transmitted diseases and more Several cutting edge methods are also examined including empowering nurses community based participatory research and nature therapy Less well known public health topics including human trafficking tuberculosis control in prisons and public health issues in the deaf community are also covered The authors come from around the world to describe issues that are both of local and worldwide importance to protect and preserve the health of populations This book demonstrates the scope and some of the solutions to addressing today s most pressing public health issues The Psychology of Food Choice Richard Shepherd, Monique Raats, 2006-01-01 Written by leading international experts this book explores one of the central difficulties faced by nutritionists today how to improve people s health by getting them to change their dietary behaviour It provides an overview of the current understanding of consumer food choice by exploring models of food choice the motivations of consumers

biological learning and societal influences on food choice and food choices across the lifespan It concludes by examining the barriers to dietary change and how nutritionists can best impact upon dietary behaviour *Social Psychological Perspectives on Stigma* John B. Pryor, Arjan E. R. Bos, 2016-04-08 The year 2013 marks the 50th anniversary of the publication Erving Goffman's landmark work *Stigma: Notes on the Management of Spoiled Identity* Through this edited volume we commemorate the continuing contribution of Goffman's work on stigma to social psychology As Goffman originally used the term stigma implies some sort of negative deviance or in his words an undesired differentness from what we had anticipated Since Goffman's pioneering treatise there have been thousands of articles published on different aspects of stigma The accelerating volume of articles is testimony to the growing importance of stigma research with almost three out of four of the stigma related publications in the research literature appearing in the last 10 years In this volume a collection of up and coming and seasoned stigma researchers provide both theoretical insights and new empirical findings The volume should be of interest to both established researchers and advanced students seeking to learn more about the depth and breadth of stigma research This book was originally published as a special issue of *Basic and Applied Social Psychology*

Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1990 *The Sustainable Food Choice* Valentina Carfora, 2025-07-25 *The Sustainable Food Choice: An Interdisciplinary Approach to Consumer Food Behaviour* explores the intricate relationship between individual preferences, societal norms and global challenges in the pursuit of sustainable eating habits Featuring contributions from experts across various fields the book delves into the nutritional, social and psychological foundations of food choices, the influence of technology and innovation and the role of policy in guiding consumer behavior Through comprehensive analysis and case studies it offers a roadmap for promoting environmentally friendly and health conscious food consumption patterns The book is structured into three sections with each part focusing on unique aspects of sustainable eating Highlights include chapters on psychological predictors of food choices, the impact of political attitudes, mindfulness in eating, front of package labeling and smartphone interventions It provides a holistic understanding of how science, mindfulness and technology can be leveraged to encourage sustainable food choices Incorporates diverse perspectives to bridge the gap between knowledge and actionable ideas to promote more sustainable eating habits Assesses psychological predictors of sustainable food choices Showcases smartphone technology to promote sustainable food choices Explores individual differences in sustainable eating through political, environmental, sociological and emotional influences **Attitudes, Behavior, and Social Context** Deborah J. Terry, Michael A. Hogg, 1999-11-01 The reasons why people do not always act in accord with their attitudes has been the focus of much social psychological research as have the factors that account for why people change their attitudes and are persuaded by such influences as the media There is strong support for the view that attitude behavior consistency and persuasion cannot be well understood without

reference to the wider social context in which we live Although attitudes are held by individuals they are social products to the extent that they are influenced by social norms and the expectations of others This book brings together an international group of researchers discussing private and public selves and their interaction through attitudes and behavior The effects of the social context on attitude behavior relations and persuasion is the central theme of this book which in its combination of theoretical exposition critique and empirical research should be of interest to both basic and applied social psychologists
