

A close-up photograph of a young child's face, showing a look of fear or distress. The child's eyes are wide and staring, and their mouth is slightly open. Two hands are visible, one on the left side of the child's head and another near the mouth, suggesting the child is being held or restrained. The background is dark and out of focus.

Child Abuse and Neglect

Social Context Of Child Abuse And Neglect

John R. Lutzker

Social Context Of Child Abuse And Neglect:

The Social Context of Child Abuse and Neglect Leroy H. Pelton, 1981 Combines psychological social economic environmental and familial perspectives to examine the causes and characteristics of child abuse and to offer some strategies for protective intervention

The Politics of Child Abuse in America Lela B. Costin, Howard Jacob Karger, David Stoesz, 1997-02-27 Child abuse policy in the United States contains dangerous contradictions The rapidly expanding child abuse industry made up of enterprising psychotherapists and attorneys consumes enormous resources while thousands of poor children are seriously injured or killed many while under the protection by public agencies Meanwhile the public child abuse system has become a virtual nonsystem marked by a staggering turnover of staff unmanageable caseloads a severe shortage of funding and caseloads composed of highly dysfunctional families In The Politics of Child Abuse in America the authors argue that child abuse must be viewed as a public safety problem and that children must have the same legal protection as physically and sexually abused women By creating a Children s Authority proposes the author this group would have the overall responsibility of protecting children Offering a unique perspective on the cold reality of this crisis The Politics of Child Abuse in America will be a provocative work for social workers and human service personnel as well as the general reader concerned with this timely issue

The Social Context of Child Abuse and Neglect Gerry S. Kaplan, 1981

The Battered Child Mary Edna Helfer, Ruth S. Kempe, Richard D. Krugman, 1997 Previous editions of this book have been greeted with great acclaim This edition reflects the past decade s advances in research and techniques and includes contributions from experts on every aspect of child abuse

Handbook of Child Abuse Research and Treatment John R. Lutzker, 2013-03-09 The causes of child abuse and neglect have been major topics of study since the 1960s but treatment strategies research and legal issues have only received concentrated attention since the 80s The leading figures in these efforts have contributed to this handbook a state of the art compilation of their findings that also includes writings on associated cultural issues youth violence sexual abuse and child development Both a text and a reference the volume is uniquely founded on empirical research

Child Welfare Research Review Richard P. Barth, Jill Duerr Berrick, Neil Gilbert, 1994 This volume culls the most important and provocative research and policy analysis in the child welfare field and is an essential guide for understanding the burgeoning field of children s services

Child Welfare: Child abuse and child protection Nick Frost, 2005 This collection focuses on child welfare in its specific sense welfare and social interventions with children and young people undertaken by State bodies or NGO s The term child welfare is deployed differently in diverse international settings In the United Kingdom child welfare tends to refer to individualised programmes for children who have experienced problems in their lives In India to take a contrasting example it can also refer to major housing and nutrition programmes This collection takes an inclusive approach to international perspectives The collection is completed by a new general introduction by the editor individual volume introductions and a full index Titles also available in this series include

Medical Sociology November 2004 4 Volumes 495 and the forthcoming collection Health Care Systems 2005 3 Volumes c 395

Children's Bioethics Maya Sabatello, 2009 Only scant attention has been given to the issue of children's bioethics. Even when such a discourse took place it hardly touched upon children as social agents. In this novel work Maya Sabatello looks at the a body politics of religious and cultural medical practices from a harmful traditional practices to genetic engineering. Building on literature from medical anthropology cultural studies disability studies social sciences and law she explores the international discourse on children's bioethics from a previously uncharted child centered approach. In light of the existing multiculturalism she contends that in the discourse on children's bioethics not only must the medical social and anthropological nexus of the child be taken into account but that incorporating identity claims into the legal discourse is also essential for the child's voice to be heard.

Handbook of Social Work Practice with Vulnerable and Resilient Populations Alex Gitterman, 2014-05-06 When community and family support systems are weak or unavailable and when internal resources fail populations that struggle with chronic persistent acute and or unexpected problems become vulnerable to physical cognitive emotional and social deterioration. Yet despite numerous risk factors a large number of vulnerable people do live happy and productive lives. This best selling handbook examines not only risk and vulnerability factors in disadvantaged populations but also resilience and protective strategies for managing and overcoming adversity. This third edition reflects new demographic data research findings and theoretical developments and accounts for changing economic and political realities including immigration and health care policy reforms. Contributors have expanded their essays to include practice with individuals families and groups and new chapters consider working with military members and their families victims and survivors of terrorism and torture bullied children and young men of color.

Child Maltreatment Michael Rothery, Gary Cameron, 2013-01-11 Recognizing child maltreatment as a complex phenomenon requiring multifaceted responses this volume provides a current and comprehensive assessment of the problem and argues for an expanded conception of helping on the part of those who work with maltreated children their families and their communities. Contributions follow a general outline that addresses current theory and models of practice and empirical knowledge regarding the problem intervention and outcomes. Presenting an up to date and encompassing view of how to combat child abuse and neglect this book discusses the concerns of service providers as well as academics. All the prevalent ways of responding to child maltreatment are addressed and each is discussed in terms of theory implementation and evidence for its effectiveness. For use as an undergraduate or graduate level text for courses in child welfare sociology family studies and community psychology. This text would also be insightful for professionals academics and policymakers concerned with child welfare.

The Encyclopedia of Child Abuse Robin E. Clark, Judith Freeman Clark, Christine A. Adamec, 2007 An A to Z reference containing over 400 entries with information on key issues related to child abuse.

Handbook of Child Maltreatment Richard D. Krugman, Jill E. Korbin, 2022-02-22 The second edition of this successful

handbook edited by well known experts in this field includes core questions in the field of child abuse and neglect It addresses major challenges in child maltreatment work starting with What is child abuse and neglect and then examines why maltreatment occurs and what are its consequences The handbook also addresses prevention intervention investigation treatment as well as civil and criminal legal perspectives It comprehensively studies the issue from the perspective of a broader international and cross cultural human experience Apart from a thorough revision of existing chapters this edition includes many new chapters covering recent developments in this area and other issues not covered in the first edition There is more focus on substance abuse psychological abuse and on social and community involvement and public health provisions in the prevention of child maltreatment The handbook examines what is known now and more importantly what remains to be researched in the coming decades to help abused and neglected children their families and their communities thereby taking the field forward

Child Welfare Professionals and Incest Families Ingrid Thompson-Cooper,2017-07-12 This title was first published in 2001 Little research has been done on the nature of decision making by child welfare professionals in child abuse cases or on the impact of the different approaches on victims and their families This text compares a system which relies heavily on criminal prosecution to handle child abuse cases England with a system that is more treatment orientated and depends primarily on child welfare and clinical services Canada The study examines the extent and nature of the incestuous abuse how it was disclosed and the initial reponse from the professionals It then looks at how the cases are processed through child welfare and criminal justice systems with attention paid to the decisions made throughout The nature of the social service contacts with the family are also examined as are the type and length of treatment It attempts to determine what factors influence the legal and clinical decisions that are made by various professionals throughout the whole process

Child Abuse: an Evidence Base for Confident Practice 5e David Wilkins,David Shemmings,Claire Pascoe,2019-06-12 This best selling text has been used by countless students practitioners and researchers as a key reference on child protection issues The book demystifies this complex and emotionally charged area outlining research history social policy and legislation as well as the theory and practice underpinning child protection work Written by influential academics and practitioners this updated edition looks at child protection practices in a global context and provides The latest research and thinking on the causes and consequences of child abuse including new insights about the relationship between deprivation poverty and abuse and neglect An overview of child protection practices ranging from the 19th Century to recent policy and practice changes including the widespread adoption of practice models and attempts to improve the quality of social work services Using examples to highlight key discussions and points this book will enhance the confidence knowledge and skills of practitioners supervisors and managers This is an important varied well structured and interesting academic contribution to the area of child protection neglect and child abuse The authors draw on a range of literature theories and the extant evidence base to present a breadth of chapters from global perspectives on child abuse to

the history of child abuse to reflections for the future of child protection work This book will add value to a wide range of professionals in this important field Dr Karen Treisman Clinical Psychologist Trainer This is an important addition to the child abuse and child protection literature Drawing from a variety of current research carried out by professionals and academics from a range of disciplines this book will be an excellent companion for students academics and practitioners working in this challenging but important area of work Dr Elena Martellozzo Online child protection expert Middlesex University UK This is a comprehensive text which explores the legislative cultural and historic context in which today's child protection has been shaped Building on previous editions it provides a valuable and up to date insight into contemporary child protection practice Rebecca Avery Education Safeguarding Advisor Online Protection The Education People How did we get to where we are in our response to child abuse and what might the future hold This book provides a timely comprehensive and thoughtful response to this question demonstrating the importance of understanding our journey to present day practices if we are to improve the protection of children in the future Integrating historical sociological psychological and biological perspectives and grappling with the ethical as well as practical challenges of child abuse responses the authors provide us with an overview upon which we must learn from past successes as well as tragedies as we utilise and further build an evidence base for confident social work practices around the world Dr Carlene Firmin Principal Research Fellow in Contextual Safeguarding University of Bedfordshire UK

Neglected Children Howard Dubowitz, 1999-01-20 Although child neglect is the most common form of abuse the extant research literature has mostly ignored this form of child maltreatment Now editor Howard Dubowitz and an outstanding group of leaders in the field of child abuse and neglect offer perspectives on a range of important issues pertaining to the neglect of children *Neglected Children* is the first book to focus on this most common type of child maltreatment presenting a comprehensive and critical portrait of the phenomenon of neglect based on theory research and clinical practice experience This extensive work includes the following topics Causes and contributors Definitions and measurement research Cultural issues Short and long term outcomes Evaluation and risk assessment Prevention and intervention Prenatal substance abuse Fatal neglect Policy issues *Neglected Children* conveniently captures much of what is known about child neglect and offers recommendations for future research Researchers clinicians students and policy makers in the fields of social work child maltreatment interpersonal violence family studies psychology sociology and public health will find this broad view of the subject essential to addressing the complex and pervasive underpinnings of child neglect

Encyclopedia of Adolescence Roger J.R. Levesque, 2014-07-08 The *Encyclopedia of Adolescence* breaks new ground as an important central resource for the study of adolescence Comprehensive in breath and textbook in depth the *Encyclopedia of Adolescence* with entries presented in easy to access A to Z format serves as a reference repository of knowledge in the field as well as a frequently updated conduit of new knowledge long before such information trickles down from research to standard textbooks By making full use of Springer's print and online flexibility the *Encyclopedia* is at the

forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society Substantively the Encyclopedia draws from four major areas of research relating to adolescence The first broad area includes research relating to Self Identity and Development in Adolescence This area covers research relating to identity from early adolescence through emerging adulthood basic aspects of development e g biological cognitive social and foundational developmental theories In addition this area focuses on various types of identity gender sexual civic moral political racial spiritual religious and so forth The second broad area centers on Adolescents Social and Personal Relationships This area of research examines the nature and influence of a variety of important relationships including family peer friends sexual and romantic as well as significant nonparental adults The third area examines Adolescents in Social Institutions This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents These major institutions include schools religious groups justice systems medical fields cultural contexts media legal systems economic structures and youth organizations Adolescent Mental Health constitutes the last major area of research This broad area of research focuses on the wide variety of human thoughts actions and behaviors relating to mental health from psychopathology to thriving Major topic examples include deviance violence crime pathology DSM normalcy risk victimization disabilities flow and positive youth development

Neighborhoods, Communities and Child Maltreatment Kathryn Maguire-Jack, Carmit Katz, 2022-04-01 This volume explores methods for studying child maltreatment in the context of neighborhoods and communities given their importance in the lives of families It discusses the ways in which neighborhoods have changed over time and how this that has impacted parenting in the modern context It also highlights the ways in which policies have contributed to persistent poverty and inequality which indirectly impacts child maltreatment An important focus of this volume is to examine the multitude of ways in which the neighborhood context affects families including structural factors like poverty segregation residential instability and process factors like social cohesion The volume takes a critical look at the ways in which culture and context affect maltreatment through a community based approach and uses this approach to understand child maltreatment in rural areas The editors and contributors explore innovative prevention approaches and reflect on the future of this field in terms of what remains unknown how the information should be used to guide policy in the future and how practitioners can best support parents while being mindful of the importance of context Addressing an important topic this volume is of relevance and interest to a wide readership of scholars and students in the social and behavioral sciences as well as to practitioners and policy makers working with neighborhoods and communities

Child Abuse Stanley M. Sturt, 2006 Child abuse and neglect is as at a minimum any recent act or failure to act on the part of a parent or caretaker which results in death serious physical or emotional harm sexual abuse or exploitation or an act or failure to act which presents an imminent risk of serious harm Four major types of maltreatment are usually included neglect physical abuse sexual abuse and emotional abuse Although

any of the forms of child maltreatment may be found separately they often occur in combination This book presents issues and research in this field Children's Rights John T. Pardeck, 2006 This book covers the children s rights movement and the rights of parents It examines the implications of children s rights for policy and practice with particular reference to children with disabilities and children in the care of protective services **Doing Justice** Leroy H. Pelton, 1999-01-01 Offers a revised liberal political philosophy arguing that group based policies are discriminatory and proposing individual oriented policies in their place

Social Context Of Child Abuse And Neglect Book Review: Unveiling the Power of Words
