White-Collar Crime Michael L. Benson, Sally S. Simpson, 2017-12-22 White Collar Crime An Opportunity Perspective analyzes white collar crime within a coherent theoretical framework Using the opportunity perspective which assumes that all crimes depend on offenders recognizing an opportunity to commit an offense the authors uncover the processes and situational conditions that facilitate white collar crimes In addition they offer potential solutions to this persistent and widespread social problem without being reductive in their treatment of the difficulties of control With this third edition Benson and Simpson have added substantive online teaching materials and expanded their coverage with up to date case studies and discussions of recent investigations into white collar crime and control These timely updates reaffirm this accessible and rigorous book as a core resource for courses on white collar crime

State, Power, Crime Roy Coleman, Joe Sim, Steve Tombs, David Whyte, 2009-10-16 Following the outstanding introduction by the authors there are fifteen excellent original articles devoted to an integrated theory of the relationship between the state and crime This work is on the cutting edge of critical criminology It is a must read William J Chambliss Professor of Sociology The George Washington University USA This book is a superb compilation of original papers by an impressive roster of authors While the articles cover a wide range of empirical issues from Northern Ireland and corporate crime to youth crime and heterosexual hegemony they all explore the implications strategies and mechanisms of state power There isn't a weak paper here all are extensively documented well written persuasive and scholarly in the very best sense Professor Laureen Snider Queens University Canada State Power Crime is a hugely important book for these times Bringing together some of the most original minds in criminology it offers a critical analysis of the state how it constructs crime responds to it and at times engages in the very same The book is essential reading for anyone interested in justice freedom and equality Paddy Rawlinson London School of Economics Featuring contributions by many of the leading scholars in the field this seminal text explores the key themes and debates on state power today in relation to crime and social order It critically evaluates a range of substantive areas of criminological concern including terrorism surveillance violence and the media State Power Crime provides historical overviews of key theories about state power assessment of the relationship between crime criminal justice and the state analysis of the development of law and order policy discussion of the impact of structural fissures such as gender race and sexuality an overview of current research and writing critical reflection on the future direction of research and analysis advice on further reading In 1978 with the publication of Hall et al's Policing the Crisis and Poulantzas's State Power Socialism the complexity of the state's interventions in maintaining a capitalist social order were laid bare for critical criminological analysis State Power Crime offers an up to date and

comprehensive examination of the challenges posed by state power in relation to both criminal and social justice *Internal Migration, Crime, and Punishment in Contemporary China* Anqi Shen, 2018-11-15 This work investigates inequality and social exclusion in contemporary Chinese society specifically in the context of urbanization migration and crime Economic reforms started in the late 1970s post Mao fuelled a trend of urbanization and mass migration within China largely from rural areas to more economically developed urban regions With this migration came new challenges in a rapidly changing society Researchers have extensively studied the rural to urban human movement social changes inequality and its impact on individuals and society as a whole This volume provides a new perspective on this issue It forges a link between internal migration inequality social exclusion and crime in the context of China through qualitative research into the impact of this phenomenon on individuals lives Using a series of case studies drawn from interviews with inmates men and women in a large Chinese prison it focuses on migrant offenders subjective experiences and analyses issues from the rarely heard perspectives of migrant lawbreakers themselves The research demonstrates how factors including the hukou system rural urban class and gender inequalities prejudices against rural migrants and other structural problems often lead to migrant offending The author argues that to mitigate the effects of criminalisation the root causes of these problems should be examined emphasizing radical reforms to the hukou policy cultural change in urban society to welcome newcomers positive programs to integrate migrant workers into urban societies and improve their opportunities rather than inflicting harsher penalties or reducing migration While the research is based in China it has clear implications for other regions of the world which are experiencing similar tensions related to national and international migration This work will be of interest to researchers in criminology and criminal justice particularly with an interest in Asia as well as those in related fields such as sociology law and social justice

An Introduction to Criminological Theory Roger Hopkins Burke, 2017-11-27 This book provides a comprehensive and up to date introduction to criminological theory for students taking courses in criminology at both undergraduate and postgraduate level Building on previous editions which broadened the debate on criminological theory this book presents the latest research and theoretical developments The text is divided into five parts the first three of which address ideal type models of criminal behaviour the rational actor predestined actor and victimized actor models Within these the various criminological theories are located chronologically in the context of one of these different traditions and the strengths and weaknesses of each theory and model are clearly identified The fourth part of the book looks closely at more recent attempts to integrate theoretical elements from both within and across models of criminal behaviour while the fifth part addresses a number of key recent concerns of criminology postmodernism cultural criminology globalization and communitarianism All major theoretical perspectives are considered including classical criminology biological and psychological positivism labelling theories feminist criminology critical criminology and left realism social control theories the risk society The new edition also features comprehensive coverage of recent developments in criminology including

situation action theory desistance theory peacemaking criminology Lo c Wacquant s thesis of the penal society critical race theory and Southern theory This revised and expanded fourth edition of *An Introduction to Criminological Theory* includes chapter summaries critical thinking questions a full glossary of terms and theories and a timeline of criminological theory making it essential reading for those studying criminology *Criminological Perspectives on Race and Crime* Shaun L. Gabbidon, 2015-02-11 Ideal for use in either crime theory or race and crime courses this is the only text to look at the array of explanations for crime as they relate to racial and ethnic populations Each chapter begins with a historical review of each theoretical perspective and how its original formulation and more recent derivatives account for racial ethnic differences The theoretical perspectives include those based on religion biology social disorganization strain subculture labeling conflict social control colonial and feminism The author considers which perspectives have shown the most promise in the area of race ethnicity and crime **Routledge Handbook of Critical Criminology** Walter S. DeKeseredy, Molly Dragiewicz, 2018-04-09 The main objective of the second edition of the *Routledge Handbook of Critical Criminology* is twofold 1 to provide original chapters that cover contemporary critical criminological theoretical offerings generated over the past five years and 2 to provide chapters on important new substantive topics that are currently being studied and theorized by progressive criminologists Special attention is devoted to new theoretical directions in the field such as southern criminology queer criminology and green criminology The diverse chapters cover not only cutting edge theories but also the variety of research methods used by leading scholars in the field and the rich data generated by their rigorous empirical work In addition some of the chapters suggest innovative and realistic short and long term policy proposals that are typically ignored by mainstream criminology These progressive strategies address some of the most pressing social problems facing contemporary society today which generate much pain and suffering for socially and economically disenfranchised people The new edition of the Handbook is a major work in redefining areas within the context of international multidisciplinary critical research and in highlighting emerging areas such as human trafficking Internet pornography and image based sexual abuse It is specifically designed to be a comprehensive resource for undergraduate and postgraduate students researchers and policymakers Controlling State Crime Jeffrey Ian Ross, 2000-01-01 Academic research on state crime has focused on the illegal actions of individuals and organizations i e syndicates and corporations Interchangeably labeled governmental crime delinquency illegality or lawlessness official deviance and misconduct crimes of obedience and human rights violations state crime has largely been considered in relation to insurgent violence or threats to national security Generally it has been seen as a phenomenon endemic to authoritarian countries in transitional and lesser developed contexts We need look no further than today s headlines to see the evidence of state crime Rwanda where government troops massacred countless Hutus and Tutsis governmental atrocities in Kosovo at the hands of the Yugoslavian Army and East Timor where both individuals and property have been decimated largely perpetrated by the Indonesian military The study of how to control

state crime has been difficult. There are definitional, conceptual, theoretical and methodological problems as well as difficulties in designing of practical methods to abolish combat control or resist this type of behavior. Jeffrey Ian Ross reviews these shortcomings then develops a preliminary model of ways to control state crime. His intention is stimulating scholarly research and debate but also encouraging progressive minded policymakers and practitioners who work for governmental and nongovernmental organizations. The hope is that they will reflect upon the methods they advocate or use to minimize state transgressions. This new edition will be of compelling interest to students of political science and criminology as well as general readers interested in human rights, state crime and world affairs.

Theories of Crime Ian Marsh, 2007-01-24. The book adopts an interactive style that encourages students to react to the text and think for themselves. It includes a range of pedagogical features including reflective question breaks, case studies with questions, chapter summaries, annotated further reading suggestions including websites and a glossary of key terms. The book is edited by an experienced and widely published author and is written by a team who teach on a range of Criminology courses at both under and postgraduate levels. A clear, accessible and comprehensive review of theoretical thinking about crime, the book uses an interdisciplinary approach: Sociology, Psychology and Biology.

Juvenile Delinquency Donald J. Shoemaker, 2013-03-14. Juvenile Delinquency is a comprehensive textbook that covers criminal behavior and justice for young people. Donald J. Shoemaker offers a simple and accessible text for students who are seeking a better understanding of crime and youth culture. With a strong emphasis on the importance of theory and practice, this updated edition of Juvenile Delinquency is a must read for understanding crime and youth culture.

The Prevention of Crime Abigail A. Fagan, Delbert Elliott, 2024-02-06. Provides an integrated and holistic review of effective crime prevention programs, practices and policies, their theoretical grounding, the scientific evidence of their effectiveness and the practical issues involved in their implementation at the community, state and national levels. The Prevention of Crime offers a comprehensive yet easy to understand overview of crime prevention strategies such as programs and practices guided by life course developmental theories of crime, situational crime prevention, law enforcement practices and policies and correctional interventions. Containing the most up to date and accurate information about what works in crime prevention, this unique textbook introduces students to the public health and prevention science approaches to addressing the causes of crime with a focus on prevention oriented, community based interventions. Throughout the text, the authors emphasize the importance of using high quality scientific methodologies to identify effective and ineffective interventions that are based on theory, provide expert insights on practical issues relating to crime prevention in communities and discuss how practitioners can effectively implement a range of crime prevention strategies. Incorporating recent advances and emerging research in the field, the second edition of The Prevention of Crime contains new and updated coverage of developments in criminological theory and evaluation methods, efforts to avoid and correct discriminatory crime prevention practices, understand how and why communities make adaptations to evidence based

interventions EBI strategies to investigate and communicate the impact of EBIs on different populations including members of racial ethnic minority groups and more This edition includes new links to relevant research and internet resources additional real world examples updated crime statistics and information on recent changes in EBI registries that list crime prevention interventions Describes effective interventions that have been developed tested and used in the United States and internationally Demonstrates the relationship between criminological theories research and practice Discusses the practical challenges of implementing crime prevention strategies and policies Corrects misconceptions about widely used prevention models shown to be ineffective in reducing crime Draws from cutting edge conceptual frameworks and the latest research in prevention science and crime prevention Written to be accessible to students without formal training in research methods The Prevention of Crime Second Edition is an excellent textbook for undergraduate and graduate programs in criminology criminal justice and prevention science programs as well as courses on psychology public health sociology and social work

Extension Series University of Missouri,1923 **International Criminology and Criminal Justice** Thomas R. Lagergren,Kathleen A. Pitt,1977 **Youth and Crime** John Muncie,2004-06-11 The Second Edition of this best selling text provides a fully revised and up to date critical analysis of a wide range of issues surrounding young people disorder and crime How and why have certain aspects of young people s behaviour come to be perceived as anti social and criminal Are young people now more of a threat than ever before How can we make sense of New Labour s youth justice reforms Is the youth justice system soft on crime Are young people more in need of protection than disciplinary punishment To develop a comprehensive criminology of youth the book deliberately moves *Routledge Library Editions: British Sociological Association* Various,2021-07-14 The volumes in this set originally published between 1969 and 2001 is comprised of original books published in conjunction with the British Sociological Association The set draws together original research by leading academics based on study groups and conference papers in the areas of youth race the sociology of work gender social research urban studies class deviance and social control law development and health Each volume provides a rigorous examination of related key issues This set will be of particular interest to students and academics in the field of sociology health and social care gender studies and criminology respectively **Reactions to Crime** Fred DuBow,Edward McCabe,Gail Kaplan,1980
