Social Development In Latin America The Politics Of Reform:

Social Development in Latin America Joseph S. Tulchin, Allison M. Garland, 2000 This volume provides a wide ranging analysis of social welfare reform in Latin America examining in particular the politics involved in implementing difficult and controversial social policies that often pit the middle strata of society represented by powerful stakeholders against the poor

Social development in Latin America Joseph Tuchin, 2000 Challenging Neoliberalism in Latin America Eduardo Silva, 2009-08-31 At the turn of the twentieth century a concatenation of diverse social movements arose unexpectedly in Latin America culminating in massive anti free market demonstrations These events ushered in governments in Argentina Bolivia Ecuador and Venezuela that advocated socialization and planning challenging the consensus over neoliberal hegemony and the weakness of movements to oppose it Eduardo Silva offers the first comprehensive comparative account of these extraordinary events arguing that the shift was influenced by favorable political associational space a reformist orientation to demands economic crisis and mechanisms that facilitated horizontal linkages among a wide variety of social movement organizations His analysis applies Karl Polanyi s theory of the double movement of market society to these events predicting the dawning of an era more supportive of government intervention in the economy and society Empowered Participation Or Political Manipulation? Rabab El-Mahdi, 2011-07-27 Using Social Funds in Egypt and Bolivia as a microcosm this book offers a critical examination of state civil society relations and governance under the neoliberal model Focusing specifically on the reconstruction of citizenship rights and participatory governance under this model **Politics Latin America** Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte through the maze of politics in Latin America Journal of Latin American Studies Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible overview of the region s unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative politics **Gender and Social Policy in a Global Context** Shireen Hassim, 2006-04-27 This book illustrates why both academic research and policy thinking need to factor in gender hierarchies and structures if they are to address some of the key challenges of contemporary societies the widespread informality and insecurity of paid work and the crisis of care Political Change and Environmental Policymaking in Mexico Jordi Diez, 2013-10-31 This book explores environmental policymaking in Mexico as a vehicle to understanding the broader changes in the policy process within a system undergoing a democratic transformation It constitutes the first major analysis of environmental policymaking in Mexico at the national

level and examines the implementation of forestry policy in Mexico's largest rain forest the Selva Lacandona of the state of Chiapas

The State of State Reform Eduardo Lora, 2007 This book reviews state reforms in Latin America since the mid 1980s

Welfare and Party Politics in Latin America Jennifer Pribble, 2013-04-22 Systems of social protection can provide crucial assistance to the poorest and most vulnerable groups in society but not all systems are created equally In Latin America social policies have historically exhibited large gaps in coverage and high levels of inequality in benefit size Since the late 1990s countries in this region have begun to grapple with these challenges enacting a series of reforms to healthcare social assistance and education policy While some of these initiatives have moved in a universal direction others have maintained existing segmentation or moved in a regressive direction Welfare and Party Politics in Latin America explores this variation in Argentina Chile Uruguay and Venezuela finding that the design of previous policies the intensity of electoral competition and the character of political parties all influence the nature of contemporary social policy reform in Latin America

Democratic Brazil Revisited Peter R. Kingstone, Timothy J. Power, 2008-10-26 Brazil presents a compelling example of twenty first century democracy in action In this sequel to their landmark study Democratic Brazil editors Peter Kingstone and Timothy J Power have assembled a distinguished group of U S and Brazilian based scholars to assess the impact of competitive politics on Brazilian government institutions economics and society The 2002 election of Lula da Silva and his Worker's Party promised a radical shift toward progressive reform transparency and accountability opposing the earlier centrist and market oriented policies of the Cardoso government But despite the popular support reflected in his 2006 reelection many observers claim that Lula and his party have fallen short of their platform promises They have moved to the center in their policies done little to change the elitist political culture of the past and have engaged in politics as usual in executive legislative relations leading to allegations of corruption Under these conditions democracy in Brazil remains an enigma Progress in some areas is offset by stagnation and regression in others while the country has seen renewed economic growth and significant progress in areas of health care and education the gap between rich and poor remains vast Rampant crime racial inequality and a pandemic lack of personal security taint the vision of progress These dilemmas make Brazil a particularly striking case for those interested in Latin America and democratization in general

The South America Handbook Patrick Heenan, Monique Lamontagne, 2014-01-27 First Published in 2002 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region's economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region's economy its population natural

resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index

Reorganizing Popular Politics Ruth Berins Collier, 2009 A comparative analysis of lower class interest politics in Argentina Chile Peru and Venezuela Examines the proliferation of associations in Latin America's popular sector neighborhoods in the context of the historic problem of popular sector voice and political representation in the region

Despite the Odds Merilee S. Grindle, 2018-06-05 Despite the Odds poses an important question How can we account for successful policy reform initiatives when the political cards are stacked against change Theories of politics usually predict that reform initiatives will be unsuccessful when powerful groups are opposed to change and institutions are biased against it This book however shows how the strategic choices of reform proponents alter the destinies of policy reforms by reshaping power equations and undermining institutional biases that impede change In many countries the political path to reform can be daunting Antireform interests are powerful and support for change is at best lukewarm Centrally important institutions strongly defend the policy status quo Despite these political odds reformers have seized the initiative in promoting reform weakening and marginalizing opposition groups and marshaling political patrons and networks to advance their initiatives Despite the Odds opens the black box of decision making in five initiatives designed to enhance the quality of education services in Latin America The book addresses the strategies used by reformers to manage the political process of change and those adopted by opposition groups and institutions resisting their efforts Individual chapters consider how leaders set national policy agendas for education how policy design teams created the content of reform initiatives how they dealt with the messy and public confrontations that greeted reform proposals when they were announced and the carryover of political conflict when they were implemented

Do the Poor Count? Michelle M. Taylor-Robinson, 2015-11-05 Latin America's flirtation with neoliberal economic restructuring in the 1980s and 1990s the so called Washington Consensus strategy had the effect of increasing income inequality throughout the region The aim of this economic policy was in part to create the conditions for stable democracy by ensuring efficient economic use of resources both human and capital but the widening gap between rich and poor threatened to undermine political stability At the heart of the dilemma faced by these new democracies is the question of accountability Are all citizens equally capable of holding the government accountable if it does not represent their interests In this book Michelle Taylor Robinson investigates both the formal institutions of democracy such as electoral rules and the design of the legislative and executive branches and informal institutions such as the nomination procedures of political parties and patron client relationships to see what incentives legislators have to pay attention to the needs of poor people and thereby adequately represent their interests

International Encyclopedia of Housing and Home, 2012-10-09 Available online via SciVerse ScienceDirect or in print for a

limited time only The International Encyclopedia of Housing and Home Seven Volume Set is the first international reference work for housing scholars and professionals that uses studies in economics and finance psychology social policy sociology anthropology geography architecture law and other disciplines to create an international portrait of housing in all its facets from meanings of home at the microscale to impacts on macro economy This comprehensive work is edited by distinguished housing expert Susan J Smith together with Marja Elsinga Ong Seow Eng Lorna Fox O Mahony and Susan Wachter and a multi disciplinary editorial team of 20 world class scholars in all Working at the cutting edge of their subject liaising with an expert editorial advisory board and engaging with policy makers and professionals the editors have worked for almost five years to secure the quality reach relevance and coherence of this work A broad and inclusive table of contents signals or testifies to detailed investigation of historical and theoretical material as well as in depth analysis of current issues This seven volume set contains over 500 entries listed alphabetically but grouped into seven thematic sections including methods and approaches economics and finance environments home and homelessness institutions policy and welfare and well being Housing professionals both academics and practitioners will find The International Encyclopedia of Housing and Home useful for teaching discovery and research needs International in scope engaging with trends in every world region The editorial board and contributors are drawn from a wide constituency collating expertise from academics policy makers professionals and practitioners and from every key center for housing research Every entry stands alone on its merits and is accessed alphabetically yet each is fully cross referenced and attached to one of seven thematic categories whose wholes far exceed the sum of their parts

The Politics of Successful Governance Reforms Mark Robinson, 2013-10-18 This book examines the factors that give rise to successful governance reforms in developing countries focusing on the importance of political commitment supportive institutions and the timing of reforms It reviews the lessons arising from the design and implementation of successful governance reforms in Brazil India Uganda and other parts of Africa through comparative analysis of experience with public financial management anti corruption civil service reform and innovations in service delivery The contributors suggest that three factors are critical in explaining positive outcomes strong consistent commitment from politicians to initiate and sustain reforms a high level of technical capacity and some degree of insulation from societal interests at least in the early phases for designing and managing reforms incremental approaches with cumulative benefits are more likely to produce sustainable results Explicit attention to the political feasibility of reform identifying and building incentives for reform and a more gradual and piecemeal approach are all integral to the success of future governance reforms

The Politics of Economic Reform in South Korea Tat Yan Kong, 2013-10-11 One of the most comprehensive texts on the political economy of Korea available Up to date goes up to 1999

Practical Authority Rebecca Abers, Margaret E. Keck, 2013-09-19 This book looks at what actors in complex policy environments actually do to get new institutions off the ground The story told has a multiplicity of protagonists many of whom are normally invisible in

political studies such as the state officials and university professors who struggled to move water reform forward The book explores the interaction between their efforts to influence the design and passage of new legislation and the hard labor of creating the new water management organizations the laws called for Handbook on Social Protection and Social Development in the Global South Leila Patel, Sophie Plagerson, Isaac Chinyoka, 2023-09-06 This cutting edge Handbook argues for social protection to be situated in a wider system of social welfare and development programmes for low and middle income countries Focusing on the role of citizens and communities in enhancing human development it explores how welfare systems are unfolding in diverse contexts across the global South *The Politics of Agrarian Reform in Brazil* Wilder Robles, 2015-08-05 The Politics of Agrarian Reform in Brazil examines the interrelationships among peasant mobilization agrarian reform and cooperativism in contemporary Brazil Specifically it addresses the challenges facing peasant movements in their pursuit of political and economic democracy The book takes as a point of reference the Landless Rural Workers Movement MST the most dynamic force for progressive social change in Latin America today Robles and Veltmeyer argue that the MST has effectively practiced the politics of land occupation and the politics of agricultural cooperativism to consolidate the food sovereignty model of agrarian reform However the rapid expansion of the corporate led agribusiness model which is supported by Brazil's political elite has undermined the MST's efforts The authors argue that despite intense peasant mobilization agrarian reform remains an unfulfilled political promise in Brazil
