Fundamental Christian Ethics Daniel Heimbach,2022-11-01 In Fundamental Christian Ethics Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues      **The Distant Mirror** Joanne Brown,Nancy St. Clair,2005-12-08 Young adult historical fiction brings the past alive through stories of adventure suspense and mystery The genre is both complex and controversial encompassing novels that range from romance and fantasy to stark historical realism The book examines the various approaches to young adult historical fiction and explores the issues that it has engendered Part One focuses on the broader issues spawned by the genre itself including its various subgenres the line between fiction and fact to what degree must an author adhere to historical accuracy time boundaries the diary format the protagonist as the outsider who is entitled to write what and literary concerns such as the relationship between accuracy and readability Part Two explores issues of contemporary interest such as race class gender the immigrant experience religion war and nationalism Thought provoking discussions of how these elements are treated in historical novels with emphasis on how current cultural values have shaped the fiction are presented Finally the question of whether novels in this genre are

bound by anything other than their respective period setting is posed and it is contended that there are features common to YA historical novels that not only set the genre apart from other YA fiction but also contribute something unique to the larger genre. The genesis for much classroom debate, suggestions for class discussions and writing assignments as well as sample written responses of these debates from the authors' classes are included. Teachers, librarians, instructors of young adult literature courses and teen readers will find this an insightful analysis of YA historical fiction. **Handbook of U.S.**

**Theologies of Liberation** Miguel A. De La Torre, 2004-11-01. The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U.S. marginalized communities. It explores the interrelationship between religion, community and culture in the social context of different marginalized groups, specifically those rooted in the African American, Amerindian, Asian American, feminist, gay, lesbian and Hispanic experiences and their impact on the development of U.S. theologies of liberation. The handbook gives attention to the history, nature, sources and development of these theologies and the theologians who contributed to their formation. Of particular interest is how *Handbook of U.S. Theologies of Liberation* clearly distinguishes both the differences and similarities between these U.S. theologies and their Latin American counterparts. The handbook is divided into two sections: Thematic Essays that provide a general overview of a specific theological theme from the perspectives of different marginalized groups and Contextual Essays that focus on the specific contributions of scholars from various racial, ethnic and gender backgrounds. **A Macrotheory of Justice** Gabriel Andrew

Msoka, 2011-01-01. For too long a time the contemporary theories of justice have been focusing on humankind as the sole bearer or claimant of justice and too little importance has been given to nature or the cosmos as the bearer of justice in its own right. Due to this limitation, ecological justice in particular has not been given the priority it deserves in the study of justice. Given the sacred character of nature or cosmos, God has not been considered an integral part of the study of justice and further that protecting nature has not been considered an important moral and sacred duty. This study presents a wholesome and all-encompassing macro theory of justice, *Umunutology*, by demonstrating how humankind, God and nature are inter-related and how harmony, peace and abundant life in the world can be the fruit of a three-fold relationship. **The**

**Wisdom of the Cross** Stanley Hauerwas, Chris K. Huebner, Harry J. Huebner, Mark T. Nation, 2005-05-26. Few recent Christian thinkers have been as widely influential as John Howard Yoder. 1927-1997. Encompassing a teaching career of more than thirty years and such landmark publications as *The Politics of Jesus*, Yoder's life and thought have profoundly impacted students and colleagues from a broad range of disciplines. In the words of Stanley Hauerwas, Yoder is probably the major theologian-ethicist of this half-century in America and certainly the leading Mennonite theologian of the twentieth century. *The Wisdom of the Cross* is the only book to provide valuable secondary essays engaging Yoder's central theological concerns together with a biographical reflection on his life and legacy. Written by scholars both from within and outside of Yoder's Mennonite community, these essays develop the most significant aspects of Yoder's thought from his powerful defense of

Christian pacifism to his seminal analysis of the politics of Jesus to his challenging contributions to Christian social ethics ecclesiology and theological method The book also includes a previously unpublished essay on moral absolutes by Yoder himself A fitting tribute to Yoder's distinguished career this volume will be useful to readers new to Yoder's work and to those wishing to probe more deeply into the implications of his thought

**A Quest for Humanity** Menno Boldt, 2011-01-01 In *A Quest for Humanity* Menno Boldt presents a persuasive new framework for achieving a human social order in the global age Boldt explores the concept of the good society as a world in which every person can realize their potential for humanity through liberty social justice and equal human dignity *A Quest for Humanity* innovatively positions globalization as a deterministic phenomenon of expanding interdependence and shared knowledge resulting in ever larger economic and political jurisdictions but also creating social and psychological links between peoples across the world Boldt challenges mainstream certainty that Western democracy and constitutional human rights are the exemplary doctrines for the global good society With a fresh vision designed to inspire a universal acknowledgement of human dignity *A Quest for Humanity* powerfully affirms the value of each human being

*Religion & Sexuality* Charles Kevin Robertson, 2006 Issues of religion and sexuality elicit passionate debate as witnessed in the well researched provocative essays contained in this volume Cutting edge scholars representing radically different traditions and positions wrestle with controversial and even taboo subjects in modern American culture Oral sex polygamy homosexuality and clergy celibacy and boundaries are addressed as editor C K Robertson facilitates a lively conversation that will be of interest to students of religion and popular culture or anyone wishing to explore what is on and off limits in today's increasingly pluralistic yet strongly spiritual society

**All Creation is Groaning** Carol J. Dempsey, Russell A. Butkus, 2015-03-06 This multi academic perspective on contemporary environmental issues reminds us of our oneness with the natural world and what that calls us to as moral creatures Fashioned as a series of stories based on the model of biblical narrative these seemingly multivalent voices and perspectives are joined together with biblical stories references and theological reflection to create in *All Creation Is Groaning* a seamless story that is both provocative and revelatory *All Creation Is Groaning* provides a clear Vision of living life in a sacred universe This Vision is linked to the biblical Vision of justice and righteousness for all of creation and humankind's responsibility to hasten the Vision through a call to ethical practice Critical and hermeneutical this book reflects an interdisciplinary approach so as to build bridges of understanding between the Bible and contemporary disciplines Chapters are Stories from the Heart New Ways of Knowing and Being Known An Islamic Perspective on the Environment Christian Values Technology and the Environment Crisis Feeding the Hungry and Protecting the Environment Mental Cartography in a Time of Environmental Crisis Toward an Understanding of International Geopolitics and the Environment Sustainability An Eco Theological Analysis The Stewardship of Natural and Human Resources Development of Environmental Responsibility in Children An Ecological View of Elders and Their Families Needs for the Twenty First Century Symphonies of Nature Creation and Re creation A

Sense of Place and Hope Amidst Crisis A Prophetic Vision of Cosmic Redemption *Chalice Introduction to Disciples Theology* Peter Heltzel, 2008 **Making a Difference: Progressive Values in Public Administration** Richard C Box, 2009-02-15 This inspirational work encourages Public Administration professionals to participate in progressive social change by advocating progressive values to counter the regressive values currently dominant in American society The book begins with an analysis of regressive and progressive societal values and then discusses specific actions PA practitioners scholars and teachers can take to build awareness and use of progressive values The author presents regressive and progressive values in five matched pairs each representing a continuum of thought and action aggressiveness and cooperation belief and knowledge economics as end and economics as means great inequality and limited inequality and Earth as resource and Earth as home **Spirit and Capital in an Age of Inequality** Robert P. Jones, Ted A. Smith, 2017-12-22 Spirit and Capital in an Age of Inequality brings together a diverse group of scholars activists and public intellectuals to consider one of the most pressing issues of our time increasing inequalities of income and wealth that grate against justice and erode the bonds that hold society together The contributors think through different religious traditions to understand and address inequality They make practical proposals in relation to concrete situations like mass incarceration and sweatshops They also explore the inner experience of life in a society marked by inequality tracing the contours of stress hopelessness and a restless lack of contentment This book honors the work of Jon P Gunnemann who has been a leading scholar at the intersections of religion and economics Spirit and Capital in an Age of Inequality will be of interest to undergraduate and postgraduate students and scholars of religion and economics It will be useful to policy makers and activists seeking a more thorough understanding of the role of religion and theology in public life **An Introduction to Biblical Ethics** J. Box, 2018-03-01 Essential History for Public Administration offers public affairs faculty and students a concise introduction to crucial elements of American history creating a foundation for stronger discussion of current conditions in governance and management It is designed as a brief supplemental text for use in public affairs courses rather than as a replacement for core assigned readings The premise of the book is that enhanced knowledge of the history of the public sector can help students of public affairs design and manage successful programs **Ecologists and Ethical Judgements** N. Cooper, R.C.J. Carling, 2012-12-06 How we see the world our attitudes and assumptions about it profoundly affects the way we deal with it This book is written by an interdisciplinary team of ecologists nature conservationists and environmental philosophers It seeks to make the connection between the theoretical approaches to the valuation of the natural world and how these work in practice **Preaching Justice** James M. Childs, Jr., 2000-03-01 The principal concern of this book is not complex

theoretical discussions of justice so common to the discipline of ethics but how working for justice fits into the church's mission and especially into its preaching. An opening chapter sets forth a biblical and theological basis for the conviction that justice is at the heart of the church's mission and witness. Then follows a chapter on preaching that distinguishes between merely moralizing about justice and genuinely preaching it. The remaining chapters in the book speak of preaching justice in dialogue with current contextual realities such as 1 the racism of our American context 2 the church's pentecostal heritage of communicating in and through all cultures 3 the fact that much of the injustice in our society is a by-product of greed in its individual and enculturated manifestations and 4 the need to deal appropriately and faithfully with the multicultural context of today. A concluding chapter brings the preacher back into the context of the church and its gospel foundations that is the source of preaching justice and walking together with the people of God in quest of it. James M Childs is the Joseph A Sittler Professor of Theology and Ethics and Academic Dean at Trinity Lutheran Seminary Columbus Ohio. He is the author of *Faith Formation and Decision Ethics in the Community of Promise* 1991 and *Ethics in Business Faith at Work* 1995. For Clergy seminarians homiletics ethicists peace and justice readership students of mission and modern culture. Theology from the Trenches Roger J. Gench, 2014-09-09. While urban pastors devote time and energy to all the typical demands of ministry they also grapple with challenges endemic to city life. Achieving a measure of balance amid these competing demands and responsibilities can be daunting. Using his experiences as a pastor in urban settings for nearly three decades, Roger J Gench offers pastors a close look at the challenges that come from being involved in urban ministry. Throughout he integrates memoir, sermons and essays on social ministry and reflections on the theology and spirituality of parish life. In each chapter Gench offers his own stories and reflections and then invites readers to consider the relevance for their own ministry. Urban pastors will not only find themselves relating to Gench's experiences but will also uncover practical help for their ministry.

**Religion, Flesh, and Blood** Pamela Leong, 2015-05-06. This is a case study of one congregation within the Unity Fellowship Church Movement that relies on therapeutic religion, a form of religion that strives to equip individuals with psychological capital by enabling self-expressions and affirmations of social differences. The therapeutic ethic that characterizes this congregation has enabled some freedoms that are otherwise disallowed in traditional congregations. These new freedoms inadvertently have led to certain excesses including overtly sexual language and behaviors. But this is not to say that the congregation disregards conventional norms altogether or that therapy is used simply as an excuse for self-indulgence. Rather, in spite of the occasional messiness that may arise, there is something significant and deep about therapeutic religion. For religious organizations serving traumatized and marginalized populations, in particular, therapeutic religion may be pivotal in helping to reintegrate the wounded back into the community folds. **Journal of the Society of Christian Ethics**, 2008.
