Social Inequality And Social Injustice A Human Rights Perspective:

Social Inequality and Social Injustice Evelyn Kallen, 2002 **Perspectives on Health and Human Rights** Sofia Gruskin, 2005 This anthology of articles collected by a cast of award winning scholars in the field of public health illustrates that promoting and protecting human rights is fundamental to promoting and protecting health New issues covered in this volume include emerging technologies family and health responding to violence and methods and strategies Violence and Social Justice V. Bufacchi, 2007-10-23 Violence and injustice are two major political problems facing the world today Offering a fresh innovative analysis of the concept of violence this book presents an original insight into the nature of injustice Addressing three key questions it forces us to rethink the scope and aims of a theory of social justice **Health and Human Rights in a Changing World** Michael Grodin, Daniel Tarantola, George Annas, Sofia Gruskin, 2013-07-04 Health and Human Rights in a Changing World is a comprehensive and contemporary collection of readings and original material examining health and human rights from a global perspective Editors Grodin Tarantola Annas and Gruskin are well known for their previous two volumes published by Routledge on this increasingly important subject to the global community The editors have contextualized each of the five sections with foundational essays each reading concludes with discussion topics questions and suggested readings This book also includes Points of View sections originally written perspectives by important authors in the field Section I is a Health and Human Rights Overview that lays out the essential knowledge base and provides the foundation for the following sections Section II brings in notions of concepts methods and governance framing the application of health and human rights in particular the Human Rights based Approaches to Health Section III sheds light on issues of heightened vulnerability and special protection stressing that the health and human rights record of any nation any community is determined by what is being done and not done about those who are most in need Section IV focuses on addressing system failures where health and human rights issues have been documented recognized even at times proclaimed as priorities and yet insufficiently attended to as a result of State denial unwillingness or incapacity Section V examines the relevance of the health and human rights paradigm to a changing world underscoring contemporary global challenges and responses Finally a Concluding Note brings together the key themes of this set of articles and attempts to project a vision of the future **Gender and Justice** Frances Heidensohn, 2013-01-11 Questions about gender justice and crime are constantly in the public arena whether they focus on young women getting drunk or taking drugs or the rising numbers of women going to prison or committing violent crimes or reports of macho behaviour on the part of men in the military law enforcement or professional sport This book provides a key text for students seeking to understand feminist and gendered perspectives on criminology and criminal justice bringing together the most innovative research and work which has taken the study of the relationship between gender and justice into the twenty first century The book addresses many of the issues of concern to the established feminist agenda such as the gender gap equity in the criminal justice system penal

regimes and their impact on women but also shows the ways in which these themes have been extended reinterpreted and answered in new and distinctive ways Organised into sections on gender and offending behaviour gender and the criminal justice system and new concepts and approaches Gender and Justice new concepts and approaches will be essential reading for students taking courses in criminology and criminal justice and anybody else wishing to understand the complex and changing relationship between gender and justice

Segregation by Design Catalina Freixas,Mark Abbott,2018-10-24

This book discusses racial segregation in American cities Using St Louis as a point of departure it examines the causes and consequences of residential segregation and proposes potential mitigation strategies While an introduction timeline and historical overview frame the subject nine topic specific conversations between invited academics policy makers and urban professionals provide the main structure Each of these conversations is contextualized by a photograph an editors note and an essay written by a respected current or former St Louisan The essayists respond to the conversations by speaking to the impacts of segregation and by suggesting innovative policy and design tactics from their professional or academic perspective The purpose of the book therefore is not to provide original research on residential segregation but rather to offer a unique collection of insightful transdisciplinary reflections on the experience of segregation in America and how it might be addressed
