

**Social Mobility in Contemporary  
Japan: Educational Credentials,  
Class and the Labour Market in  
a Cross-National Perspective  
(A Study of the East Asian  
Institute of Columbia University)**

Ishida, Hiroshi

Note: This is not the actual book cover

# Social Mobility In Contemporary Japan Edition

**David Chiavacci, Carola Hommerich**

## **Social Mobility In Contemporary Japan Edition:**

**Social Mobility in Contemporary Japan** Hiroshi Ishida,1995-01-05 The book is a study of intergenerational class mobility and the process of socioeconomic status attainment in contemporary Japan The idea of Japan as an educational credential society has been debated for a long time in Japan The book empirically evaluates this idea within the framework of a cross national comparison with the United States and Britain The author also examines the patterns of class mobility in Japan within a cross national perspective and reports similarities and differences in the mobility patterns among the three societies

**Social Class in Contemporary Japan** Hiroshi Ishida,David H. Slater,2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that include top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike

Social Stratification in Contemporary Japan Kenji Kosaka,2013-09-05 First Published in 1994 The focus of this study is class and stratification in Japan There are a few papers on social stratification in Japan that are written in English and make use of the SSM research The present study uses the latest SSM data These were collected in 1985 and are themselves becoming out of date given that Japanese society has been experiencing rapid and radical change though they remain among the most recent available The authors are sociologists this book is intended for a general readership

**Social Class in Contemporary Japan** Hiroshi Ishida,David H. Slater,2009-10-16 Through examination of contemporary Japanese society this book demonstrates that the analysis of class formation is fundamental for a clear understanding of institutions and collective identity such as family school work gender and ethnicity

*Fashioning Japanese Subcultures* Yuniya Kawamura,2013-08-15 Western fashion has been widely appreciated and consumed in Tokyo for decades but since the mid 1990s Japanese youth have been playing a crucial role in forming their own unique fashion communities and producing creative styles which have had a major impact on fashion globally Geographically and stylistically defined subcultures such as Lolita in Harajuku Gyaru and Gyaru o in Shibuya Age jo in Shinjuku and Mori Girl in Kouenji reflect the affiliation and identities of their members and have often blurred the

boundary between professionals and amateurs for models photographers merchandisers and designers Based on insightful ethnographic fieldwork in Tokyo **Fashioning Japanese Subcultures** is the first theoretical and analytical study on Japan's contemporary youth subcultures and their stylistic expressions It is essential reading for students scholars and anyone interested in fashion sociology and subcultures     **Social Stratification in an Aging Society with Low Fertility** Sawako Shirahase,2022-08-31 This edited book empirically discusses stratification in contemporary Japanese society It is unique for its examination of social inequality in relation to declining fertility and an aging population Japan is the most aged society in the world according to the Statistics Bureau of Japan people who are aged 65 and above comprised 29.1% of the country's total population in 2021 Meanwhile the fertility rate has continuously declined since the mid 1970s Japan experienced a dramatic change in its demographic structure in a short period of time Such fast change could be a major factor that generated social stratification In her industrialization Japan was thought to share a pattern of social stratification similar to that of developed European and North American countries but with a low degree of socio economic inequality and a high degree of homogeneity There is no clear support for this description of Japan although the country does share a pattern and degree of social stratification similar to that observed in Europe and North America The social stratification theory has been developed in close relationship to the labor market however it is necessary to further examine the social stratification of very aged societies in which a substantial number of the population namely retired persons no longer have any ties to the labor market In this book the contributors explore the pattern of social stratification at three life stages young middle aged and elderly Included are discussions of various aspects of stratification such as education work wealth marriage family gender generation and social attitudes     **Learning To Be Modern** Byron Marshall,2018-03-08 Emphasizing the political discourse and conflict that have surrounded Japanese education this book focuses on the three main issues of central versus local control elitism versus equality and nationalism versus universalism     **Social Inequality in Post-Growth Japan** David Chiavacci,Carola Hommerich,2016-09-13 In recent decades Japan has changed from a strongly growing economically successful nation regarded as prime example of social equality and inclusion to a nation with a stagnating economy a shrinking population and a very high proportion of elderly people Within this new forms of inequality are emerging and deepening and a new model of Japan as gap society kakusa shakai has become common sense These new forms of inequality are complex are caused in different ways by a variety of factors and require deep seated reforms in order to remedy them This book provides a comprehensive overview of inequality in contemporary Japan It examines inequality in labour and employment in welfare and family in education and social mobility in the urban rural divide and concerning immigration ethnic minorities and gender The book also considers the widespread anxiety effect of the fear of inequality and discusses how far these developments in Japan represent a new form of social problem for the wider world     **Single Mothers in Contemporary Japan** Aya Ezawa,2016-05-12 Combining work and family remains a major challenge for married women in

contemporary Japan and it's not uncommon for them to quit working when starting a family. Single mothers, by contrast, almost always work regardless of the age of their children. Despite their eagerness to support themselves and their children through employment, their average income remains low and many live on a household budget close to the poverty line. This book examines how the difficult living conditions facing single mothers in Japan highlight not only the challenges they face in earning a family wage and managing the work-family balance but also reveals the class dimensions of family life in contemporary Japan. The need to make ends meet with few resources means that mothers may find it difficult to uphold the lifestyle they may consider as most appropriate for the upbringing of their children and that they may have to choose between their presence at home in line with the ideal of the middle-class housewife and mother or devoting more time to earning an income that can pay for a good education. Social class in this case is not just a matter of education, occupation, or income but is also expressed by mothers' approaches to their children's upbringing and future opportunities in education and employment. Based on life history interviews with single mothers, this study examines the gendered meanings of social class and social achievement and the role of maternal practices in shaping their children's future life trajectories. Key Texts for Japanese Sociology Hideo Nakazawa, 2024-12-18 Though rich, diverse, unique, and engaging, Japan's sociological outputs have been internationally underrepresented. In its thoughtful translation and curation of key Japanese sociological texts, this book redresses this imbalance and treads exciting new ground. Comprising 17 chapters spanning 7 decades, this text introduces you to fundamental themes from classical studies in post-war Japan to contemporary sociological issues like migration, politics, social mobility, and gender-based violence. Key Texts for Japanese Sociology is an original, much-needed resource empowering a foundational, confident understanding of the national, regional, and local traditions of Japanese sociology from the latter half of the last century to today. *The SAGE Handbook of Social Anthropology* Richard Fardon, Oliva Harris, Trevor H. J. Marchand, Cris Shore, Veronica Strang, Richard Wilson, Mark Nuttall, 2012-07-25 In two volumes, the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline. It explains the what, where, and how of current and anticipated work in Social Anthropology. With 80 authors contributing more than 60 chapters, this is the most comprehensive and up-to-date statement of research in Social Anthropology available and the essential point of departure for future projects. The Handbook is divided into four sections. Part I: Interfaces examines Social Anthropology's disciplinary connections from Art and Literature to Politics and Economics, from Linguistics to Biomedicine, from History to Media Studies. Part II: Places examines place, region, culture, and history from regional area studies to a globalized world. Part III: Methods examines issues of method from archives to war zones, from development projects to art objects and from ethics to comparison. Part IV: Futures anticipates anthropologies to come in the Brain Sciences, in post-development, in the Body and Health, and in new Technologies and Materialities. Edited by the leading figures in social anthropology, the Handbook includes a substantive introduction by Richard Fardon, a think piece by Jean and John Comaroff.

and a concluding last word on futures by Marilyn Strathern The authors each at the leading edge of the discipline contribute in depth chapters on both the foundational ideas and the latest research Comprehensive and detailed this magisterial Handbook overviews the last 25 years of the social anthropological imagination It will speak to scholars in Social Anthropology and its many related disciplines Images Of Japanese Society Hb Ross Mouer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence A Companion to the Anthropology of Japan Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country Educational Assortative Mating in Japan Fumiya Uchikoshi, James M. Raymo, 2021-09-06 This book represents a first attempt to comprehensively discuss and investigate causes and potential implications of changing patterns of spouse pairing in Japan and to consider similarities and differences with patterns observed in the USA and other low fertility Western societies In this book research on educational assortative mating in Japan is summarized and updated This book contributes to research on the demography of contemporary Japan by overviewing theoretical and empirical linkages between marriage behavior and processes of social and economic stratification It also extends the large body of research on assortative mating and stratification by incorporating insights from the understudied context of Japan The authors draw upon multiple data sources both survey and administrative data to update and extend previous research on who marries whom in Japan The wide range of consequences considered includes income inequality the intergenerational transmission of advantage and disadvantage marriage and fertility timing lifelong

singlehood childlessness and the family roles of husbands and wives Throughout the manuscript Japan is considered in comparative perspective by employing the large USA and international literatures on assortative mating

*An Introduction to Japanese Society* Yoshio Sugimoto, 2014-09-24 Now in its fourth edition *An Introduction to Japanese Society* remains essential reading for students of Japanese society Internationally renowned scholar Yoshio Sugimoto uses both English and Japanese sources to update and expand upon his original narrative in this sophisticated yet highly readable text This book explores the breadth and diversity of Japanese society with chapters covering class geographical and generational variation work education gender minorities popular culture and the establishment Updates include an exploration of the Cool Japan phenomenon and the explosion of Japanese culture overseas This edition also features the latest research into Japanese society updated statistical data and coverage of recent events including the 2011 earthquake and tsunami and the change in government Written in a clear and engaging style *An Introduction to Japanese Society* provides an insight into all aspects of a diverse and ever evolving contemporary Japan

**Interpreting Japan** Brian McVeigh, 2014-07-11 Written by an experienced teacher and scholar this book offers university students a handy how to guide for interpreting Japanese society and conducting their own research Stressing the importance of an interdisciplinary approach Brian McVeigh lays out practical and understandable research approaches in a systematic fashion to demonstrate how with the right conceptual tools and enough bibliographical sources Japanese society can be productively analyzed from a distance In concise chapters these approaches are applied to a whole range of topics from the aesthetics of street culture the philosophical import of sci fi anime how the state distributes wealth welfare policies the impact of official policies on gender relations updated spiritual traditions why manners are so important kinship structures corporate culture class schooling self presentation visual culture to the subtleties of Japanese grammar Examples from popular culture daily life and historical events are used to illustrate and highlight the color dynamism and diversity of Japanese society Designed for both beginning and more advanced students this book is intended not just for Japanese studies but for cross cultural comparison and to demonstrate how social scientists craft their scholarship

*Aspects of Social Change in Modern Japan* Ronald Philip Dore, 2015-03-08 This is an examination of the consequences of Japan's rapid industrialization upon interpersonal relations Based upon current theories of Western experiences with modernization these studies show that the Eastern changes do not conform to Western patterns Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Re-reading the Salaryman in Japan** Romit Dasgupta, 2013 This book uses the figure of the salaryman to explore masculinity in Japan by examining the salaryman as a gendered

construct and is one of the first to focus on the men within Japanese corporate culture through a gendered lens Not only does this add to the emerging literature on masculinity in Japan but given the important role Japanese corporate culture has played in Japan's emergence as an industrial power Romit Dasgupta's research offers a new way of looking both at Japanese business culture and more generally at important changes in Japanese society in recent years *Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Olschleger*. Josef Kreiner, Ulrich Mèohwald, Hans Dieter

Ölschleger, 2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization

Japan's New Inequality Yoshimichi Satō, Jun Imai, 2011 After the collapse of Japan's bubble economy in the late 1980s a wide range of neo liberal reforms were introduced which dramatically affected the nature of the labor market These reforms expanded and consolidated a two tier market widening the gap between those who benefit from the company citizenship of regular long term secure employment conditions and those who are increasingly disadvantaged by reduced income and security in the peripheral non regular system of casual and short term employment The contributions in this volume use the 2005 Social Stratification and Mobility SSM survey data to analyze the effects of Japanese labor market reforms on social mobility social welfare company citizenship incomes as well as the policy implications for homelessness Series Social Stratification and Inequality The volume makes a timely contribution in the context of extensive public debate in the media and recent academic works about the widening gap between rich and poor and about the consequences of that gap for individuals and the society as a whole The book is a valuable addition to the field and complements recent publications on social inequality and is significant in two major ways The first is that going beyond quantitative changes in social inequality it illuminates and convincingly argues for qualitative changes in social inequality This is insightful It advances our understanding of patterns of inequality since we have long seen debates on increasing inequality in income and life chances and in terms of the working poor and new poverty The second significance is the authors insistence that institutions rather than individual attributes guide social inequality Institutions set boundaries to and guide family and individual decision and actions which have resulted in the qualitative changes in social inequality in the last three decades *Journal of Japanese Studies* Vol 40 No 1 2014

Recognizing the mannerism ways to acquire this books **Social Mobility In Contemporary Japan Edition** is additionally useful. You have remained in right site to start getting this info. get the Social Mobility In Contemporary Japan Edition associate that we allow here and check out the link.

You could purchase guide Social Mobility In Contemporary Japan Edition or acquire it as soon as feasible. ### **Social Mobility In Contemporary Japan Edition Introduction**

Social Mobility In Contemporary Japan Edition Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Social Mobility In Contemporary Japan Edition Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Social Mobility In Contemporary Japan Edition : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Social Mobility In Contemporary Japan Edition : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Social Mobility In Contemporary Japan Edition Offers a diverse range of free eBooks across various genres. Social Mobility In Contemporary Japan Edition Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Social Mobility In Contemporary Japan Edition Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Social Mobility In Contemporary Japan Edition, especially related to Social Mobility In Contemporary Japan Edition, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Social Mobility In Contemporary Japan Edition, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Social Mobility In Contemporary Japan Edition books or magazines might include. Look for these in online stores or libraries. Remember that while Social Mobility In Contemporary Japan Edition, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Social Mobility In Contemporary Japan Edition eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short

stories for free on their websites. While this might not be the Social Mobility In Contemporary Japan Edition full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Social Mobility In Contemporary Japan Edition eBooks, including some popular titles.

### FAQs About Social Mobility In Contemporary Japan Edition Books

**What is a Social Mobility In Contemporary Japan Edition PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Social Mobility In Contemporary Japan Edition PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Social Mobility In Contemporary Japan Edition PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Social Mobility In Contemporary Japan Edition PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Social Mobility In Contemporary Japan Edition PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or

may not be legal depending on the circumstances and local laws.
