

# Social Problems Of Modern Britain

**Helen Meller**

## **Social Problems Of Modern Britain:**

**Social Problems of Modern Britain** Eric Butterworth, David Weir, 1972 Compilation of readings on social problems in the UK includes articles on population environment family problems health education crime race relations labour relations freedom of speech etc References and statistical tables Churches and Social Issues in Twentieth-century Britain G. I. T. Machin, 1998 During this century the Christian Churches of Britain have lost support and influence to the extent that their future is considered by some observers to be problematic They have also been confronted with an unprecedented concentration of social changes some of which have challenged central religious traditions and teachings This multi denominational study is the first to investigate these changes public and private across virtually the entire Christian spectrum Professor Machin shows that while there are examples of growing division between Churches over some social issues the more general response has been one of differences within Churches This fascinating and broad ranging study will be invaluable to all those interested in the Churches response to the social and moral challenges of twentieth century Britain

**Modern Britain Third Edition** Edward Royle, 2016-05-16 Praise for the first edition Royle calls on an impressive range of materials supported by an excellent bibliography to offer a judicious review of most of the issues currently confronted by social historians His agenda contains both traditional and novel elements all are presented with admirable clarity and balance A volume which shows an astonishing command of such a wide range of material will long prove essential reading Times Literary Supplement This popular work provides an in depth historical background to issues of contemporary concern tracing developments over the past two and a half centuries It promotes accessibility by adopting a thematic approach with each theme treated chronologically Major themes are chosen partly by their importance to an understanding of the past and partly by their relevance to students of contemporary Britain rather than by imposing current fashions in historical study on the past Thoroughly revised the third edition of Modern Britain reviews and brings up to date the content to take account of developments since 1997 and reconsiders emphases and interpretations in light of more recent scholarship It incorporates new currents in historical writing on matters such as the language of class the position of women and the revolution worked by the Internet and mobile technologies Modern Britain is vital reading for students of history and the social and political sciences Modern Britain Jan Erik Mustad, 2012 **Literature and Culture in Modern Britain: Volume Three** Clive Bloom, Gary Day, 2014-06-11 British culture has changed almost beyond recognition since 1956 Angry young men have been displaced by Yuppies Elvis by the Spice Girls and meat and two veg by continental cuisine What is more as the death of Diana Princess of Wales showed the British are now more famous for a trembling lower lip than a stiff upper one This volume the last in the series examines the transformations in literature and culture over the last forty years An introductory essay provides a context for the following chapters by arguing that although there have been significant changes in British life there are also profound continuities It also discusses the rise of theory and its impact on the humanities Each essay in the

volume concentrates on a facet of British culture over the last half century from painting to poetry from the seriousness of the novel to the postmodern ironies of the computing age What we get from this selection is not only an informed history of the relations between literature and culture but also a lively sense of cultural change not least of which is the new found relationship between literature and other arts which ushers us into the new millennium

**Towns, Plans and Society in Modern Britain** Helen Meller, 1997-08-07 In this concise survey Helen Meller aims to explore the interaction of the social and physical environment of cities All modern societies have experienced mass urbanisation and have been subject to the economic social and technological forces which have produced this urbanisation Yet all towns and cities are not the same The author points out that historical and cultural factors have played and are still playing an important part in shaping responses to these forces This becomes even more clearly evident when the urban environment becomes subject to planning Urban regeneration has facilitated not just an improvement in the physical environment of cities but in their economic and social fortunes as well This study is an accessible analysis of the way in which social cultural and physical factors have created the quality of life in British cities over the past two centuries

*A Bibliography of British Industrial Relations 1971-1979* George Sayers Bain, J. D. Bennett, 1985-12-05 The bibliography contains references to literature on British industrial relations published in the years 1971 to 1979 inclusive It includes books periodical articles theses government publications pamphlets and any other relevant publications As well as general material on industrial relations the bibliography includes material on employee attitudes and behaviour employee organisation employers and their organisation collective bargaining industrial conflict industrial democracy the labour market training employment unemployment labour mobility pay conditions and the role of the state in industrial relations It is cross referenced and has an author index It is a supplement to the volume compiled by George Bain and Gillian Woolven published by the Press in 1979 and for the years since 1980 is itself updated by annual articles in the British Journal of Industrial Relations The material is arranged by subject and chronologically within that framework

**The Victorian Social-Problem Novel** Josephine M. Guy, 1996-09-18 This book describes various accounts of the Victorian social problem novel examining their strengths and limitations in the light of the historiographical assumptions which underlie them An alternative historical account is offered which focuses on the novels intellectual milieu specifically on mid Victorian concepts of the social and of what was understood by the term social problem In detailed readings of individual works the book argues that an appreciation of these concepts permits new ways of understanding the contradictions identified in these works together with their apparently conservative politics

**The Language of Progressive Politics in Modern Britain** Emily Robinson, 2017-02-09 This book traces the word progressive through modern British history from the Enlightenment to Brexit It explores the shifting meanings of this term and the contradictory political projects to which it has been attached It also places this political language in its cultural context asking how it relates to ideas about progressive social development progressive business and progressive rock music Progressive is often

associated with a centre left political tradition but this book shows that this was only ever one use of the term and one that was heavily contested even from its inception The power of the term progressive is that it appears to anticipate the future This can be politically and culturally valuable but it is also dangerous The suggestion that there is only one way forward has led to fear and doubt anger and apathy even amongst those who would like to consider themselves progressive people

**Crowds, Community and Contagion in Contemporary Britain** Sarah Lowndes, 2022-09-30 Crowds Community and Contagion in Contemporary Britain presents the COVID 19 pandemic as an opportunity to re assess the neoliberal politics xenophobia and racism that have undermined community cohesion in the United Kingdom since 1979 and which have continued largely unchecked through the last four decades Guided by three interconnected ideas used throughout to scrutinise the meaning of culture as a way of life Welsh cultural theorist Raymond Williams structure of feeling Jamaican British sociologist Stuart Hall s conception of the conjuncture and Belgian political philosopher Chantal Mouffe s agonistic pluralism Sarah Lowndes finds that a renewed sense of mutual regard and collective responsibility are necessary to meet the unprecedented challenges of the COVID 19 pandemic She begins by reflecting on public gatherings in Britain from 1945 to 2019 moving on to analyse five key examples of public gatherings affected by the pandemic in 2020 onwards Chinese New Year the UEFA Champions League Final VE Day street parties Black Lives Matter demonstrations and the cancellation of Eid ul Adha celebrations A thorough examination of how ideas proliferate and spread through our society public sphere and collective consciousness this book will appeal to scholars and upper level students of cultural studies cultural history sociology and politics

**Modern British Women Writers** Vicki K. Janik, Del Ivan Janik, 2002-11-30 The 20th century witnessed several major cultural movements including modernism anti modernism and postmodernism These and other means of understanding and perceiving the world shaped the literature of that era and with the rise of feminism resulted in a particularly rich body of literature by women writers This reference includes alphabetically arranged entries on 58 British women writers of the 20th century Some of these writers were born in England while others such as Katherine Mansfield and Doris Lessing came from countries of the former Empire or Commonwealth The volume also includes entries for women of color such as Kamala Markandaya and Buchi Emecheta Each entry is written by an expert contributor and includes an overview of the writer s background an analysis of her works an assessment of her achievements and lists of primary and secondary sources The volume closes with a selected general bibliography

**The Making of Consumer Culture in Modern Britain** Peter Gurney, 2017-05-18 CHOICE OUTSTANDING ACADEMIC TITLE AWARD WINNER 2018 It is commonly accepted that the consumer is now centre stage in modern Britain rather than the worker or producer Consumer choice is widely regarded as the major source of self definition and identity rather than productive activity Politicians vie with each other to fashion their appeal to citizen consumers When and how did these profound changes occur Which historical alternatives were pushed to the margins in the process In what ways did the everyday consumer practices and

forms of consumer organising adopted by both middle and working class men and women shape the outcomes This study of the making of consumer culture in Britain since 1800 explores these questions introduces students to major debates and cuts a distinctive path through this vibrant field It suggests that the consumer culture that emerged during this period was shaped as much by political relationships as it was by economic and social factors Pat Barker John Brannigan,2005 This book offers readings of Barker s innovations in narrative form her revisionist perspectives on history class and gender and her preoccupation with themes of trauma haunting and terror It also analyzes the reasons for her success and significance as a novelist The chapters draw on contemporary theories of critical realism gender and social identities memory and narrative in order to outline the debates with which Barker s work has consistently engaged Contemporary Britain John Oakland,2002-05-03 Contemporary Britain is the latest book from the bestselling author of British Civilization and American Civilization It is a wide ranging collection of sources concerning every important aspect of life in Britain today from national identity to moral panics and offers an accurate snapshot of life in Britain at the beginning of the twenty first century Topics covered include Britain s role in world affairs British national identity constitutional reform within Britain social institutions including the NHS political parties Morality and religion Lively and accessible Contemporary Britain is the essential companion for anyone studying current British civilization **The Cambridge Introduction to Modern British Fiction, 1950-2000** Dominic Head,2002-03-07 In this introduction to post war fiction in Britain Dominic Head shows how the novel yields a special insight into the important areas of social and cultural history in the second half of the twentieth century Head s study is the most exhaustive survey of post war British fiction available It includes chapters on the state and the novel class and social change gender and sexual identity national identity and multiculturalism Throughout Head places novels in their social and historical context He highlights the emergence and prominence of particular genres and links these developments to the wider cultural context He also provides provocative readings of important individual novelists particularly those who remain staple reference points in the study of the subject Accessible wide ranging and designed specifically for use on courses this is the most current introduction to the subject available An invaluable resource for students and teachers alike

*The Cambridge Companion to Modern British Women Playwrights* Elaine Aston,Janelle Reinelt,2000-05-25 This Companion first published in 2000 addresses the work of women playwrights in Britain throughout the twentieth century The chapters explore the historical and theatrical contexts in which women have written for the theatre and examine the work of individual playwrights A chronological section on playwriting from the 1920s to the 1970s is followed by chapters which raise issues of nationality and identity Later sections question accepted notions of the canon and include chapters on non mainstream writing including black and lesbian performance Each section is introduced by the editors who provide a narrative overview of a century of women s drama and a thorough chronology of playwriting set in political context The collection includes essays on the individual writers Caryl Churchill Sarah Daniels Pam Gems and Timberlake Wertenbaker as

well as extensive documentation of contemporary playwriting in Wales Scotland and Northern Ireland including figures such as Liz Lochhead and Anne Devlin

**Poverty in Britain, 1900-1965** Ian Gazeley, 2017-03-14 How was poverty measured and defined and how has this influenced our judgement of the change in poverty in Britain during the first sixty years of the twentieth century During this period a large number of poverty surveys were carried out the methods of which altered after World War II Commencing with Rowntree's social survey of York in 1899 and ending with Abel Smith and Townsend's Poor and the Poorest in 1965 Ian Gazeley shows how the means of evaluation and the causes of poverty changed Poverty in Britain 1900 1965 Offers a comprehensive empirical assessment of all published poverty and nutritional enquiries in this era Reports the results of recent re examinations of many of the more famous social surveys that took place Considers the results of these surveys within the context of changing real incomes the occupational structure and social provision Evaluates the extent to which the reduction in poverty was due to the actions of the State or to increases in real income including more continuous income from fuller employment Detailed yet easy to follow Ian Gazeley's book is an indispensable guide to the changing face of poverty in Britain during the first six decades of the last century

**Contemporary Britain** John McCormick, 2023-02-09 The fallout from Brexit and Covid 19 ongoing political turmoil economic decline and calls for a second Scottish independence referendum make for deeply uncertain times in contemporary Britain What will the country look like in five years from now Will it even exist in its present form Introducing you to all aspects of British history geography society politics economy and culture this book guides you through the country's enduring features and recent trends Growing racial religious national and cultural diversity Demographic shifts including the move from a welfare state to a stakeholder society The altered balance of power among government institutions as the UK adapts to life outside the EU Shifts in economic policy following the impact of Brexit Covid 19 and the war in Ukraine Changing voter attitudes with questions raised about the balance between the major political parties The impact of social media and alternative communications channels on media culture and politics With key data further reading suggestions and case studies on topics such as attitudes towards the monarchy regional inequalities and national cuisine Contemporary Britain is the ideal introduction for students and interested general readers alike

**Redefining Politics** Adrian Leftwich, 2013-04-15 This book challenges conventional conceptions of politics which focus largely on the institutions of government and the associated struggles for power around them It argues that politics is involved in all the activities of cooperation and conflict whereby people organize the use production and distribution of human natural and material resources Found in all human groups institutions and societies politics everywhere influences and reflects the structures of power social organization culture and ideology These central themes are illustrated by drawing on a wide range of societies including the Kung hunter gatherers the pre Columbian Aztecs and the Pastoral Maasai as well as modern Britain and Third World societies from Chile to China Other examples of village communities a typical university department and the World Bank show how institutions may also be analyzed in terms of the definition of politics used here It

is equally central to the argument that many of the most critical problems occurring in societies can be attributed to their politics and this theme is explored looking at such problems as poverty famines epidemics violence and unemployment in Britain and throughout the world      **Modern British Drama: The Twentieth Century** Christopher Innes, 2002-11-28
