Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion Albert John Walford,Marilyn Mullan,Priscilla Schlicke,Library Association,1999 A revised and updated guide to reference material It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area be it journal article CD ROM on line database bibliography encyclopaedia monograph or directory It features full critical annotations and reviewers comments and comprehensive author title and subject indexes The contents include philosophy and psychology religion social sciences sociology statistics politics economics labour and employment land and property business organizations finance and banking and economic surveys economic policies and controls trade and commerce business and management and law public administration social services and welfare education customs and traditions geography biography and history *Talking Politics* Kum-Kum Bhavnani,1991-06-06 Originally published in 1991 this study examines the views of politics presented by young people in contemporary Britain Bhavnani argues that previous studies of youth and youth culture were limited by too great a reliance on simple survey techniques and by lack of attention to conceptions of politics amongst young people and to politics as a series of lived relationships rather than a set of external objects Instead she uses ethnographic approaches and open response interviewing within the broad theoretical framework of social representations The political is taken to refer to the ways in which people regulate and attempt to regulate with a view to challenging unequal social relationships Within this the specific issues examined are employment unemployment youth training schemes democracy and voting racism and marriage Bhavnani s analysis organised by themes such as disposable income and social and personal control tackles questions of power in the research process and a notion of discursive configurations as distinct from social representations *Walford's Guide to Reference Material: Science and technology* Albert John Walford,Library Association,1999 A revised and updated guide to reference material It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area be it journal article CD ROM on line database bibliography encyclopaedia monograph or directory It features full critical annotations and reviewers comments and comprehensive author title and subject indexes The contents include mathematics astronomy and surveying physics chemistry earth sciences palaeontology anthropology biology natural history botany zoology patents and interventions medicine engineering transport vehicles agriculture and livestock household management communication chemical industry manufactures industries trades and crafts and the building industry **Cast Out of Eden** Robert Aquinas McNally,2024-05 John Muir is widely and rightly lauded as the nature mystic who added wilderness to the United States vision of itself largely through the system of national parks and wild areas his writings and public advocacy helped create That vision however came at a cost the conquest and dispossession of the tribal peoples who had inhabited and managed

those same lands in many cases for millennia Muir argued for the preservation of wild sanctuaries that would offer spiritual enlightenment to the conquerors not to the conquered Indigenous peoples who had once lived there Somehow he wrote they seemed to have no right place in the landscape Cast Out of Eden tells this neglected part of Muir's story from Lowland Scotland and the Wisconsin frontier to the Sierra Nevada's granite heights and Alaska's glacial fjords and his take on the tribal nations he encountered and embrace of an ethos that forced those tribes from their homelands Although Muir questioned and worked against Euro Americans distrust of wild spaces and deep seated desire to tame and exploit them his view excluded Native Americans as fallen peoples who stained the wilderness's pristine sanctity Fortunately in a transformation that a resurrected and updated Muir might approve this long standing injustice is beginning to be undone as Indigenous nations and the federal government work together to ensure that quintessentially American lands from Bears Ears to Yosemite serve all Americans equally **Federal Register**, 2013-06 [From Superman to Social Realism](#) Helle Strandgaard Jensen, 2017-03-31 Can children's media be a source of education and empowerment Or is the commercial media market a threat to their sense of social and democratic values Such questions about the appropriateness of children's media consumption have recurred in public debates throughout the twentieth century From Superman to Social Realism provides an exciting new approach to the study of children's media and childhood history drawing on theories of cross media consumption and transnational history Based on extensive Scandinavian source material it explores public debates about children's media between 1945 and 1985 Readers are taken on a fascinating journey through debates about superheroes in the 1950s politicization of children's media in the 1960s and about television and social realism in the 1980s Arguments are firmly contextualized in Scandinavian childhood and welfare state history an approach that demonstrates why professional and political groups have perceived children's media as the key to the enculturation of future generations **Canadiana**, 1991 **Concealed Weapon Laws of the Early Republic** Clayton E. Cramer, 1999-08-30 Cramer's work examines the motivations and legislative history behind the nation's first laws regulating the carrying of concealed deadly weapons and establishes a previously unexplored link between these laws and efforts to suppress dueling in the southern back country Earlier attempts to analyze these laws focused upon efforts to maintain slavery by severely restricting the rights of free blacks if free blacks could not possess arms and lacked other basic rights slaves would be less inclined to seek their freedom Cramer rejects such thinking by demonstrating that the concealed weapon laws of the early republic were not racially motivated He further supports the work of other scholars who have lately examined the role of Scots Irish immigrants in creating a distinctive southern back country culture of honor violence including dueling and brawling It was the attempt to control such violence Cramer argues that led to the concealed weapons laws Thus rather than considering gun control laws primarily as legal or constitutional history this study starts from a cultural and historical viewpoint Southern state legislatures sought to improve the morals of their back country population through increasingly severe punishments for

dueling When judges and juries regularly refused to convict duelists these legislatures created extrajudicial punishments by requiring elected and appointed officials as well as lawyers to swear oaths of non participation in dueling Young men obsessed with honor and reluctant to perjure themselves for fear of damaging their public reputation soon took to carrying Bowie knives and handguns with which to kill those who insulted them a perfectly honorable action to much of the population The state legislatures then severely regulated carrying of concealed deadly weapons in the hope of suppressing the bloody results of what had been until then an accepted practice
