## **Social Support And Health An Annotated Bibliography:**

Social Support and Health ,1987 Contains 1247 entries to miscellaneous literature Not restricted to specific disciplines intended for interested personnel in all areas Also includes some foreign languages Classified arrangement Entries give bibliographical information and annotations Author subject indexes Social Networks and Mental Health David E. Biegel, Ellen McCardle, Susan Mendelson, 1985-02 1340 entries to serial and monographic publications dealing in a primary way with the subject Databases used were MEDLINE ERIC NCMHI and PSYCHOINFO Classified arrangement Each entry gives bibliographical information and brief annotation Author subject indexes **Social Networks and Mental Health** David E. Biegel, 1985 This bibliography contains 1 340 annotated citations covering the period January to December 1982 It is designed for researchers practitioners policy makers and graduate students interested in social networks and mental health Approximately half of the citations resulted from a computerized literature search of four major data bases The remaining citations were developed through a painstaking examination of the bibliographies of books chapters and special issues of journals two unpublished bibliographies and the senior author s personal collection of material **Journal of Human Services Abstracts** ,1983 **Mental Illnesses** Luciano LaBate, 2012-01-13 In the book Mental Illnesses Evaluation Treatments and Implications attention is focused on background factors underlying mental illness It is crucial that mental illness be evaluated thoroughly if we want to understand its nature predict its long term outcome and treat it with specific rather than generic treatment such as pharmacotherapy for instance Additionally community wide and cognitive behavioral approaches need to be combined to decrease the severity of symptoms of mental illness Unfortunately those who should profit the most by combination of treatments often times refuse treatment or show poor adherence to treatment maintenance Most importantly what are the implications of the above for the mental health community Mental illness cannot be treated with one single form of treatment Combined individual community and socially oriented treatments including recent distance writing technologies will hopefully allow a more integrated approach to decrease mental illness world wide

Clinical Sociology Review David J. Kallen, 1989 Social Support Networks David E. Biegel, 1989-01-10 Among the significant trends in human services during the 1980s has been the emergence of emphasis on social networks and social supports in research prevention and treatment efforts Today s human service professionals and planners routinely incorporate information about social networks and social supports into assessments and interventions for a wide range of individual and community problems Social Support Networks is the most comprehensive up to date bibliography yet published on the theory research and practical application of social support networks Containing approximately 2 700 references it offers detailed listings for journal articles books book chapters and published reports which appeared from 1983 to 1987 In recent years social support networks have become a focus for research and scholarship in anthropology epidemiology nursing psychiatry psychology public health social work and sociology The literature represented in this

bibliography includes a focus on theory research practice and policy drawn from these as well as other disciplines As such the volume lends itself to the transfer of ideas and practice across various branches of the social support intervention field particularly addressing the requirements of practitioners who may feel they have become limited in their response to social problems by relying on their agencies traditional ways of meeting client needs The bibliography is divided into five major headings Overview and Theory Research Physical Health Research Mental Health Intervention and Professional Roles and Policy and all entries are consecutively numbered to aid cross referencing by the Author and Subject Indexes To further facilitate cross referencing many Subject Index terms also have sub indices This important reference tool will be welcomed by service providers and planners in gerontology nursing psychiatry psychology public health social work sociology anthropology and urban affairs

Personal Coping Bruce N. Carpenter, 1992-10-13 This volume presents current models of coping describes the coping process and relates that process to environmental factors person variables and desirable outcomes Unlike most treatments of coping which are organized around stress this volume emphasizes features of the coping process that have broad relevance across many potential stressors Although each model in the book tends to emphasize different aspects of coping the organization around models gives each chapter a theoretical focus which will be attractive to researchers and to those applying current research to applied problems such as interventions The most obvious audience is made up of researchers and scholars in the broad area of stress and coping With the emerging emphasis within applied programs on more common psychological and health problems coping theory is well suited to train students in the principles and issues relevant to everyday problems and functioning This volume is well suited to assist in such training
