Social Work Practice In Mental Health:

Social Work Practice in Mental Health Abraham Francis, Paula La Rosa, Lakshmi Sankaran, S.P. Rajeev, 2014-11-27

This book represents the sharing of knowledge and experiences that is cross cultural cross disciplinary and across countries. It aims bringing to the social work practitioner a wealth of understanding about situations practices and cultures that could not possibly have been experienced first hand about mental health. The book provides cross cultural perspectives on recovery strengths based practice mindfulness disaster mental health community mental health and other related aspects. These contributions from across the world from different cultures and from vastly different experiences are a celebration of the global practice of social work. The series of chapters in this book makes a contribution to a deeper understanding of various facets of social work in mental health. The complexities elucidated here can be addressed by embracing the power of teamwork the power of visionary leadership and the power of reflexivity. The book offers an opportunity for practitioners to explore all these in detail.

Social Work Practice in Mental Health Robert Bland, 2010-10. Mental health problems are ubiquitous in contemporary society. All social workers whether in specialist or generalist settings need specific knowledge skills and values to work effectively with people with mental health problems. *Social Work Practice in Mental Health* emphasises the importance of appreciating the lived experience of mental illness and of establishing partnerships based on incorporating a consumer perspective into all mental health work. It also emphasises the healing potential in relationships between consumers carers and service providers. This is a thorough introduction to social work practice in specialist mental health settings as well as in other fields of practice in the community. It provides a knowledge base for practice with people with the most commonly encountered mental health problems. It offers a practical guide to assessment case management family work community work and the application of the principles of partnership to work with individuals and their families as well as multidisciplinary teams and agencies.
