The Literary History of Alberta Volume Two George Melnyk,1998 In this the companion to the landmark volume The Literary History of Alberta Volume One From Writing on Stone to World War Two George Melnyk examines Alberta literature in the second half of the twentieth century At last Melnyk argues Alberta writers have found their voice and their accomplishments have been remarkable The contradictory landscape the stereotypes of the Indian the Mountie and the Cowboy and the language of the Other speaking from the margins these elements all left their impressions on the consciousness of early Alberta But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source the symbolic communication of Writing on Stone The Literary History of Alberta Volume Two extends the study of Alberta s cultural history to the present day It is a vital text for anyone interested in Alberta s vibrant literary culture      State of Struggle Lois Harder,2003-07-04

State of Struggle offers a unique perspective on Alberta s recent political history Viewed through the lens of feminist and anti feminist efforts to gain political legitimacy the book observes the consequences of Alberta s oil and gas economy and the province s peripheral location from the locus of Canadian political decision making on the effectiveness of feminist efforts to both challenge and contribute to provincial governance The book traces the dynamic interaction between the development of second wave feminist organizing and the shift from Alberta s peculiar variant of a welfare state to its neoliberal form Using archival data from feminist organizations and various provincial government departments as well as interviews with activists policy makers and politicians the book s chronologically organized chapters offer a series of rich tales illuminating the transformations within both the feminist movement and the Alberta state from the election of Lougheed s Conservatives through Ralph Klein s second term of office It is a kind of we laughed we cried drama composed of dialogues of the deaf strategic missteps organizational cunning and occasional policy change that is sure to leave readers shaking their heads in amusement disbelief or outrage

**Keeping the Dream Alive** Dan Azoulay, 1997-07-30 Azoulay delineates the central themes and determining factors of the party s development during the 1950s and early 1960s The CCF NDP had to contend with not only a booming postwar economy and a very popular premier but also a Cold War induced phobia toward the Left and serious intraparty divisions Despite this the party slowly recovered led by a core of dedicated activists and employing an array of strategies including the much publicized transformation of the CCF into the NDP in the early 1960s The author counters allegations that the CCF NDP opportunistically abandoned its essential qualities such as its socialist ideology or democratic structure for the sake of electoral gain and that organized labour played a leading role in the party in these years contributing to the dilution of the movement Although the party sought new alliances among the province s less privileged groups especially organized labour it did so cautiously and even hesitantly always conscious of the need to preserve its basic identity

*The Global Politics of Poverty in Canada* Will Langford, 2021-01-16 In the 1960s and 1970s in the midst of the Cold War and an international decolonization movement development advocates believed that poverty could be ended at home and abroad The Global Politics of Poverty in Canada explores the relationship between poverty democracy and development during this remarkable period Will Langford analyzes three Canadian development programs that unfolded on

local regional and international scales He reveals the interconnections of anti poverty activism carried out by the Company of Young Canadians among Métis in northern Alberta and francophones in Montreal by the Cape Breton Development Corporation and by Canadian University Service Overseas in Tanzania In dialogue with the New Left liberal reformers committed to development programs they believed would empower the poor to confront their own poverty and thereby foster a more meaningful democracy However democracy and development proved to be fundamentally contested and development programs stopped short of amending capitalist social relations and the inequalities they engendered *The Global Politics of Poverty in Canada* explores how Canadians engaged in informal and formal politics in the course of their everyday lives locally and transnationally Langford provides an enduring record of otherwise fleeting anti poverty programs and their effects the lived activism and opinions of development workers and ordinary people
