John Bull's Other Island and Major Barbara: also How He Lied to Her Husband Bernard Shaw,1921

Three Plays by Brieux Eugène Brieux,2021-05-19 Eug ne Brieux s Three Plays by Brieux is a poignant exploration of social issues through the lens of drama reflecting the cultural anxieties of late 19th and early 20th century France The collection features plays such as The Simons Damaged Goods and The Trust each revealing the complexity of human relationships against the backdrop of moral dilemmas hidden desires and societal constraints Brieux s modernist style combines naturalistic dialogue with an incisive examination of themes like sexuality marital fidelity and the burdens of societal expectations positioning him as a precursor to the subsequent waves of realist and feminist theatre As a playwright deeply influenced by both the prevailing norms and the burgeoning individualism of his era Brieux s own experiences engender a fierce commitment to social reform His career which blossomed in a time of burgeoning technological advancements and shifting moral landscapes reveals his empathy for those marginalized by society His works often challenge the status quo advocating for greater female autonomy and addressing the taboo subjects of his day making his voice an essential one in the canon of French theatre Three Plays by Brieux is highly recommended for readers interested in the intersection of drama and social commentary It invites audiences to engage with critical societal issues while enjoying the aesthetic pleasure of expertly crafted theatre Brieux s insightful storytelling and complex characters will resonate with any reader seeking to reconcile historical context with contemporary relevance

Socialism and

Superior Brains: The Political Thought of George Bernard Shaw Gareth Griffith,2002-09-11 Available in paperback for

the first time Gareth Griffith's book provides a comprehensive critical account of the political ideas of one of the most influential commentators of the twentieth century. With close reference to a range of Shaw's texts from the Fabian tracts to the plays, Gareth Griffith draws out the central theoretical messages of Shaw's engagement with politics. The first part of the book provides an intellectual biography while at the same time analysing Shaw's key concerns in relation to his Fabianism, arguments for equality of income and ideas on democracy and education. Part Two looks at those areas which Shaw approached as long-standing historical problems or dramas requiring immediate thought or action: sexual equality, the Irish question, war, fascism and sovietism. The book is directed to the general reader as well as to specialists. It will be central reading for anyone seeking to understand Shaw's life and literary and political writings or the development of political thinking in this century or the problems and potential inherent in socialism.
