American Socialist Ryan C. McIlhenny, 2025-02-20 Ryan C. McIlhenny's *American Socialist* is the first comprehensive biography of Laurence Gronlund 1844-1899, one of the nation's most persuasive proponents of socialism. Gronlund cultivated a unique polemic against capitalism by advocating positions that synthesized Marxism with Darwinian evolution, rejected class violence, and emphasized cooperation over competition. According to McIlhenny, a belief in a divine force advancing history toward a cooperative commonwealth underpinned his philosophy. Gronlund's books enjoyed a wide and dogmatic readership during the late nineteenth century, and his teachings inspired prominent Gilded Age figures including Edward Bellamy, Leo Tolstoy, and Eugene V. Debs. *American Socialist* masterfully restores Gronlund to his place among the nation's most important political thinkers. *A Constitution for the Socialist Commonwealth of Great Britain* Sidney Webb, Beatrice Webb, 1920 *Daily Report, Foreign Radio Broadcasts* United States. Central Intelligence Agency, 1962 *Balkan Studies*, 1965 **Soviet International Law and the World Economic Order** Kazimierz Grzybowski, 1987 The author, a preeminent authority in the field of Soviet international law, here undertakes a policy-oriented approach to the study of international law. **Economics Library Selections**, 1964 **Trade Relations Between the EEC and COMECON** Wayne Winston Sharp, 1968 **Christian Socialism as Political Ideology** Anthony A.J. Williams, 2020-11-12 In this book, Anthony Williams investigates the history of Christian Socialist thought in Britain from the late nineteenth to mid-twentieth century. Through analysis of the writings of ten key Christian Socialists from the period, Williams reframes the ideology of Christian Socialism as a coherent and influential body of political thought, moving the study of Christian Socialism away from historical narratives and towards political ideology. The book sheds new light on a key period in British political development, in particular demonstrating how the growth of the Christian Socialist movement exercised a profound impact on the formation of the British Labour party, which would go on to radically change 20th-century politics in Britain. *Constitutions of Nations* Amos Jenkins Peaslee, 1974 **INTERNATIONAL STATUS** Albania is a member of the United Nations. December 14, 1955 It is a member of other international organizations. It was a member of the League of Nations. Albania became independent on November 28, 1912, after centuries of Ottoman domination. Its existence was recognized internationally after the First Balkan War on July 28, 1913, and an international control commission drew up a constitution in 1914 providing for a monarchy with a National Assembly, most of whose members were elected by the people. ⁴ Albania Although a neutral state, Albania became involved in the First World War, after which, in January 1920, the Albanian chiefs drew up a new constitution providing for a monarchy. In 1925, Albania was proclaimed a republic, and a new constitution based on the United States constitution was promulgated. In 1928, the President became King, and a new constitution followed. On April 7, 1939, Italy occupied Albania and imposed a constitution providing that Albania was a monarchy under the House of Savoy. On April 6, 1941, martial law was proclaimed throughout the country. After the Italian capitulation in 1943, Albania was occupied by
