

# Socialization

- The process by which humans become self-aware and knowledgeable about the culture in which they were born.
- Social reproduction is the process by which societies have structural continuity over time through continual socialization.
- Children learn through their elders which perpetuates and continues the values, norms and social practices of the older generation. This causes social behavior changes in society to be very gradual generally.

**They Make Themselves** Jane Fajans, 1997-08-04 For generations of anthropologists the Baining people have presented a challenge because of their apparent lack of cultural or social structure This group of small scale horticulturists seems devoid of the complex belief systems and social practices that characterize other traditional peoples of Papua New Guinea Their daily existence is mundane and repetitive in the extreme articulated by only the most elementary familial relationships and social connections The routine of everyday life however is occasionally punctuated by stunningly beautiful festivals of masked dancers which the Baining call play and to which they attribute no symbolic significance In a new work sure to evoke considerable repercussions and debate in anthropological theory Jane Fajans courageously takes on the Baining Problem arguing that the Baining define themselves not through intricate cosmologies or social networks but through the meanings generated by their own productive and reproductive work

**Sourcebook of Family Theories and Methods** Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspec tive

on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production Review of Marketing 1981 Ben M. Enis, Kenneth J. Roering, 2012-03-15 *Harnessing Knowledge Dynamics: Principled Organizational Knowing & Learning* Nissen, Mark E., 2005-11-30 This book provides 30 principles on which to base the most important decisions and actions in an organization pertaining to knowledge management Provided by publisher **Family Careers** Joan Aldous, 1996-02-05 Family Careers makes use of the developmental approach to studying families in order to present a clear up to date account of the changes in families from the time they are formed until they are dissolved Particular emphasis is given to the influence of social contexts on patterns of family interaction over time and the family as a social context within which individual members develop A coherent and manageable presentation of systems theory informs the argument and the inherent limitations of the developmental perspective are recognized
