First published in 1967 Guy Debord s stinging revolutionary critique of contemporary society The Society of the Spectacle has since acquired a cult status Credited by many as being the inspiration for the ideas generated by the events of May 1968 in France Debord s pitiless attack on commodity fetishism and its incrustation in the practices of everyday life continues to btirn brightly in today s age of satellite television and the soundbite In Comments on the Society of the Spectacle published twenty years later Debord returned to the themes of his previous analysis and demonstrated how they were all the more relevant in a period when the integrated spectacle was dominant Resolutely refusing to be reconciled to the system Debord trenchantly slices through the doxa and mystification offered tip by journalists and pundits to show how aspects of reality as diverse as terrorism and the environment the Mafia and the media were caught in the logic of the spectacular society Pointing the finger clearly at those who benefit from the logic of domination Debord s Comments convey the revolutionary impulse at the heart of situationism *Society of the Spectacle* Guy Debord,1987 [Society of the Spectacle](#) Guy

The specialists of the cinema said that its revolutionary politics were bad the politicians among all the left wing illusionists said that it was bad cinema But when one is at once a revolutionary and a filmmaker one may easily demonstrate that their general bitterness derives from the obvious fact that the film in question is the exact critique of the society which they do not know how to combat and a first example of the cinema which they do not know how to make Guy Debord on his film Society Of The Spectacle Presented for the first time in English this volume includes the full texts of Debord s first 5 films with an introduction explaining amongst other things why Debord is determined that the films should never again be shown

On the Actuality of Guy Debord's book "The Society of the Spectacle" from 1967** Alexander Potako,2019-07-02 Essay from the year 2016 in the subject English Language and Literature Studies Literature grade A Colorado State University language English abstract This work aims to analyse Guy Debord s book The Society of the Spectacle and the actuality of the indications given in that book Even though it is not quite a widespread attitude fulfilled in practice analysing whether certain theoretical legacy of the past could be regarded as appropriate and valuable to the contemporary times is without any doubt appears to be a procedure that might provide one with productive outcomes As far as Guy Debord is concerned in particular his ideas definitely refer to a potential list of conceptions that need to be reconsidered today This assumption could be explained at least by the fact that his basic positions presented in the well recognized book The Society of the Spectacle 1967 obtain both critical and appreciative perceptions which in fact are going to be discussed further Nevertheless it could be easily suggested that Debord s statements are still relevant to the contemporary context when technologies that constitute specificity of media are significantly advanced While some of his theses could be used while describing practices people apply to while using social media others eloquently represent a range of aspects that are crucial to analysis as an instance of celebrity culture That is why it is important to state that the profound indications of Guy Debord articulated back in 1967 preserve their actuality
