Society's Victim The Policeman An Analysis Of Job Stress In Policing

Rick Crandall

Society's Victim The Policeman An Analysis Of Job Stress In Policing:

Society's Victim-the Policeman William H. Kroes,1972 **Society's Victims, the Police** William H. Kroes,1985

Oversight Hearing on the Fair Labor Standards Act United States. Congress. House. Committee on Economic and Educational Opportunities. Subcommittee on Workforce Protections,1997 **Stress Inside Police Departments** Jon Shane,2019-12-06 This book offers researchers police practitioners and policymakers a platform for organizational reform and an understanding of how the police organization creates stress which contributes to reduced officer performance This book based on an in depth study exploring the relationship between perceived organizational stressors and police performance indicates which features of the police organization generate the most stress affecting performance and provides a model of organizational stress that applies to police agencies While much stress research portrays the operation of policing as the greatest source of contention among officers this research shows the ever present rigid hierarchical design of the police agency to be contributing factor of stress that affects performance Ideal for scholars police personnel and policymakers who are interested in how the police organization contributes to lower officer performance this book has implications for policing agencies in the United States and worldwide Traumatic Stress in Police Officers Douglas Paton,2009 The objective of this book is to demonstrate how adopting a career perspective can provide a more comprehensive conceptualization of traumatic stress processes as they apply to police officers and agencies and provide a framework that can be used to guide research and intervention agenda in ways that reflect the changes that can occur over the course of a police career that can span decades The book examines the nature and effectiveness of the police role in dealing with adverse events as they unfold within a career perspective It begins with pre employment experiences and their implications for operational well being and concludes with a discussion of the implications of a police career for disengagement or retirement from this role It draws upon empirical research to provide an evidence based approach to traumatic stress risk management and well being in contemporary policing Based on state of the art research the book provides a framework that police agencies can use to develop their officers and their organizations in ways that enhance their capability to confront an increasingly uncertain future in ways that maximize the interests of front line policing Areas of discussion include incorporation of police trauma into a life career course perspective changing context and nature of police work recruitment selection and socialization in the context of critical incident and terrorist work changing gender balance training in uncertain times managing risk and vulnerability organizational context family dynamics inter and intraorganizational teams health and mental health consequences of long term exposure to hazards and disengagement and retirement The text will be of significant interest to police organizations and agencies whose officers face a high risk of experiencing disaster and traumatic stress law enforcement managerial and supervisory personnel human resource and health and safety professionals and mental health professionals and consultants The text will also be relevant to those

researching traumatic stress disaster stress and emergency management as well as other protective services **Policing in Modern Society** Bruce L. Berg, 1999 Draws upon the use of contemporary examples taken from movies television and the print media this instructors guide includes chapter outlines chapter objectives summaries of chapters key terms from chapters a test bank consisting of the following types of questions choice true and false matching and discussion **Police Behavior, Hiring, and Crime Fighting** John A. Eterno, Ben Stickle, Diana Scharff Peterson, Dilip K. Das, 2021-09-27 This edited collection by internationally recognized authors provides essays on police behavior in the categories of police administration police operations and combating specific crimes Individual chapters strike at critical issues for police today such as maintaining the well being of officers handling stress hiring practices child sexual exploitation gunrunning crime prevention strategies police legitimacy and much more Understanding how police are hired and behave is a way of understanding different governments around the world The book will cover the practices of countries as diverse as China Germany India Japan Turkey South Africa the United States and others Readers will be exposed to aspects of police that are rarely if ever explored The book is intended for a wide range of audiences including law enforcement and community leaders and students of criminal justice **Police and Policing** Dennis Kenney, Robert Hartmann McNamara, 1999-03-30 Since the publication of the first edition of Police and Policing in 1989 the amount of research being conducted on the police as well as public interest in the issues concerning the role of law enforcement has grown considerably This second complementary edition examines new issues and changes in law enforcement since 1989 drawing from the most recent and creative research projects in the field Some of the country s leading experts discuss their findings on topics such as officer fatigue collaborative problem solving tactical patrol suicide the role of religion in law enforcement affirmative action and psychological testing This edited collection will prove to be an invaluable resource for students scholars and practitioners alike **Trauma and Resilience in Contemporary Australian Policing** Andrew Paterson, 2021-08-18 This book examines how fifty police officers in South Australia keep well and bounce back from duty related traumatic experience in the absence of practical accessible and timely organisational support It investigates mechanisms police officers presently use to normalise their duty related traumatic experiences to preserve the delicate professional balance between coping and psychic numbing and avoid the much publicised perils of a PTSD diagnosis while being appropriately responsive to colleagues victims and survivors in their daily work environment By revealing how police officers manage trauma outside of the expectations of mental health professionals union representatives and police leadership innovative approaches and recommendations are offered to support first responders in moving from assumptions of post traumatic stress and through post traumatic growth The book considers recent advances in post traumatic growth and resilience theory and reinterprets exposure in a positive context as well as preventative experiences in Australia and internationally *Police Psychology Into the 21st Century* Martin I. Kurke, Ellen M. Scrivner, 2013-04-15 As we approach the 21st century there is a discernable shift in policing from an incident driven

perspective to a proactive problem solving stance often described as community policing In this volume a panel of 21 psychologists examine the changing directions in policing and how such changes impact on psychological service delivery and operational support to law enforcement agencies The book describes existing and emerging means of providing psychological support to the law enforcement community in response to police needs to accommodate new technology community oriented problem solving technology crime prevention and sensitivity to community social changes Senior psychologists who are sworn officers federal agents and civilian employees of federal state and local law enforcement agencies comprise the team of chapter authors Their perspectives encompass their collective experience in the trenches and in law enforcement management and administrative support roles They discuss traditional applications of psychology to police selection training and promotion processes and in trauma stress management and evaluation of fitness for duty Concerns related to police diversity and police family issues are also addressed as are unique aspects of police stress management Additional chapters are dedicated to establishing psychological service functions that currently are less familiar to police agencies than they are to other government and private sector service recipients These chapters are devoted to police psychologists as human resource professionals as human factors experts in accommodating to new technology and to new legal requirements as organizational behavioral experts and as strategic planners This text is recommended reading for two groups police and public safety administrators whose work takes them or should take them into contact with police psychologists practicing and would be police psychologists concerned with the emerging trends in the application of psychology to police and other public safety programs

Current Perspectives in Forensic Psychology and Criminal Behavior Curt R. Bartol, Anne M. Bartol, 2014-11-04 Featuring thirty articles by experts in the field this dynamic reader in forensic psychology and criminology emphasizes the ways that forensic psychologists and other clinicians apply psychological knowledge concepts and principles on a day to day basis Current Perspectives in Forensic Psychology and Criminal Behavior represents cutting edge research and theory to demonstrate the ways that psychology has contributed to the understanding of criminal behavior and policies of the criminal and civil justice systems The Fourth Edition addresses key topics in each of five major subareas police and public safety psychology legal psychology the psychology of crime and delinquency victimology and victim services and correctional psychology An introductory section includes two articles focused on graduate education in forensic psychology Each section is introduced with a commentary by the editors

Policing In America Larry K. Gaines, Victor E. Kappeler, 2010-04-07 This comprehensive text provides an overview of law enforcement topics integrating major empirical findings and theory based research findings in the field with a thorough analysis of contemporary policing problems The issues oriented discussion focuses on critical concerns facing American police including personnel systems organization and management operations discretion use of force culture and behavior ethics and deviance civil liability and police community relations A critical assessment of police history and the role politics played in the

development of American police institutions is offered Globalization terrorism and homeland security are addressed Video links provide additional coverage of topics discussed in the text Now in full color with color photographs and illustrations Video links provide additional coverage of topics discussed in the text Key concepts internet links charts and tables support the text throughout Includes a glossary

Occupational Stress Rick Crandall,2020-10-28 Bringing together renowned scholars this handbook contains innovative current empirical and theoretical research in the area of job stress The workplace is one of the major sources of stress in an individual s life Placing this important topic in the context of a transactional process this work is intended to be of use to practitioners working in clinical organisational family and health psychology mental health substance abuse the military and with families and women Chapters are arranged in five parts the first considering theoretical approaches with an introductory article by Professor Emeritus Richard S Lazarus Next is an examination of various model testing formats followed by a section on occupational stress research and coping mechanisms Fourth is a collection of articles on the subject of burnout and the book closes with two distinct interventions directed at stress reduction

The Psychological Effects of Police Work Philip Bonifacio,2013-11-21 SOME DISCLAIMERS It is somewhat unusual to begin a book by declaring what it is not but the topic of police behavior is so complex that it requires the writer to state as early as possible the limits of what he has written here to describe and explain a police officer s experience In order for the reader to get a clear idea of what areas of police behavior are to be described it is necessary to delineate those aspects of police behavior that are beyond the scope of this book First of all this book is about the psychological effects of police work on policemen male police officers Nearly all of the police officers with whom I have worked have been men so my impressions and opinions are based on the experiences of male police officers Consequently descriptions and explanations of the motivations anxieties psychological defenses and resultant behavior of police officers must be limited to policemen I believe that there are significant differences in the psychological effects of police work on men and women but this book does not address this issue

Psychological Services for Law Enforcement James T. Reese,Harvey Alan Goldstein,1986

Arrest Decisions Edith Linn,2009 Samuel Richardson s New Nation focuses on four novels taking new and varied approaches in analyzing the construct of native English virtue and the role of the domestic sphere within eighteenth century England Ewha Chung not only examines Richardson s use of such themes but also links the novels to historical developments that inevitably heightened the sense of English superiority so crucial to the age of imperialism The powerful influence of Richardson s literary nationalism inspired eighteenth century readers in England and Europe This work investigates the phenomenal investment in Richardson s characters and demonstrates beyond question the far reaching impact of his work

Domestic Violence by Police Officers ,2000 Police Officer Retirement R. A. Raub,1987

Handbook of Stress, 2nd Ed Leo Goldberger,Shlomo Breznitz,2010-06-15 Presenting authoritative up to date information in convenient handbook form this premier reference covers an extensive range of current topics on the

causes symptoms and treatments of stress In this second edition new chapters have been added on crime victimization sexual abuse multiple roles gender and distress AIDS chronic illness aging the burnout phenomenon psychosomatic disorders biomedical indices of stress and more New research has been added dealing with personality emotion and stress cognitive processes depression bereavement work stress post traumatic stress response alcoholism stress management and more

Handbook of Occupational Health and Wellness Robert J. Gatchel, Izabela Z. Schultz, 2012-12-21 This book integrates the growing clinical research evidence related to the emerging transdisciplinary field of occupational health and wellness It includes a wide range of important topics ranging from current conceptual approaches to health and wellness in the workplace to common problems in the workplace such as presenteeism absenteeism common illnesses job related burnout to prevention and intervention methods It consists of five major parts Part I Introduction and Overviews provides an overview and critical evaluation of the emerging conceptual models that are currently driving the clinical research and practices in the field This serves as the initial platform to help better understand the subsequent topics to be discussed Part II Major Occupational Symptoms and Disorders exposes the reader to the types of critical occupational health risks that have been well documented as well as the financial and productivity losses associated with them In Part III Evaluation of Occupational Causes and Risks to Workers Health a comprehensive evaluation of these risks and causes of such occupational health threats is provided This leads to Part IV Prevention and Intervention Methods which delineates methods to prevent or intervene with these potential occupational health issues Part V Research Evaluation Diversity and Practice concludes the book with the review of epidemiological measurement diversity policy and practice issues with guidelines on changes that are needed to decrease the economic and health care impact of illnesses in the workplace and recommendations for future All chapters provide a balance among theoretical models current best practice guidelines and evidence based documentation of such models and guidelines The contributors were carefully selected for their unique knowledge as well as their ability to meaningfully present this information in a comprehensive manner As such this Handbook is of great interest and use to health care and rehabilitation professionals management and human resource personnel researchers and academicians alike
