

REAL CULTURE VS. IDEAL CULTURE

REAL CULTURE

Real culture refers to the actual values, beliefs, practices, and norms that exist in a society at any given time. It reveals the imperfections and inconsistencies in a society rather than an idealized version of culture that is often imagined in fictional texts or political campaigns.

IDEAL CULTURE

Ideal culture is a set of values and practices that a culture aims to achieve. It paints a picture of the best version of a particular society. Max Weber defines ideal culture as: "an imaginary construct that serves as an ideal for the assessment of actual culture" (1922)
