Sociology And Ideology International Studies In Sociology And Social Anthropology:

Islam, Orientalism and Intellectual History Mohammad R. Salama, 2011-03-30 Debates on the relationship between Islam and the West rage on from talk of clashing civilizations to political pacification from ethical and historical perspectives to distrust xenophobia and fear Here Mohammad Salama argues that the events of 9 11 force us to engage ourselves fully without preconditions in understanding not just the history of Islam as a religion but of Islam as a historical condition that has existed in relationship to the West since the seventh century Salama compares the Arab Islamic and European traditions of historical thought since the early modern period focusing on the watershed moments that informed the two traditions ideas of intellectual history and perceptions of one another He draws attention to European intellectual history's entangled links with the Islamic philosophy of history especially the complexities of orientalism and modernity Recent critical reflections on the work of Ibn Khald n confirm this intertwined and troubled relationship reflecting major disparities and contradictions At the same time recent Arab writings on Europe's intellectual history reveal a struggle against erasure and intellectual superiority Calling for a new understanding of the relationship between Islam and the West Salama argues that Islam has played a major role in enabling and positioning various paths of Western historiography at crucial moments of its development leaving palpable imprints on Islamic historiography in the process He proposes an answer to a fundamental question how to make sense of the mechanics of production in Arab Islamic and Western historiographies or how to identify the ways in which they have both failed to make sense of themselves and of each other in an increasingly disenchanted postnationalist world Spanning an impressive array of recent writings on these themes as well as older foundational texts in both traditions including al Tabar Ibn Khald n Hegel al Jabart Toynbee Foucault Edward Said and Hourani this book is both timely and crucial for all those interested in Islamic and Middle Eastern studies Western and Islamic philosophies of history modernity and the relationship between Islam and the West

International Studies in Sociology and Social Anthropology ,1980 *The Fall of Constantinople to the Ottomans* Michael Angold, 2014-06-11 The fall of Constantinople to the Ottomans in 1453 marked the end of a thousand years of the Christian Roman Empire Thereafter world civilisation began a process of radical change The West came to identify itself as Europe the Russians were set on the path of autocracy the Ottomans were transformed into a world power while the Greeks were left exiles in their own land The loss of Constantinople created a void How that void was to be filled is the subject of this book Michael Angold examines the context of late Byzantine civilisation and the cultural negotiation which allowed the city of Constantinople to survive for so long in the face of Ottoman power He shows how the devastating impact of its fall lay at the centre of a series of interlocking historical patterns which marked this time of decisive change for the late medieval world This concise and original study will be essential reading for students and scholars of Byzantine and late medieval history as well as anyone with an interest in this significant turning point in world history

New Directions in Quantitative Comparative Sociology ,2021-10-18 The

comparative method is at the core of sociological inquiry and gained new importance emphasis and practitioners particularly after the second world war as a consequence of a large variety of international and global scale developments The contributions to this book regard nations or countries as contextual units of analysis and treat them as variables Theoretical explanations are presented of how social phenomena are systematically related to characteristics of the nation states and these explanations are tested empirically using the qualitative tools of mainstream sociology The chapters in this book can be useful to a broad audience and a range of social scientists who are interested in the understanding of contemporary social phenomena that are no longer limited to national borders but that are transnational or of a global order Contributors are Toril Aalberg Wil Arts Carole B Burgoyne Loek Halman Piet Hermkens Guillermina Jasso Mebs Kanji James R Kluegel Ola Listhaug David S Mason Petr Mat ju Neil Nevitte Thorleif Pettersson David A Routh Svetlana Sidorenko Stephenson Johan Verweij Bernd Wegener and Peter Van Wijck

Liberal Democracy and Its Critics in Africa Tukumbi Lumumba-Kasonga, 2013-07-04 Democratic institutional forms and processes are increasingly widespread in Africa as dictatorial regimes have been forced to give way as a result of popular mobilization and external donor pressure However the premises of the African scholars whose empirical research and analytical explorations are included in this volume are that democratic form and democratic substance are two different things Western derived institutional forms are neither necessarily the most appropriate nor the most practical in the current African context and rooting democratic norms in the political cultures of African polities raises socio cultural issues with which political scientists must engage This book explores various critical questions in the context of particular elections and particular countries as diverse as Ghana Nigeria Kenya the Congo Cameroon and the Central African Republic They include the continuing impact of police state apparatuses following democratic transition factors influencing African voters attitudes and behaviour the impact of incumbency on electoral competition women s electoral participation the phenomenon of often very limited party programmatic choice in the context of huge social diversity and multi party competition and the controversial issues around the transplantation of liberal democratic institutions Underlying these issues is the fundamental question of whether democratic processes as currently practised in Africa are really making any significant difference to the African struggle for economic social and cultural progress This volume is valuable for the original perspectives of its African contributors the issues it explores and the concrete democratic experiences it analyses and the challenges it makes to the existing concepts paradigms and practices of liberal democracy

Comparative Sociological Research in the 1960s and 1970s Armer, Marsh, 2022-03-28

Religion and Political Power Gustavo Benavides, M. W. Daly, 1989-07-28 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in

several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group's attempt to acquire maintain or expand political power

Cross-National Perspectives: United States and Canada
(=IJCS XVIII, 1-2) Presthus,2022-07-04 **Social Theory and Education Research** Mark Murphy,2013-03-21 Although education researchers have drawn on the work of a wide diversity of theorists a number of these have been of particular significance to education While the likes of Karl Marx Antonio Gramsci John Dewey and Paulo Freire influenced previous generations of educational theorists much of the more contemporary theory building has revolved around a U.S. Democracy in Danger Adebowale Akande,2023-10-19 Historically Donald Trump will be remembered as the first American president to be impeached twice and indicted He fed the grotesque myth that the election was stolen and summoned his supporters to storm Congress on 6 January 2021 in a bid to thwart the certification of Joe Biden's U S presidential election victory This volume vividly recounts the dramatic narrative of the January 6 Coup in America and how close we came to losing U S democracy For anyone seeking a comprehensive and multidisciplinary global overview of democracy an astute analysis of the forces that drive the dominance of the neo liberal paradigm of the last decades should look no further than this volume Yet the volume takes the issue further by vigorously documenting the decline of the U S treaty process America's dysfunctional diplomacy and the doctrine of unpredictability There is an urgent need for a massive infusion of strategic support for democracy in the United States Because come 2024 or thereafter an unfinished work might drag American democracy to a dangerous inflection point Trump who has a complete hold on the Republican party still has a stranglehold on the MAGA base no matter what he does was instrumental to the breaking of U S diplomacy Undermining the democratic legitimacy of International Law adversely affected U S foreign policy Some federal and lower courts in the judiciary of the United States pose a real threat to Americans democracy as well To that end when the principle of truth loses its relevance and meaning as benchmarks for appraisals and decisions and becomes a harmful tool for willful propaganda Everybody should be worried about U S democracy A real crisis is coming U S Democracy is at a breaking point Like a giant modern mirror standing behind democracy itself this book is a citizen's guide to saving U S Democracy Expertly drawn on global and regional examples and current literature the volume closes a gap in the multidisciplinary field Quite useful as a valuable resource as it helps us understand the shifting Trump agenda in diverse areas Essential reference across a range of subjects bringing together contributions from scholars and policymakers alike This extraordinarily well researched and practically crafted culture inclusive text could not be more relevant or timelier It is a must for everyone This volume will help to shape the political landscape of the 21st century and will remain a vital source of inspiration for modern day scholars and political activists

Persistent Pastoralists Peter Rigby,1985 Social and cultural anthropology case study Maasai nomadic ethnic group

social change Tanzania social structure community relations traditional culture value system religious practice livestock herding family structure theoretical implications of nomadism Bibliography photographs **Bibliographie Internationale D'anthropologie Sociale Et Culturelle 1993** ,1994 This bibliography lists the most important works published in anthropology in 1993 Renowned for its international coverage and rigorous selection procedures IBSS provides reserchers and librarians with the most comprehensive and scholarly bibliographic service available in the social sciences IBSS is compiled by the British Library of Political and Economic Science at the London School of Economics one of the world s leading social science institutions Published annually IBSS is available in four subject areas anthropology economics political science and sociology The Palgrave Handbook of Social Movements, Revolution, and Social Transformation Berch Berberoglu,2018-09-26 This handbook on social movements revolution and social transformation analyzes people s struggles to bring about social change in the age of globalization It examines the origins nature dynamics and challenges of such movements as they aim to change dominant social economic and political institutions and structures across the globe Departing from a theoretical introduction that explores major classical and contemporary theories of social movements and transformation the contributions collected here use a class based approach to examine key cases of social movements rebellions and revolutions worldwide from the turn of the twentieth to the early twenty first centuries Against this wide ranging background the handbook concludes by charting the varied and competing future developments and trajectories of social movements revolutions and social transformations Overlooking Nazareth Dan Rabinowitz,1997-01-16 A sophisticated and engaging ethnographic account of the Palestinian citizens of Israel and the first since the 1970s Overlooking Nazareth examines specific situations of friction conflict and co operation in Natzerat Illit This Israeli new town is built on formerly Palestinian land just outside the biblical town of Nazareth and has a population of 25 000 Jewish Israelis and 3 500 Palestinians Dr Rabinowitz has written widely on the current political situation in Israel and has conducted extensive fieldwork in Galilee and he describes his study as a guided walk along a border a sketch of interfaces where the complex often paradoxical aspects of the border situation are negotiated and acted out most vividly He highlights the extent to which anti Palestinian sentiments for which the town is known actually reflect widespread views of most Israelis This is a major contribution to our understanding of the confrontation between Israelis and Palestinians It offers powerful critique of reflexive anthropology and offers fresh insights into notions of ethnicity and identity nationalism and liberalism *Social Memory among the Literati of Yehud* Ehud Ben Zvi,2019-07-22 Ehud Ben Zvi has been at the forefront of exploring how the study of social memory contributes to our understanding of the intellectual worldof the literati of the early Second Temple period and their textual repertoire Many of his studies on the matter and several new relevant works are here collected together providing a very useful resource for furthering research and teaching in this area The essays included here address inter alia prophets as sites of memory kings as sites memory Jerusalem as a site of memory a mnemonic system shaped by

two interacting national histories matters of identity and othering as framed and explored via memories mnemonic metanarratives making sense of the past and serving various didactic purposes and their problems memories of past and futures events shared by the literati issues of gender constructions and memory memories understood by the group as counterfactual and their importance and in multiple ways how and why shared memories served as a safe playground for exploring multiple central ideological issues within the group and of generative grammars governing systemic preferences and dis preferences for particular memories

Through a Glass, Darkly Wil Arts, 2000-01-12 In today s European arts and sciences most of the time we see not only other but also our own cultural traditions and the different forms of modernity like a dim image in a mirror And the future of our own and other cultures seems to be shrouded in mystery because our gift of knowledge and inspired messages are only partial The question this book addresses is whether it is possible to get an almost face to face intimacy with various forms of cultural tradition and modernity by using our experiences and our powers of imagination i e our expectations in a more fruitful way The contributors to this book try to give answers to this weighty question by taking as a guideline Erasmus s famous motto *ad fontes* i e always go to the sources Without however nursing the illusion that our partial knowledge will ever be complete Is there they ask a real chasm between the modern West and the traditional East as so many authors have argued And if so how deep is the chasm and how is it to be bridged How much do people in the West know about their own cultural tradition and the modern times they live in How much do they know of the traditions and the modernities of the East and how much do they need to know in order to cope with what the future will probably bring Are our images of cultural tradition and modernity in East and West in Past and Present so blurred that we look at them as through a glass darkly What the contributors to this book argue for is the necessity of looking at developments both in East and West both in Past and Present from a wider perspective of taking a global point of departure They argue for greater understanding and communication between cultures for cultural pluralism as distinct from cultural relativism They argue for the open tolerant non dogmatic and critical thought that was the most important characteristic of Erasmus s philosophy The chapters in this book can be useful to a broad audience and a range of social scientists and historians who are interested in the understanding of the relation between Past and Present Tradition and Modernity East and West

The Democratic Imagination Ray C. Rist, 2015-12-31 This festschrift celebrates the accomplishments of renowned social scientist Irving Louis Horowitz as he turned sixty five Since Horowitz s views were global and his discourse was never restricted to national boundaries the volume includes contributions from across the globe Collectively the book represents a personal as well as an intellectual statement from the contributors as each one was a friend and colleague of Horowitz The life span of Horowitz s ideas stretches across boundaries many which are focused on in *The Democratic Imagination* The twenty seven essays address Horowitz s work ideas and influence Horowitz was well known for his analysis of the situation in Cuba disarray in American sociology the impacts of technology on the publishing industry and policy

making in the post Cold War era Contributions also take note of Horowitz's involvement in diverse areas his work with Robert Kennedy Radio Marti the United States General Accounting Office and his efforts on behalf of the freedom of the press In a final section Horowitz responds to each of the contributors This work celebrating one of the most esteemed social scientists of the twentieth century acknowledges his manifold contributions to the multiple areas in which he worked

Urban Africa Abdou Maligalim Simone, Abdelghani Abouhane, 2005-05 Including case studies from Dakar Addis Ababa Cape Town Kisangani Jos Zaria Cairo and Marrakesh this text presents the complex social dynamics of human survival in African cities today

Globalization and the Evolving World Society, 2021-11-01 The societies of the present world are experiencing many turbulent changes New forces of change and modernization are driving people business and cultures across borders The world has become a home to a new generation of homo sapiens who are curious about others but at the same time cherish to preserve their own cultures What is the nature of this evolving world society Is the world driving toward a new global civilization an end of history or an inevitable civilizational clash The present volume has brought together leading scholars in the field to examine the concept of globalization deliberate on the character of its multifaceted nature and expressions and delineate its impact on the emerging world economy politics culture and science A number of substantive issues such as the emergence of new global economic inequality culture and the role of the trans nationals nature of the emerging global environmental regimes rise of the NICs and the conflicting role of the nation states in the face of the advancing forces of globalization are addressed It is contended that globalization should be perceived neither as an unbounded economic progress nor as an expansion of western domination Globalization is rather defined as a new development strategy a process of change that can be planned guided and controlled For national political and business leaders of the world the volume provides a blueprint of the emerging areas of policy concerns and guidance For the world of social science it presents a road map of the emerging intellectual issues and challenges Contributors are Alessandro Bonanno Stephen W K Chiu Douglas Constance Richard J Estes R Scott Frey Archibald O Haller George A Miller Proshanta K Nandi Winifred R Poster J Timmons Roberts Shahid M Shahidullah Bam Dev Sharda and Alvin Y So

Ethnicity and Nationalism Smith, 2021-11-01 With the resurgence of ethnic nationalism in Eastern Europe and the Soviet Union the need to bring the study of ethnicity and nationalism more closely together has become even plainer The views expressed here represent several of the main lines of enquiry in the current study of ethnicity and nationalism Contents Anthony D Smith Ethnicity and Nationalism James Mayall and Mark Simpson Ethnicity is not Enough Reflections on Protracted Secessionism in the Third World Sammy Smooha and Theodor Hanf The Diverse Modes of Conflict Regulation in Deeply Divided Societies Walker Connor The Nation and its Myth Anthony D Smith Nationalism and the Historians Sylvia Walby Women and Nation John Hutchinson Moral Innovators and the Politics of Regeneration the Distinctive Role of Cultural Nationalists in Nation Building Donald L Horowitz Irredentas and Secessions Adjacent Phenomena Neglected Connections

Sociology And Ideology International Studies In Sociology And Social Anthropology: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Sociology And Ideology International Studies In Sociology And Social Anthropology : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sociology And Ideology International Studies In Sociology And Social Anthropology : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
